

Did President Trump Drain the Swamp? Nope!

I am an American conservative. I do not buy the policies the Democratic party tries to sell me. When Donald Trump defeated Hillary Clinton in the 2016 presidential election, I rejoiced. To say I don't like Hilary Clinton is an understatement. She smiles for the cameras but when the cameras are off she [curses out and despises people she considers under her](#), even those who are working to protect her, Secret Service personnel!

And I *did* like Donald Trump. He offered the American public something they hadn't experienced before: An outsider to Washington who claimed he would "drain the Swamp", meaning get rid of the people in the government who have their own vested interests in mind, people who are members of organizations that do NOT have the American public's best interests at heart.

Has President Trump drained the Swamp the past four years? I submit to you not only has he *not* drained the Swamp but he also *appointed Swamp members* into his cabinet and as his advisors!

What exactly is "the Swamp"? My research tells me that the Council on Foreign Relations (CFR) and the Bilderburgers comprise most of the Swamp if not all of it! Trump has not identified these people as "the Swamp" even though they are the Swamp!

The Swamp is also known as the [Deep State](#).

This post was inspired by a talk from Dr. Chuck Baldwin. He's one of the only evangelical Christians I know of who has told the truth about President Trump.

If Trump supporters are offended by this article, I would think it's because they are putting too much trust in a man to save them! If you call yourself a

Christian, a child of God, that is a no no!

Put not your trust in princes, nor in the son of man, in whom there is no help. – Psalms 146:3
