

Chuck Baldwin: Some Things I Believe

Charles Obadiah “Chuck” Baldwin (born May 3, 1952) is an American politician, radio host, and founder-former pastor of Crossroad Baptist Church in Pensacola, Florida. As of July 2014 he was pastor of Liberty Fellowship in Kalispell, Montana. He was the presidential nominee of the Constitution Party for the 2008 U.S. presidential election and had previously been its nominee for U.S. vice president in 2004. He hosts a daily one-hour radio program, Chuck Baldwin Live, and writes a daily editorial column carried on its website, on News with Views, and on VDare.(Source Wikipedia)

This is from Chuck Baldwin’s Facebook post of May 5, 2017. He is a rare Christian indeed to have such insights!

I believe there is a conspiracy of powerful elitists to surrender America’s independence and national sovereignty to a globalist New World Order. I believe the Council on Foreign Relations, Trilateral Commission, and Bilderbergs are especially culpable in this evil subterfuge of our liberties. I had hoped that Donald Trump would honor his word to “drain the swamp” of establishment insiders, but he hasn’t. As with every President of both major parties before him, Trump has littered his administration with CFR globalists. In just the first couple of months of his presidency, Donald Trump appointed more CFR members and fellow travelers than Barack Obama.

I believe that the national news media purposely keeps the American people in the dark about the truth of what is really going on. I believe the media deliberately covered up the events of 9/11, Waco, Ruby Ridge, TWA Flight 800, the Oklahoma City bombing, the Sandy Hook school shootings, etc., ad infinitum. Heck, I believe the media covered up what really happened in Dallas, Texas, on November 22, 1963, when President John F. Kennedy was assassinated. For all intents and purposes, the national news media is little

more than a propaganda ministry of the federal government.

I am also convinced that there is a blatant attempt underfoot to turn the United States into a police-state-style surveillance society, to which personal freedoms and liberties are being quickly and egregiously sacrificed. Passage of the USA Patriot Act, the Military Commissions Act, and the Indefinite Detention clauses of the National Defense Authorization Acts (NDAA) are examples of this flagrant betrayal of freedom. And the Democrat and Republican parties are equally culpable in this blatant usurpation of our liberties. And on this subject, too, Donald Trump is on the exact same course as his predecessors.

I opposed the preemptive invasion of Iraq and Afghanistan by G.W. Bush, the bombings of Libya, along with the current bombings and drone attacks going on in countries throughout the Middle East—including Trump's bombing of Syria and his decision to increase the number of U.S. ground forces in the Middle East. It should be obvious to everyone that the Obama administration did nothing to change the perpetual war/preemptive war doctrine introduced by George W. Bush. And it should be equally obvious that Donald Trump is continuing to escalate America's unconstitutional wars of aggression around the world. At the rate Trump is going, the United States could soon be in a global nuclear war.

I am personally convinced that ISIS, al-Nusra, etc., are contrivances of Dark (illegal) Operations of America's CIA, British Intelligence, and Israel's Mossad. Saudi Arabia and Turkey are also partners in this nefarious activity. I'll say it flat out: The "war on terror" is totally the creation of the Deep State in the West to keep America in a state of perpetual war and to keep the people of America in a state of perpetual fear and anger.

Furthermore, I believe the international "war on terror" is a ruse to assist the goals of the central banks to create global government. All of the talk about Iran and Syria (and even North Korea) being a threat to the world is a bunch of hysterical propaganda. And FOX News (along with many pastors and churches) is at the heart of the pro-war propaganda machine. Neocons and globalists are using the Muslim people as the proverbial Straw Man to give the American people an enemy to hate, so that they will accept perpetual war abroad and police-state measures here at home.

I opposed the bailouts for Wall Street. I regard the Federal Reserve as a corrupt cabal of international bankers whose actions are nothing short of criminal. I wholeheartedly support the abolition of the Federal Reserve and a return to sound money.

I believe both major parties in Washington, D.C., are drunk on government spending. No matter which Party controls Congress or the White House, government spending skyrockets, as do deficits. We are witnessing this reality yet again. Just this week, with the GOP in control of both houses of Congress and the White House, we watched the House approve—and President Trump endorse—yet MORE federal spending and LARGER federal deficits. G.W. Bush spent more tax dollars than Bill Clinton; Barack Obama spent more than Bush; and Donald Trump is already spending more than Obama. When it comes to

federal spending, there truly isn't a dime's worth of difference between the two parties. No wonder Senator Rand Paul said this about the omnibus spending bill that passed the House this week: "President Hillary Clinton would have been proud of this bill."

And speaking of federal spending, one reason Donald Trump wants to increase military spending is because the U.S. government is dropping so many bombs all over the globe that the military is running out. Consider: as of April 30, the U.S. has dropped over 79,000 bombs just in Iraq, Syria, and Libya.

I believe G.W. Bush and Dick Cheney should be in prison for committing international war crimes against humanity and Hillary Clinton should be in prison for selling access to her office to foreign interests and for facilitating (or maybe even directly causing) the death of America's Ambassador to Libya, Chris Stevens. I believe politicians such as Lindsey Graham, John McCain, Chuck Schumer, and Nancy Pelosi are enemies of freedom.
