

# Globalist Elitists' Plans for America Declared in the X-Files

Predictive programming is a subtle form of psychological conditioning provided by the media to acquaint the public with planned societal changes to be implemented by our leaders. When these changes are put through, the public will already be familiarized with them and will accept them as natural progressions, thus lessening possible public resistance and commotion.

Daniel 11:24 He shall enter peaceably even upon the fattest places of the province; and he shall do that which his fathers have not done, nor his fathers' fathers; he shall scatter among them the prey, and spoil, and riches: yea, and he shall forecast his devices against the strong holds, even for a time.

Do you think "he shall forecast his devices" is referring to predictive programming? It sure sounds so to me!

Please watch this short one-minute 36 seconds clip and tell and tell me in the comments what you think. The only thing that would be false is the "alien technology". I would call it technology from the spirit world of demons and devils.
