

Antichrist Powers on the Rise

Christian J. Pinto discusses the World Government Summit 2022 that opened with the first session titled: "Are We Ready for a New World Order?" The globalist powers continue to publicly proclaim their intentions while the various governments of the world move in what appears to be lock step agreement with them. Meanwhile the new normal is the perversion of humanity at unprecedented levels. We consider the warnings of Scripture concerning Mystery Babylon the Great from Revelation chapters 17 through 18, and how the nations are said to be drunk with the "wine of the wrath of her fornication." With the advance of the immoral agenda of the left, are we watching the fulfillment of prophecy as whole populations are bewitched with the normalization of evil? Also discussed is the development of a cashless system of currency which was another topic of the World Government Summit.

Okay, praise the Lord you guys and welcome. I'm Chris Pinto. This is Noise of Thunder Radio. Today on the show, we are going to talk about the anti-Christ powers on the rise.

There's no question that what is going on in our country and around the world with globalism with the advance of what has for years been called the New World Order, but is also known by a variety of other names right now. They're calling it the Great Reset. They're calling it Build Back Better.

I remember when we interviewed Peter Dawkins, who was the leading expert on Sir Francis Bacon. A lot of this had to do with Bacon's vision of a scientific world order, the advancement of learning education and so on that would develop modern science, which is exactly what we're seeing.

And they've got people like Klaus Schwab talking about the Fourth Industrial Revolution, which is taking technology to the next level, even beyond what we've seen thus far, but also using it as a control system, a system of tyranny and control.

One of the books about Bacon by Peter Dawkins was called Building Paradise, the Freemasonic and Rosicrucian Six Days Work. That's what it's called in some circles.

These are things that I think about as I'm watching what's happening now with

the World Economic Forum with Biden coming out, talking about a new world order.

And what they're doing is they're refusing to prosecute certain crimes. This is how they're allowing our country right now to be flooded with all of these illegal immigrants because the people who were in power who would normally prosecute this and prevent it from happening have been told to basically stand down and just allow the country to be flooded with foreigners, knowing that it's going to do great harm to our economy, to culture, to all sorts of problems are going to come about as a result.

And that's what they want. They want a certain amount of chaos in mayhem because, through all of that, that's how they are planning to establish their new order of things, their new normal. That's another name for the New World Order, the new normal.

And yet what are we finding with this new normal? We're finding the advancement of immorality, just gross extreme immorality with this entire LGBT movement.

When you consider the links to Rome with a lot of this globalism that's going on and the ecumenical movement gathering in all of the pagan world religions, that's what you find with this world economic forum and this world government summit. You look out at the audience there and you're seeing all of these different leaders from different parts of the world and all these different world belief systems, different religions.

And so when we're reading in the book of Revelation, where it says in Revelation chapter 18 verse 2, where the angel cries and it says, and he cried mightily with a strong voice saying, Babylon the Great is fallen, is fallen and has become the habitation of devils and the hold of every foul spirit and a cage of every unclean and hateful bird for all nations have drunk of the wine of the wrath of her fornication. And the kings of the earth have committed fornication with her, you just think about how all of these globalist leaders have cooperated with this immoral agenda so that they're pushing sodomy all over the world, all over the world. They're promoting this whole concept of LGBT rights, the rights of sodomites, etc.

In Revelation 19 verse 1, it says, and after these things, I heard a great voice of much people in heaven saying, Hallelujah, salvation and glory and honor and power unto the Lord our God. For true and righteous are His judgments, for He hath judged the great whore, which did corrupt the earth with her fornication, and hath avenged the blood of His servants at her hand.

Notice how it talks about how the great whore, Mystery Babylon, has corrupted the earth, not just a single country or a few countries or whatever, but corrupted the whole earth with her fornication, her sexual immorality. That is what we are witnessing in our day. We're witnessing this at an unprecedented level. In centuries past, you've had individual cities, individual societies that have become corrupted and then they've been overthrown. Now we are literally watching in our lifetime the systematic corruption, immoral, ungodly, evil, wicked sodomite corruption of the entire

earth.

And certainly, there are still parts of the earth that are resisting all of this, that are refusing to go along with it, but the corruption has spread rapidly in such a very short period of time. I mean, it's really quite unbelievable. But it goes back to the post-World War II generation. Of course, we talk about this from the perspective of the Kinsey reports.

In our upcoming documentary on American Jesuits, we're going to be talking about the role of the Jesuit general Pedro Arupé, Pedro Arupé in 1969 commissioned a Jesuit priest named John McNeil, who was a homosexual priest, a homosexual Jesuit, and he commissioned him to effectively write the book, *The Church and the Homosexual*, which he did and published around 1970. From that point on, you find the Jesuits and Rome helping to advance this homosexual agenda in America and ultimately throughout the world.

And it's having a devastating impact. I mean, I believe that this had everything to do with the outbreak of the HIV, the AIDS virus, 1981. And now it's reported that over 36 million people around the world have died from the AIDS pandemic. It's just unbelievable. What has happened? And we're watching the progress of this more and more. It's an uncomfortable topic, but unfortunately, we have to confront it. Because if we don't, then the danger is it could overrun our entire country.

I have warned for years that Fox News is really a conservative oracle of Rome. It's information control for the conservative camp. And now you've got Sean Hannity, who is supporting Bruce Jenner in drag as a Fox News contributor, now officially on Fox News. Fox News has officially thrown their support behind this transgender agenda, which is utterly immoral. It is a complete distortion and perversion of God's creation. The Scripture says very clearly, the man shall not put on that clothing, that pertaineth unto the woman. All they that do so are an abomination unto the Lord. And yet sadly, that is being normalized. And that's all part of the new normal. What they're really trying to do, folks, is to destroy the authority of the Bible, the law of God, the authority of Christianity in Western civilization, really throughout the world.

These are anti-Christ powers that are on the rise. Klaus Schwab, all of these groups, they are anti-Christ and they are, they are right now. They are beginning the process of trying to fulfill Revelation 17 and verse 14, where it says, these shall make war with the Lamb, and the Lamb shall overcome them for he is Lord of Lords and King of Kings. We know how the story ends, brothers and sisters. We know where it's all going to end up, but it's very disturbing to watch it unfold right before our very eyes.

We are talking about the powers of Antichrist on the rise. 1 John 2 and verse 22 says, Who is a liar but he that denieth that Jesus is the Christ? He is Antichrist that denieth the Father and the Son.

There have been groups and powers that have been against the Gospel from the first century. And in every century, there's been some measure of hostility in one way or another. What's unique about our time is the Parliament of World Religions that happened back in 1893. I don't know of any other time in

history where you had all of these leaders of the various religions of the world all come together like they did back in 1893 and begin this process of ecumenical blending of all the world religions as though they are one and the same.

And of course, we know it was then furthered with the publication of Vatican Council II in the 1960s, largely at the instigation of the Jesuits. They're the key authors of Vatican Council II. And I believe that this is in no small part what is being referenced in Revelation 18 and verse 2, because the Scripture tells us that what's behind these pagan religions, what's behind all of the idols of the pagan world are demonic powers.

That's what the Apostle Paul says when he's writing to the Corinthians. He says, I tell you which the sacrifice, the sacrifice which the Gentiles sacrifice, they sacrifice to demons or devils and not to God. So right there we're being told, you find passages throughout the Old Testament that say the same thing, that when they're sacrificing to the idols, they sacrifice to devils.

And so when we get to Revelation 18 and verse 2 where it says Babylon the Great is fallen, is fallen and is become the habitation of devils and the hold of every foul spirit and a cage of every unclean and hateful bird. I have believed for years that that is a direct reference to Rome gathering as we saw Pope John Paul II to back in 1988, when all of these world religions came together in Assisi, Italy. And the Pope told them that they were all praying to the same God. So become the habitation of devils and the hold of every foul spirit. All the idols come together through Mystery Babylon.

And we see Rome really being at the very center of that. Rome is instigating it. There's no question. But we also know that Antichrist is more complex. We have 1 John 2 and verse 18 that says, little children, it is the last time. And as you have heard that Antichrist shall come, even now there are many Antichrists, whereby we know that it is the last time.

There's no question that this new world order is seeking to replace what they perceive as the old world order, which is the order whereby Christianity and Western civilization dominated most all the nations of the earth, through the rise of the British Empire, through the development of the United States of America. By the time you get to the beginning of the 20th century, Christian countries were the most powerful countries in the world. They still are. They still are collectively. But they have been infiltrated. They have been sabotaged.

The European Union is not even trying to represent Christianity. They are trying to overthrow Christianity. They hate Christianity. That's why they're promoting sodomy and Sharia law and trying to advance the Muslims and fill up all the countries with as many Muslim migrants as they possibly can to sabotage Christian civilization. So what had been for centuries, the Christian standard is going to be done away with and replaced by something else, some kind of socialist, Sharia form of government.

We generally call it globalism. It has also been called the Red-Green axis,

Red for Marxism and green for Islam. Christianity is to be overthrown. And that is Bible-based Christianity is to be overthrown. Anything, anything, any right, any belief about morality and goodness, etc. based on the Bible is to be utterly eradicated. That's where they're headed.

And that's why the transgender and homosexual movement is so important because it's one of the cornerstone issues for the radical left. And that's why they got it into the courts. The purpose of things like gay marriage and transgender rulings is to declare that rights do not come from God. It is a complete denial of the constitutional view, or American, US constitutional view, that rights come from God. That's what they're trying to do. They're trying to sabotage the whole idea that rights come from God. They want rights to come from judges and lawyers, unelected officials, a handful of elites who decide everything for humanity. And that's influencing not only American law, it influences international law.

The whole concept of international law began as a Christian idea. It was based on the idea that God's moral code is written on the hearts of all men, according to Romans chapter two. That's where it began. But by allowing the socialists and these communists and now the Muslims to get involved, of course, they have their own ideas about right and wrong. And they reject the authority of God, and they certainly reject the authority of God according to the Bible. That's the key. The Bible is the key. They have to overthrow the authority of Scripture.

I don't believe this movement just began after World War II. You find the beginnings of it in the early part of the 20th century. Even before World War I. Remember, Karl Marx published the Communist Manifesto in 1848. By 1881, you have the revision committee with Westcott and Hort (who in 1881 published a Greek-language version of the New Testament from *corrupt manuscripts*).

One of Marx's principles of subversion is that if you want to overthrow a country, the rewriting of history is the first battleground. That's the first thing you've got to do. You've got to rewrite the history of a country. And then you take away their history and their heritage, and from there, they are easily overthrown.

That, I believe, is what the globalist powers, the powers in Rome and those who have cooperated with them have done through Westcott and Hort and the critical text. They rewrote the history of the Bible.

That's where all of this is headed to sabotage Christian civilization by taking away the very foundation, which is the Word of God. Man does not live by bread alone, but by every word that proceeds from the mouth of God. That's what Jesus said. But as the Scripture warns, if the foundations be removed, what can the righteous do? We have no firm foundation to stand on without the Word of God, without God's Holy Scripture, divine revelation that has been given to us. It's why the fight for the Bible is so important. It's why it's so important because from that, sabotaging the Scripture in the late 19th, early 20th century, that has opened the door for all of this anti-Christian socialist-communist and now pagan invasion and Islam.

What these globalists are doing is they're hijacking the historically Christian countries of the world and using them for this Marxist socialist globalist ambition. And if they go to digital currency, what it will do is it will give them a control system. They'll be able to control everything that everybody does where they can shut down your buying ability. They'll they'll say, okay, you can't buy or sell because you have opinions that we don't like. And they could use this as a weapon against the Christian population.

They could say, okay, "Well, you're telling people that homosexuality is wrong. We're going to shut down your spending ability. You're no longer going to be able to use your digital credits, whatever they are, because you're not telling people what we want you to tell them."

So many people are very rightly warning that this will turn into a control system. Because as long as you have cash and as long as you have gold and silver coins and as long as you have material currency, people can do business one way or another. There's only so much control that government entities can have over what people are doing as long as there's cash and circulation, but once everything becomes credit or a cashless society, that channels all the power, all the control into the hands of the state. And now they can turn on and off your credit. They're already doing this in China.

It is moving things in the direction of a mark-of-the-beast type system where they will be able to say no man can buy or sell unless you do whatever they want you to do. So we've got to be on our guard with this. We've got to recognize as we see these things coming to pass, that the Lord has warned us about these things.

And this is where it's very important that we understand we are not called to cooperate with a corrupt and evil government. We can obey the powers of government in as much as they obey the general commandments of God. But if they openly violate God's law and compel us to cooperate with them, there we say with the apostles of old, we ought to obey God rather than men.
