

Dr. Robert Malone Talks about Information Warfare Against Truth Tellers

Robert Wallace Malone is an American virologist and immunologist. He is the inventor of mRNA technology. During the COVID-19 pandemic, Malone has shown COVID-19 vaccines to be ineffective and dangerous.

This is a talk by Dr. Malone transcribed by me from a YouTube video below the text. It will probably get zapped from YouTube sooner or later, but this text will remain.

It's been a series of epiphanies that have made me realize that there's no upside to just being circumspect and trying to be a nice guy in this environment. This is full-on media warfare, information warfare, political warfare, 21st century, like we've never seen before, and coordinated globally.

The other thing for me has been the personal journey of coming to terms with what the World Economic Forum really represents. And I really resisted that people initially, were coming to me talking about the Great Reset, and I was like, "Ah, this crazy talk." But then it's all documented! And then you see it being deployed. Here it is. They're proud of it. They don't hide it. This is the vision. It is a full on globalist totalitarian vision, with the money in control.

And I did a lot of political science when I was an undergraduate in the early 80s. And I had read things like books about transnationalism and the New World Order. I've found that fascinating, but confused, how could this possibly happen? And now to see it playing out in real-time, and in a way in which national sovereignty governments are increasingly irrelevant. You know, that's the thing that folks got to wake up about.

This is not about the vaccine. The vaccine is a symptom. That's a really hopeful message going into the new year, is that there's a growing cohort of people that are increasingly aware of how thoroughly we've been manipulated.

I thought I was red-pilled. You know, I've been on the inside for so long and

seen Tony Fauci's machinations for so long. That's my origin story, was the initial AIDS crisis starting in 83. When I was at Davis (a university in Davis California). So I saw the hardball politics. It's not that I haven't been aware of that. But I had not been aware before of the information control that is globally coordinated. I mean the [Trusted News Initiative](#) is profound. What that means that has become the Ministry of Truth (Reference to George Orwell's classic novel (Nineteen Eighty-Four)). And what Twitter's doing right now, that I think, with [Alex Berenson's bold and brave lawsuit](#), taking on Twitter, and then I've had a bunch of lawyers come to me because of getting de-platformed or canceled I think is really the right term.

Certainly, people can't deny it anymore. There's so much evidence. And the CNN ratings keep slipping, yay! Maybe we're gonna see some change in 2022. There is a kind of a growing movement and awareness that part of the problem here is the structure of how we have been building our organizations in doing business in a deep, profound way. And just dissatisfaction with what one sees at the World Health Organization and the CDC, and the whole HHS structure in the United States where you have carefully controlled information, only one leader is allowed to speak, only one leader is allowed to represent the position, I think that is gonna turn out to be one of the changes here is a growing awareness that that model is dysfunctional, broken, and it needs to be fixed.

For me, it has been an awakening journey, there's no question. I didn't seek this and never expected it. I find myself at the center of this storm of the resistance. That's what it is really. And I'm still amazed. But it has profoundly changed my view of the information that we receive.

You talk about me becoming more outspoken. I've seen that with my peers too. So for instance, (Dr.) Peter McCullough, he's kind of chilled out a little bit. But when you're attacked all the time. And you have all of this weaponized information against you and no respect... I mean, I'm Mr. Malone, you know, who claims to have invented... I mean, all this language, classic yellow journalism language to have it all deployed against me in absolutely no respect for what I actually did. They never cite all the patents. I mean, they just gloss over all that.

This is asymmetric warfare. We're basically in a guerrilla warfare situation and we got to play it smart. Because what I'm seeing is the other side is generally not very smart. They have a big hammer. They've got all kinds of resources, but they don't seem to be very bright.

I don't know what's going to happen in 2022. But there are some encouraging signs. You know, I try really hard to look for the silver lining and things and if this whole trauma that we've been through nationally and globally, leads to an awareness of how interconnected we are, and the need for healing and the need for community and the importance of integrity, and the importance of human dignity. That's kind of the perhaps naive pollyannish hopeful position in response to the Great Reset, is people use the term the Great Awakening.

“Medical Experts Are Being Systematically Silenced” – Dr. Robert Malone

What we're experiencing is a coordinated media warfare, the level of which we have never seen before. And I in my peers have never seen this level of coordinated propaganda.

“Our government is out of control.” – Dr. Robert Malone

Dr. Robert Malone, co-inventor of the mRNA technology explains how ten's of thousands of physicians & scientists are being canceled simply for questioning the official Covid-19 narrative. The text of the video is below in case YouTube removes the video.

Our government is out of control. And they are lawless. They completely disregard bioethics. They completely disregard the federal common rule. They have broken all the rules that I know of, that I've been trained on for years and years and years. These mandates are explicitly inconsistent with the

Nuremberg Code. They're explicitly inconsistent with [the Belmont Report](#). They are flat-out illegal and they don't care. When you see this kind of decoupling of public policy from logic, then it causes thinking people to say "what the hell's going on here?" And then we go down the rabbit hole is that this? that? or the other thing?

One of the things in that spectrum of what's going on is that the emergency use authorizations are predicated on policy determinations that we're in a state of emergency. Those are now two years old. They're expiring. I'm not saying this is what's going on in their head. But there is another perverse incentive here to amplify the fear porn. And to amplify, if you buy into the hypothesis, that for some reason, there are incentives for the government to maintain the state of emergency, that is one explanation, given that those declarations are expiring, and will have to be re-implemented. Because if they're not, then all of this emergency use authorization vanishes like dust.

It's hard for me to reconcile the behavior of the government and its public health decisions with the data. Is it incompetence? Or is there some ulterior political motive? Or are they just dumb, stupid?

We're in an environment in which truth and consequences are fungible. This is modern media management and warfare. The truth is what those that are managing the trusted news initiative, say it is. In my case, I'm the president of the International Alliance of physicians and scientists. We're over 16,000 people from all over the world, physicians, and scientists. And you can find our website at globalCOVIDsummit.org. We are gobsmacked about what's going on. And we are shut down, censored, demeaned – fill in the blank – all over the world. And they're taking our licenses because we are speaking about these matters.

And you can label me however you want to label me. I don't care. I've done what I've done in my career. I'm at a stage at 62 years old. I've got a farm. It's almost paid off. I raise horses. I love my wife. You know, I've been married a long time. My kids are both married. I got grandkids, man. Oh, I don't need this. There's this claim. I'm doing all this because I seek attention. Trust me. This is not a fun thing to be doing at this stage.

Physicians at [FLCCC](#) (Front Line COVID-19 Critical Care Alliance) in senior positions, Peter McCullough, people at the culmination of exceptional careers, Paul Merrick, an exceptional physician by any standards, run out of his hospital, demeaned, destroyed, actively attacked, trying to take his license. People are losing faith in the whole system. They're losing faith in the scientific enterprise. They're losing faith in our government.

I like to say when I give rallies, do you remember back a couple of years ago, when you felt sorry for the people in the People's Republic of China because their internet was filtered? They weren't allowed free speech. Their government told him what to do and think. Now, here we are.

And the next thing that we all feel sorry about is the social credit system.

Wake up, folks.

The Global Elite Using Mass Formation Psychosis to Mislead the Public About Covid-19 and Vaccinations

This is an excerpt of Joe Rogan interviewing Dr. Robert Malone, an American virologist and immunologist. He is the inventor of mRNA technology used in Pfizer and Moderna vaccines. He has since taken a stance that the vaccines will actually make COVID-19 infections worse and is warning people against them! Expect to find a lot of negative stuff about this man if you search for him on Google. The main tool the enemy uses to discredit the message is to discredit the messenger.

In this talk, Dr. Malone identifies a tool used by governments throughout history called Mass Formation Psychosis. Hitler used it to vilify the Jews for Germany's problems. Lenin and Stalin used it to murder Christians and everyone who opposed them in their regimes. Mao used it during the Cultural Revolution to stir up university students to work for him and purge out anyone who opposed the revolution. Is the world in the midst of mass formation psychosis right now over how to treat a disease that the vast majority of the people who get it survive from? My wife Tess got Covid while she was in the Philippines and got well. She now has natural immunity far better than any vaccine can give her!

Dr. Robert Malone: How does this happen? How do we have this emergent phenomenon? The "how question," right? And you know, behind the "how question" is the "why question" the how question of a third of the population basically being hypnotized and totally wrapped up in whatever Tony Fauci and the mainstream media feeds them, whatever CNN tells them is true.

Let me illustrate that. The other day, I was looking through New York Times' recent articles about Omicron and pediatrics in preparation for this and for making some slideshows. And I saw this headline in the New York Times. The text and the title was "How You Should Think About Children and Omicron." He was blatantly saying "this is how you should think. We're going to tell you how to think." okay, people kind of got to get that in their head. That's the world we're in right now. Now, what [Mattias Desmet has shared with us](#), brilliant insight, is another one of those, "Aha, now that part makes sense."

Which is that this comes from basically European intellectual inquiry into what the heck happened **in Germany, in the 20s, and 30s, you know, very intelligent, highly educated population, and they went barking mad.** And how did that happen? **The answer is mass formation psychosis**, when you have a society that has become decoupled from each other, and has free floating anxiety, and a sense that things don't make sense. We can't understand it. And then their attention gets focused by a leader or series of events, on one small point, just like hypnosis, **they literally become hypnotized and can be lead anywhere.** And one of the aspects of that phenomena is the people that they identify as their leaders, the ones typically that come in and say, "You have this pain, and I can solve it for you, I and I alone can fix this problem for you." Then they will follow that person through him. It doesn't matter whether they lie to him, or whatever, the data are irrelevant. And furthermore, anybody who questions that narrative is to be immediately attacked, they are the other. This is central to mass formation psychosis. And this is what has happened. We have all those conditions.

If you remember back before 2019, everybody was complaining, the world doesn't make sense, blah, blah, blah. And we're all isolated from each other. We're all on our little tools. We're not connected socially anymore, except through social media. And then this thing happened and everybody focused on it. That is how mass formation psychosis happens. And that is what's happened here.

Now there are ways to get out of it. Mattias' recommendation is you got to get people to realize that what **we've got is a situation of global totalitarianism.** In his experience in Europe, making people realize is a bigger threat than the virus can cause a separation psychologically, in this fusion, this hypnosis that is happened. The problem is, then you're just substituting a bigger boogeyman for the current one. And somebody else can come in and manipulate that the real problem, and it gets back to your core point. We're sick as a society, and we have to heal ourselves. And one of the things we have to do is come together, we have to recreate our social bonds. We have to buy into integrity, the importance of human dignity, and the importance of community. That's how we get out of this. And I think that this insight of Mattias Desmet, is really central to kind of making sense of all of this crazy.

We got a world in which the press is incentivized to push a storyline because they're all controlled by the same large funds that Pfizer is, and so as tech. I don't know how we're gonna get out of it. But it's got to start with us. All of us finding common ground.

Why Flat Earth Memes are Pseudoscience

The image above is a flat earth meme to give a false impression that a spinning earth should throw off water into space just like a spinning wet tennis ball. It's discussed in this article.

I don't take much time talking to people who are convinced the Earth is flat and who are trying to convince me of their pseudoscience. I really thought the lady in this conversation was sincere, but in the end, she rejected my arguments. Who's right? You be the judge.

The lady's comments are indented and in *italics*.

So my question about the globe is, how do you explain areas that should be "hidden behind the curve" when you can plainly see farther than that with the naked eye? And how does air pressure work, assuming you reject the dome firmament. I'm genuinely still trying to figure out what I actually believe about all this.

It seems to me that you are repeating what you heard on Flat Earth videos. The fact is that you cannot see beyond the curvature of the earth. I am from Chicago and I cannot see the eastern shore of lake Michigan because of the curvature of the Earth unless I view it from an airplane. And just the fact that the higher you go in an airplane, the further away the horizon is, is evidence of a spherical Earth. From the air, I could see both the East and West shore of Lake Michigan when I flew over it.

There is no dome. Air pressure works because of the weight of the air due to gravity. We think of air as being very light but if you consider 20-30 miles of air over us all those molecules of air are going to be compressed near the Earth because of the weight of the miles and miles of molecules. That's how air pressure works. And the thing is this is not rocket science but simple science that people should be able to understand in high school. One Flat Earth video said the reason for gravity is because of air pressure. And a simple experiment proves that to be absolutely false. I saw a video of a room

with all the air pumped out of it and a heavy metal weight was dropped from a height the exact same time a feather was dropped. And gravity pulled the heavy metal weight and the feather down and they both hit the ground at precisely the same time! You see Flat Earthers also deny the force of gravity. And yet they dare not violate the principle of gravity by walking off the roof of a 20 store building.

Flat Earth videos are very deceptive. Unless you really understand true science, you will take statements as fact that are totally untrue. Like one man who said with binoculars you can see things what the curvature of the earth is supposed to be hiding. That's totally false!

specious

adjective

spe·cious | \ 'spē-shəs  \

Definition

// specious reasoning

2 : having deceptive attraction or allure

Merriam-Webster's definition of the word specious

Flat Earth videos are full of specious reasoning.

(She sent me this meme of a wet and spinning tennis ball.)

Of course, if you spin a wet tennis ball at 50 revolutions per second, water will fly off it, but not if it rotates only one revolution over a 24 hour period. (And gravity is not even a factor in this case!)

The average speed of the earth spinning is supposedly 1500km/hour so it's not too far off to spin a tennis ball quickly. A condescending attitude doesn't help your case.

Do you really think I am trying to be condescending? 1500km/hour at the equator means the earth is revolving only once every 24 hours. I would not consider that to be a spinning earth. Do you? You couldn't even turn a tennis ball that slow! It would drive me crazy if I tried because it would take 24 hours. To say the Earth is spinning is not only misleading, it is false in my understanding of the definition of the word spin. Spinning Earth is mind manipulation in my opinion. I am just trying to say the facts. I don't want to talk down to people. I love people. It breaks my heart to hear sincere Christians call Flat Earth the truth. I consider Flat Earth to be promoted by government-funded agents seeking to marginalize Christians. And sad to say they have done a good job because millions of Bible believers are deceived. No famous and respected man of God I know of teaches Flat Earth.

Please know that I am continuing this conversation with you because I thought you are sincere in wanting me to help you understand that arguments for Flat Earth are based on false assumptions and pseudoscience. If I thought otherwise I would end the conversation. It would only be a waste of both of our time if you are not really interested in understanding what I have to say.

If gravity pulls things to the ground then how does a cloud made up of water droplets stay afloat? Gravity is still a theory, as is much of what we call modern science. I do lean towards electromagnetism being the force over gravity as it can already be observed in animals such as the gecko with its toes. And it's my opinion that much of science is made up, evolution. So if they lie about one thing, why are they telling the truth about other things? Satan is the father of lies and the prince of this world.

Modern science has given us the technology and tools to communicate with each other on this platform, and now for a relatively low cost, the price of our monthly WiFi and/or phone bill. I find it highly ironic and even hypocritical that Flat Earthers mock modern science and yet use technology that science has provided to spread their Flat Earth pseudoscience! I'm not speaking about you but about Flat Earthers in general. I think you are repeating what you heard about clouds from a Flat Earth YouTube.

Clouds generally form, survive and grow in air that is moving upward. Rising air expands as the pressure on it decreases, and that expansion into thinner, high-altitude air causes cooling. That's why they stay up in the air. But they don't stay up forever and eventually fall down as rain due to gravity.

Yes, gravity is a theory, and the reason why Flat Earthers need to debunk the established theory of gravity with their own theories is because if the established theory of gravity is true, a Flat Earth cannot be possible. One of the theories of gravity on I heard from a Flat Earther is the earth is constantly being accelerated upward by a force. And yet other Flat Earthers say the Earth is motionless! So you see, Flat Earth doctrine is not consistent throughout the Flat Earth community.

Again I repeat, I am only taking time to share this with you because you told me you are sincerely seeking answers. If I thought you were convinced about Flat Earth, nothing I would say would change your mind, and I would be wasting my time.

Of course, there is pseudoscience in the academic world as well. As you clearly brought out, evolution is one of them. But the first real scientists such as Isaac Newton were men of God who believed in God Who designed the universe according to principles and laws, and they sought to discover those laws. That's what real science is about. It's the pursuit of knowledge. And the best scientists are those who hold the Genesis account of creation to be fact and especially those who believe in our Lord Jesus Christ.

Do you believe the moon reflects the light of the sun?

Yes, absolutely, I believe that. The moon doesn't generate its own light. It refracts the light of the Sun.

So how is it that when the sun and moon are both in direct line of each other in the sky it's not full? Today at 3 pm I could see both the moon and sun. The moon was only 1/2.

Phases of the moon are caused by the alignment of the earth, the moon, and

the sun. Like the earth, 1/2 of the moon's surface is always exposed to direct sunlight. However, depending on the moon's orientation with the earth during its 28 day orbit of the planet, a person on the surface of the earth will only be able to see a fraction of that exposed area, and the rest of the moon will appear to be dark or in shadow.

That's what they say. But when they are literally both in the sky there is nothing between them at all to cast a shadow.

But we see the shadow because of the moon's position in relation to the earth. It's all about the position or alignment of the sun, the Moon and the Earth. When the Earth's shadow from the Sun covers the moon that's when we have a lunar eclipse. When the shadow moves away the moon is full again. I think what I shared above about the alignment of the moon the Sun and the Earth is pretty clear. The moon like the Earth is always one half illuminated by the Sun but we only see part of that illumination at times because of our alignment with the Moon because the Moon orbits the earth. And the reason Flat Earthers want to debunk that is because it proves the existence of gravity.

This explains why we see the phases of the Moon. The image is not in scale of course. I think it is very clear and reasonable but of course, the Flat Earth people will reject it because they reject a spherical Earth and they reject the conventional theory of gravity.

One of my friends told me that in order to be convinced that the Earth is flat I have to watch at least 30 Flat Earth YouTubes. I told him, "no thank you I don't care to become brainwashed with false information." Some Flat Earthers told me they wavered back and forth at first but eventually entered the Flat Earth camp after seeing so many flat Earth videos. I think they are dangerous because they are so deceptive.

You keep saying your explanations are so simple, but you can't see that it's IMPOSSIBLE for something to cast a shadow if it is not between the light source and the object it is casting the shadow on... that's simple science. If the sun and moon are in a direct line in the sky, the Earth is not between them at all. I think I'm done with our conversation. I was looking for solid arguments and I'm not finding them. Thanks for your time.

Desklamp experiment showing how the phases of the moon work.

A simple experiment with my desk lamp and a model of the Earth shows the error of your reasoning. In this case, the model earth in the photo represents the Moon, the desk lamp represents the Sun, and I am standing figuratively on the earth taking the photo. From my position, though I can see the sun and the model simultaneously, part of the model is not illuminated by the light bulb. For you to say that is "impossible" tells me you are parroting the falsehoods of the Flat Earthers from a YouTube you watched.

I thought that you were sitting at the fence about Flat Earth but now I see you have gone to the other side. As I said, Flat Earth videos are deceptive and the reasoning on them is specious. The bottom line for me is exactly one half of the Earth is illuminated by the Sun at all times while the other half of the earth is in darkness. This is impossible if the Earth is flat. A

simple experiment with a light bulb in a dark room next to a wall or near the floor proves that.

Flat-Earthers show us images of a **lamp illuminating a dark wall** to demonstrate —incorrectly— how night happens on a flat Earth.

❶ Areas farther from the lamp get less light, but still receive light nonetheless ❷ they look dark because cameras cannot deal with extremely bright & dim things simultaneously ❸ the lamp is visible from any points on the wall ❹ at no point on the wall the lamp appears obscured by the wall. — Despite of their claims, this only demonstrates that **flat Earth cannot explain how night occurs.**

Debunking Flat Earth Misconceptions

(End of discussion.)

The Flat Earth Movement is a Religious Cult!

I received the following comments from a new friend, Brother Nick.

Am I standing against the 'Flat-Earth' Religion? – **YES** – Because the '**Flat-Earth' Religious movement** is posing as a Christian Doctrine – which it IS NOT – AND there are a few followers of the 'Flat-Earth' Religion of Jeranism who say that **belief in the 'Flat-Earth' is AN ESSENTIAL DOCTRINE FOR SALVATION** !

– AND – It is my personal experience that those who do strongly believe in the 'Flat-Earth' Religion are very dedicated to following "**ANOTHER JESUS**" – and "**ANOTHER SPIRIT**" – and "**ANOTHER GOSPEL**"

– Just as the most Religious followers of Roman Catholicism – and Mormonism – and Mohammedanism believe and follow "**ANOTHER JESUS**" – and "**ANOTHER SPIRIT**" – and "**ANOTHER GOSPEL**"– which are Very Strongly Condemned in 2 Corinthians 11:3-4 & Galatians 1:6-9 [AV]

AND – It is also my personal experience that there are very few 'Christian' Ministries or individuals that are standing against the '**Flat-Earth' Religions Doctrines \ Beliefs \ Philosophies \ Agenda**

– (1) Because their belief and understanding of what 'Biblical CHRISTianity' truly is – it is practically non-existent

– (2) They are unwilling to be called names and branded as lost hereticks by the 'Flat-Earth' believers who have been thoroughly deceived by Satan – and his age olde very successful LIE:

"Yea, hath God said,"

See one of the Primary 'Flat-Earth' websites – **The Flat Earth Guide**

@ <http://www.theflatearthguide.com/>

It is also my Biblical understanding that "the only wise God" is causing a "lying spirit" ((1 Kings 22:19-23 & 2 Chronicles 18:18-22 ~ AV)) to come yet again

– SO that "the wheat" will be separated from "the chaff" ((Matthew 3:12 & Luke 3:17 ~ AV))

– So the Biblical Prophecy of Luke 21:34-36 [AV] has become very important to me:

"And take heed to yourselves,
lest at any time your hearts be overcharged with surfeiting,
AND drunkenness,
AND cares of this life,
AND so that day come upon you unawares.

For as a snare shall it come on all them that dwell on the face of the whole earth.

–
Watch ye therefore,
AND PRAY ALWAYS,
that ye may be **ACCOUNTED WORTHY** to escape all these things that shall come to pass,

AND to stand before the Son of man."

IF you are interested in seeing the 'Comments' of some of the 'Flat-Earth' believers – the most anti-biblical and dogmatic are by 'AussieDisciple' – and some of my responses

How very-very thankful I am unto **"the Lord God Almighty"** for "the certainty of the words of truth" written in the Biblical Promises of Isaiah 26:3-4 [AV] :

"Thou wilt keep him in perfect peace, whose mind is stayed on thee: because he trusteth in thee.

Trust ye in the LORD for ever:

for in the LORD JEHOVAH is everlasting strength:"

~ AND in Nahum 1:7 [AV] :

**"The LORD is good,
a strong hold in the day of trouble;
and he knoweth them that trust in him."**

~ AND my PRAYER is always that which is written in Psalm 115:1 [AV] :

**"Not unto us, O LORD, not unto us,
but unto thy name give glory,
for thy mercy,
and for thy truth's sake."**

How Many Times Does the Bible Tell Us Not to Fear?

A common saying among Christians today is, "'Fear not' is in the Bible 365 times." I saw this on a Facebook post and was surprised at how many Christians agreed with the statement. The Bible does tell us not to fear, but not 365 times. Let's see how many times I can come up with.

Doing a search for "fear not" in my King James Pure Bible software, I came up

with 63 occurrences, but two of those occurrences are not telling us not to fear.

Psalms 55:19 God shall hear, and afflict them, even he that abideth of old. Selah. Because they have no changes, therefore they **fear not** God.

1 Peter 2:18 Servants, be subject to your masters with all fear; not only to the good and gentle, but also to the froward.

I also removed Judges 4:18 because Jael is telling Sisera not to fear so she can catch him off guard and kill him!

Judges 4:18 And Jael went out to meet Sisera, and said unto him, Turn in, my lord, turn in to me; **fear not**. And when he had turned in unto her into the tent, she covered him with a mantle.

And I removed from the list 2 Samuel 13:28 because evil Absalom is telling his servants not to fear to kill his brother Ammon!

2 Samuel 13:28 Now Absalom had commanded his servants, saying, Mark ye now when Amnon's heart is merry with wine, and when I say unto you, Smite Amnon; then kill him, **fear not**: have not I commanded you? be courageous, and be valiant.

And 2 Kings 17:34 was removed because it's talking about people who do not fear the Lord.

2 Kings 17:34 Unto this day they do after the former manners: they **fear not** the LORD, neither do they after their statutes, or after their ordinances, or after the law and commandment which the LORD commanded the children of Jacob, whom he named Israel;

Psalms 64:4 was removed because it's talking about evil doers who don't fear to do evil.

Psalms 64:4 That they may shoot in secret at the perfect: suddenly do they shoot at him, and **fear not**.

All the other verses are either the Lord telling us not to fear, or the Lord's servants telling their people not to fear.

Verses that encourage us or others to “fear not.”

1. Genesis 15:1 After these things the word of the LORD came unto Abram in a vision, saying, **fear not**, Abram: I am thy shield, and thy exceeding great reward.
2. Genesis 21:17 And God heard the voice of the lad; and the angel of God called to Hagar out of heaven, and said unto her, What aileth thee, Hagar? **fear not**; for God hath heard the voice of the lad where he is.
3. Genesis 26:24 And the LORD appeared unto him the same night, and said, I am the God of Abraham thy father: **fear not**, for I am with thee, and will bless thee, and multiply thy seed for my servant Abraham's sake.
4. Genesis 35:17 And it came to pass, when she was in hard labour, that the midwife said unto her, **fear not**; thou shalt have this son also.
5. Genesis 43:23 And he said, Peace be to you, **fear not**: your God, and the God of your father, hath given you treasure in your sacks: I had your money. And he brought Simeon out unto them.
6. Genesis 46:3 And he said, I am God, the God of thy father: **fear not** to go down into Egypt; for I will there make of thee a great nation:
7. Genesis 50:19 And Joseph said unto them, **fear not**: for am I in the place of God?
8. Exodus 20:20 And Moses said unto the people, **fear not**: for God is come to prove you, and that his fear may be before your faces, that ye sin not.
9. Deuteronomy 1:21 Behold, the LORD thy God hath set the land before thee: go up and possess it, as the LORD God of thy fathers hath said unto thee; **fear not**, neither be discouraged.
10. Deuteronomy 20:3 And shall say unto them, Hear, O Israel, ye approach this day unto battle against your enemies: let not your hearts faint, **fear not**, and do not tremble, neither be ye terrified because of them;
11. Deuteronomy 31:6 Be strong and of a good courage, **fear not**, nor be afraid of them: for the LORD thy God, he it is that doth go with thee; he will not fail thee, nor forsake thee.
12. Deuteronomy 31:8 And the LORD, he it is that doth go before thee; he will be with thee, he will not fail thee, neither forsake thee: **fear not**, neither be dismayed.

[Dr. David Martin | Exposing the Coup D’Etat & the Plot to Steal America – In Text Format](#)

This text was transcribed from a video I found on Rumble. If you want to listen to the video first, just scroll down to the bottom of this article. If you find any errors or typos in my transcription, please tell me so in the comments section below and I’ll fix it.

Speaker: Ladies and gentlemen, please stand on your feet and greet Dr. David Martin. (Applause)

David Martin: Thank you very much. Mikki (Willis), you would you stand up,

please? Many of you know me because of the work and the brilliance of this man and his team. And well, that's interesting. What you don't know, is the speech that I'm about to give is because this man is not just behind the camera. He's actually a brother. And what he did to me a few months ago was he called me and he said, "You know what?" He goes, "You presented all the facts. You've been out there in front of this thing before it was a thing." And he goes, "But there's something missing. And there's something that's missing is your humanity. What happens when I sit close to you is one thing. And what happens when you're on a stage or on a camera in an interview is a different thing." And he goes, "You need to bring the man into this presentation." So the presentation that you're hearing today is because I have a brother who holds me accountable. Mikki, Thank you. (Applause)

COVID-19 and SARS C0v2 was a coup d'etat. And let me be precise about what I mean by that. Sedition in the United States is actually defined very simply, by when any act is done by a conspiring party or group of parties, that its intent is to disrupt or interrupt or overtake the government of a state or a country. And under 18 US Code, the act of sedition was in fact, a coup d'etat to ensure that there would not be a democracy in 2018. Okay, and I'm going to present across the next few minutes the evidence of that. And I'm going to end my presentation with a challenge to you. Because during my presentation, the 30 minutes that I have, is going to cost two children their life because of the inaction of every attorney general in America, because of the inaction of every US attorney, and because of the inaction of every governor in this country. But my grandfather said, Never attribute to malevolence what is ignorance. So in the next 30 minutes, I'm giving every elected official the opportunity to do the right thing. And after 30 minutes, I'm not going to give them that opportunity again. (Applause) So you got Mr. Nice Guy for 30 minutes.

Next. Now, most of you don't know the details of all of the elements. And the good news is I'm going to flip through these slides very quickly because the end of the story is the important part of the story. But for those of you who don't know, COVID is a direct result of HIV Inc. HIV Inc. was founded in 1984. Anthony Fauci was the chief architect of HIV Inc. And his goal was to use sexuality, and specifically homosexuality, as a way to indoctrinate humanity into the acceptance of a universal vaccine mandate. Now, interestingly enough, most of us didn't take the bait. And the reason we didn't is because we didn't live the lifestyles that were associated with HIV in 1984. But cunningly, by 1986, Anthony Fauci and his team at NIAID (National Institute of Allergy and Infectious Diseases) and his minions at the CDC had convinced each and every one of us that maybe we've been in a car accident, maybe we would get a transfusion, and maybe we would get AIDS, which was the justification for a universal HIV vaccine in 1984. It's gonna get nasty because I'm going to show you some real images from 1984 just to let you see that what I'm saying is not my imagination.

But in 1984, something happened. People realized that to accept a universal vaccine, we needed to create a liability shield for the manufacturers of those vaccines. And from 1984 to 1986. We actually built **the first-ever product immunity in the United States, which allowed manufacturers to kill**

people with intent. And you heard what I just said, kill people with intent. Anthony Fauci was quoted himself as saying that the ultimate killer of pharmaceutical interventions with vaccines was the smallpox vaccine, which killed one in every 100,000 and injured or maimed one in every 10,000. Did you hear what I just said? Killed one in 100,000, maimed one in 10,000. And that was something that he thought he could turn into a universal vaccine for HIV in 1986. I don't know what an acceptable death rate is for you people. But an acceptable death rate for any product, anywhere in the history of humanity in my definition, is zero! (Applause)

But then, a little dirty secret came along. Somebody at the NIH (National Institutes of Health) said, "Hey, Tony, Cool your jets baby. We have this drug called AZT. And we don't want a vaccine too quickly. We want to kill people with AIDS with AZT. So let's run the clock on it in the state of North Carolina...". By the way, if you're from North Carolina, or you've done anything in North Carolina, you got tar on your heels and blood on your hands. Because the state of North Carolina since 1986 has been brought to you by HIV Inc.

That's a bummer. I think I just lost the elected officials in North Carolina. Shoot. I couldn't even make it through a presentation.

UNC-Chapel Hill began the weaponization of Coronavirus in 1986. But by 1996 Anthony Fauci had a little plan. Coronavirus, as a model, has a very interesting set of attractive attributes, which include this very interesting thing called a spike protein and a couple of other binding sites where the virus allegedly binds to the outside of the cell. And it turns out that Ralph Baric (a professor) at the University of North Carolina Chapel Hill, was the very first person to figure out how to take a pathogen, which used to be an infection of the gut, gastroenteritis. For over 30 years Coronavirus was gastroenteritis. But Ralph Baric figured out how to weaponize it and not

weaponize the virus, weaponize the spike protein. And he was the one that figured out how to make **a thing that used to hit your gut, hit your heart**. That was gain of function ladies and gentlemen, the thing that we never did, allegedly. He did it! And in 1996, he received a grant and then a series of grants in 1999, by Anthony Fauci to actually weaponize the Coronavirus spike protein so it could be used as a vaccine vector with the idea that it would be the next HIV vaccine.

That's when I started watching this. I've been a locust-eating prophet in the wilderness. (Laughter) Because my first briefing on this was in 1999. My first intelligence briefing on this was in 2003, in a published document that I have sitting on my desk to remind me that sometimes being right isn't as good as being effective. Turns out I was right in 2003. And unfortunately, I wasn't effective.

But Fauci ran into another problem. And in 1999 to 2002, and patented by the University of North Carolina Chapel Hill, and conveniently in the fall of 2018, do you all remember the big Coronavirus outbreak of 2018? No, that's because there wasn't one. But in an unprecedented move, the University of North Carolina Chapel Hill was forced to sign their SARS vaccine patent from UNC-Chapel Hill back to NIH. By the way that hasn't been done. But they did it in the fall of 2018. Does it feel like they were preparing for something?

Next slide. Do not read this slide. Because I used to hate professors who put reading charts and eye exams on slides. Don't read it with any luck, Clay Clark can figure out how to make all of this presentation available to you. And I hope he does because that's what it's for. But in 1984, we created the vaccine nightmare, and **we let Anthony Fauci have \$191 billion**. And you heard the number, right, *billion*. We've been told about \$3.7 million going to China, and we're supposed to be upset about that. How about \$191 billion of your taxpayer money that has gone to weaponize nature against humans? 191 billion, and let's do the little walk-through, shall we? 1984 we invent the **vaccines for HIV, which led to death and permanent disability to over 50% of the participants**. But that was okay because they were gay. That was okay. It gets worse. Okay. 2001 you remember the anthrax scare the domestic terrorism scare? Did anybody know that the US military in the spring of 2001 ordered 300 million doses of Ciprofloxacin? 300 million doses. Now we have a pretty compelling army in this country. But with all due respect, 300 million sounds like every citizen in America, it doesn't sound like every member of the US military. And how is it that at least five months before anthrax was released, we ordered 300 million doses of the treatment called Ciprofloxacin? And from – oh that's right – a German company called Bear.

That's by the way when I started busting these stories because it turns out that this wasn't the only pathogen that was being developed by the Department of Defense. And it was interesting because in the early 2000s, I started seeing Coronavirus show up in a bunch of DARPA contracts and a bunch of DOD contracts and I'm sitting there going, why would we be doing that? Why would we be taking a thing which was for dogs and porcine – that's pigs by the way, that's a scientific term for pigs. Think bacon and you got it. Pigs and various other vertebrates? Why would we suddenly be trying to weaponize that and make it hit human lung epithelial cells and human cardiac cells? Why

would we be doing that? And why would the Defense Department be doing that? Is that where you expect to go to kind of get your kind of basic treatment programs? NO!! And you don't go there? Because it sounds like a weapon system if it's being funded by billions of dollars of Defense Department black contracts, doesn't it? Or is that Dave the conspiracy theorist?

Well, let's jump into my favorite 2016 protocol, the [AMP \(Antibody Mediated Prevention\) protocol](#). The AMP protocol has a line that I absolutely love. This was when we decided to let the University of North Carolina Chapel Hill develop the HIV vaccine. And it turns out that read what they said about this protocol, it will take place in sites, 24 sites in Brazil, Peru, and the United States and will enroll 2700 men and transgender people who have sex with men. What?! That's by the way straight out of the protocol.

If you don't believe what I say about the fact that Fauci has no concern for human life, but is more than happy to kill people who most people think shouldn't live anyhow, guess what happens? We start introducing the camel's nose under the tent and we start saying it's okay to kill people in the advancement of science. Now listen, people listen carefully. I am not advocating for any lifestyle. But what I am saying is that when you've decided that you're playing God and that there is a person by any designation, that doesn't deserve to live, you left humanity! (Applause) Period! If any of you see my wife, you know, I'm very heterosexual and very happy. (Laughter) But that doesn't justify making a determination that somebody who doesn't share my values is worth killing in the name of HIV Inc. (Applause) Let's be clear on that. And then 2016 2019. And by the way, look at 2019, the hepatitis C vaccine, which guess what has to do with yet another sexual context story that they tried to turn into, they were killing people that are promiscuous, and usually gay and promiscuous, so we don't care about that. I'd love for some of the bleeding hearts left to actually realize that they're the ones celebrating the execution of the people who they allegedly represent. I think that would be a very interesting proposition. Because maybe somewhere along the line, we should actually go back to 1984. And look at the ghost of Anthony Fauci in this slide, by the way, if you see this slide that's on the screen, what you'll see is 1984 Anthony Fauci, no kidding. That's what he looked like in 1984. He still looked like that center from the high school basketball team.

What?! I'm going to tell you if I had to bet on a basketball team, and I knew that Anthony Fauci was the captain of that team in high school, I bet against him. And guess what, I'd bet against him now, too, because the dirty little secret is he actually made the statement, "it is quite possible. In fact, it's invariable that we will develop a vaccine for AIDS." Now, you know, sometimes there are things called Freudian slips, people say things and they didn't mean to say it. So I want to give him credit. He probably misspoke. He probably meant to say it's inevitable that we'll do it. But he didn't say that. He said, it's *invariable* that we do it. And it turns out that if you look at the definition of the word invariable, you know what it means? "I'm never going to stop doing a thing". Ah oh! You think we're talking about a COVID vaccine right now. No. We're still talking about Anthony Fauci's fantasy of an AIDS vaccine. Don't make a mistake by being fooled.

caring about health, who was the one that made sure every pharmaceutical company got a shield of liability so they could never be held accountable. That Henry Waxman had a very interesting guy appointed by Trump in 2017, Alex Azar, Director of the Department of Health and Human Services. What Trump didn't know, what you didn't know, what most of America didn't know was Alex Azar was an executive, not a physician, an executive at Eli Lilly. And at the time of his appointment, he happened to be under investigation for price-fixing diabetes drugs in Mexico. Hmm hmm. In fact, during his now found to be collusion and racketeering and price fixing an antitrust violation, which turned out to be, held to be, exactly what I just said. While he was actually trying to deflect attention from the racketeering that he was doing by price-fixing insulin in Mexico, he actually made President Trump sign an order. That was the execution order for Americans. And President Trump was advised by appointed individuals who never told him the facts. This ladies and gentlemen was treason. This was treason. And anybody who wants to point the finger at Donald Trump, the best you can do is say he was subjected to corruption and maliciousness and treason and traders within his circle. That's true. But when he signed this, he did not know the cost. He did not know. And the persons who did know was the lobby, the pharma lobby, the single largest donor in US history to political campaigns. They were the puppets that actually put that paper in front of Donald Trump. And **Alex Azar was the executive responsible for the death and destruction of America.** And you have not even heard his name. Because criminals like to put other people upfront. Well, they hide in the shadows. Well, guess what, we're not going to let happen today. A lobbyist turned executive, turned architect of oh my gosh, under the Bush administration, Alex Azar was the one who also came up with the prep Act, which actually shielded companies from liability in the event of a national emergency. **Alex Azar is the perpetrator of the largest genocide this country has ever seen.** And you do not know his name. But that just changed today. (Applause)

Oops, that was my out-loud voice. And it turns out, he's the boss of Anthony Fauci. He's the boss of CDC. He's the boss of NIAID. He's the boss of NIH (National Institutes of Health). He's the boss of the FDA. And guess what? He's the first guy that the FBI should cuff, lock up, and put in prison for the rest of his life! (Applause) That's our target. And don't think I'm actually advocating justice for the sake of justice. I'm advocating justice, because the minute we actually have the first felony conviction, the first time the emergency use authorization vanishes, because it turns out the emergency use authorization cannot stand if the basis of it was a felony. And that's written into the law. We have one focus. We have one silver bullet. And I am waiting for one AG (Attorney General) in this country to stand up and be accountable for the lives that are being lost because well, I'm talking, two children died because they're being murdered by a collusion racket. Which is like having Al Capone drive through the streets of Chicago and shoot into a school. You wouldn't sit for that but you have sat for this. Well, guess what? Not after this. From now on every hour that you do not follow the instructions I have at the end of this speech, for every hour that you don't take action, another two children die. And I want you to go to bed tonight asking yourself, did you pay attention? Or Are you cool with two kids dying every hour? I want you to sleep on that. I want you to sleep with that.

Because on my watch, that ain't gonna happen.

Now I may be David and I may have a couple of river stones, which I'm going to share with you. And we got a Goliath that we got to work with. That's okay. But let's do the next slide because I got a punch line. And I'm going to get on schedule, in fact ahead of schedule. I'm going to end early to respect the next speakers. So here we go. That slide. Here's the deal, guys, you're going to share this slide, so I don't have to talk about it right? We're going to figure out a way to share the slide. Awesome. So you don't, I don't have to talk about it. Because I do have to talk about this.

There are two websites right now by any grace of God in the next five minutes or 10 minutes or hour, there's gonna be 100 websites like this, because what I conveniently did for every attorney general for every US Attorney for every law enforcement agent in this country, what I did was I went ahead and drafted the indictment notice. (Applause) The United States of America v. And let's read it out because that's all the time I have.

United States of America V

- Alex Azar defendant
- Anthony Fauci, defendant
- Peter Daszak, defendant
- Ralph Baric, defendant
- FDA, defendant
- CDC defendant
- NIAID, defendant
- Moderna defendant
- Pfizer defendant

We are going to do the following, you're going to go to that website, DavidMartin.world or fullyliveacademy.com, there's a button that says AG document, you are going to print that document and you're going to deliver it to every attorney general in every state, you're going to deliver it to every US attorney, you are going to put them on notice that from this day forward, and literally from this minute forward, every death is on their hands, because they can do something about it. And they have chosen now four times in four meetings, they have chosen to say, "Dave, this is a political, not a legal issue." And that's a quote from AGs offices. **Make it a legal issue.** And if they haven't made it a legal issue, if you haven't heard that an AG met with me, make it a political issue next year. Because this is our country, these are our children, and we will not let them die on our watch. (Applause)

Ladies and gentlemen, we the people can do something. You now are entrusted with much. And to quote that beautiful narrative in the Gospels. When you have been entrusted with much even more is required. Guess what? I just gave you the river stones. There's an eight-count indictment, all felonies, all punishable by up to 99 years in prison, and up to \$100 million, fine. And, and I'm going to tell you today that anybody who works with me on this case has to agree to the following. All of the proceeds that we get from the collections of this lawsuit, and I mean, all of them are going to go to a Vaccine Injury Fund that does not require anyone to prove that the vaccine

did anything. Because it turns out that every mother, every father that has a vaccination injured child, whether it was caused by it or associated with it, those people need our help. And every dollar that is ever collected is going to go to make sure that we the people honor the fact that real humans have suffered under the hands of a colluding set of conspirators who now it's on us to make sure go away forever.

Ladies and gentlemen, you can do it. And today, right after this speech, Mikki Willis and I are going to go back to the booth up there. And we are going to sign books together. So the Plandemic books if you want them, MiKki and I'll be back there. We'll be happy to sign your books. And listen people, we can do this together. You now have been entrusted with much, even more is required. Thank you very much. God bless you.
