

Doctors Around the World Issue Dire WARNING: DO NOT GET THE COVID VACCINE!! – With Text

I transcribed the text of the audio from the first 18 minutes of the 29-minute video below. I think it's more than enough information to get you to do your own research and make an informed choice whether to be vaccinated for COVID-19 rather than just blindly accept what the mainstream narrative is telling you to do.

Dr. Andrew Kaufman

My name is Andrew Kaufman. I'm a medical doctor and board-certified forensic psychiatrist. This pandemic is not a real medical pandemic. The COVID-19 vaccine is not proven safe or effective because there has not been enough time. In addition, there is not a clear definition of any new disease for which it can be tested against. There has not been a virus that has been purified or shown to be the cause of an illness. Thus, there is no target for a vaccine. However, the bottom line is that since no additional deaths have occurred in relation to a new disease, there's simply no need for a new vaccine.

Dr. Hilda De Smet

Hi, my name is Hilda De Smet. I'm a Belgian medical doctor, and I'd like to say that a new COVID-19 vaccine is not safe and that there is no global medical pandemic for almost 20 years. The pharmaceutical industry has been trying to develop Corona vaccines, but never managed because they saw in the animal trials that there were serious side effects, autoimmune disorders, when the animal was exposed to a new wild type virus. These autoimmune disorders are comparable with the complications we have seen in some COVID-19 patients. Now, due to the excuse of a global pandemic, the pharma industry has the permission to skip the animal trials. This means that we humans will be the guinea pigs, and we might get severe side effects when we are exposed to new viruses.

Dr. Nils R. Fosse

My name is Nils Fosse. I'm a medical doctor in Barragan, Norway. The COVID-19 vaccine has not been proven safe. And the fact that it's a new technology and it's been tested in a few thousands of people in a few months, please do your own research. This is not a real medical pandemic. The death rates in Norway are not higher than an average year.

Dr. Elizabeth
Evans

Dr. Elizabeth Evans, retired doctor and co-founder of the UK medical freedom Alliance. The COVID-19 vaccines are not proven to be safe or effective. We believe that it is reckless and unnecessary to roll out these essentially experimental vaccines that are using a completely new MRNA technology to millions of people, when there is only limited short term safety data, no evidence that they will prevent transmission of the virus and no long-term safety data to rule out late onset negative effects like auto-immune diseases, infertility, and cancers.

(Note: The following text is from <https://bluecat.media/dr-adil/> I could not understand Dr. Adil's speech from the Bitchute video due to his Pakistani accent, and so I used this text instead.)

Dr. Mohammed Iqbal
Adil

Ladies and gentlemen, friends and families and colleagues, good evening. I am Dr. Mohammed Iqbal Adil, I am a Consultant General and Colorectal Surgeon working in one of the teaching hospitals in the United Kingdom for the last thirty years.

I am Chairman of two International medical organizations having taught thousands of members of it. My main interest is in teaching, training, research, publication and to help out humanity during humanitarian crises, charity, and human relief activities all over the world.

The recent so-called "pandemic" of coronavirus has created an extraordinary humanitarian crisis all over the world, and 7.8 billion people are terribly

affected which is a matter of concern for all of us medical graduates and professionals for the public and human beings.

For the last two months, the entire world has been locked down, they are in home arrest, they have been isolated threatened by the pandemic of the coronavirus. The businesses are all shut down, there's a lot of travel restrictions by trains, by planes or by public transport, all the small and large businesses are all clamped down and it's an extraordinary situation where all the schools are closed and 1.8 billion children in 180 countries are affected where families, children are at home and they are going through a very difficult situation which is causing a lot of uncertainty, fear and humanitarian catastrophe.

Now the question arrives, does the coronavirus exist? The answer is no. After all the research made in the last 3 months we have come to this conclusion that the coronavirus is actually a hoax created by the hunger games society which I explain in my last conversation with you... that the... there is a pyramid where the 1 to 2 percent people are controlling the 98 to 99 percent of the public all over the world and in the middle of the pyramid is a vicious and merciless police, military and bureaucracy.

The poor public has no support by these law and order maintenance authorities because they work not for the public, they work for this top 1 – 2 percent filthy rich and enormously effected people sitting at home.

Going back to the pandemic of the coronavirus originally from Wuhan, China in January 2020. The Chinese noticed that there were 100, 250 people who were dying due to... who were actually having the flu like symptoms, and like a chest infection, upper and lower respiratory tract infection, pneumonia, fever. And they tested the bronchial secretion from their lungs and larynx. And they found no virus in their secretions, but they found a genetic material from the secretions taken from their lungs, and they named that secretion as COVID-19.

So far, not a single researcher has been able to identify the coronavirus itself, what they are testing is... with the test which the Chinese have introduced RT PCR which America, UK, the rest of Europe and the World is performing to check whether someone is covid positive or not. The very tricky statement when they give for somebody being covid positive – they write the report as: "this person is test positive for covid 19", but they never write the report like this person is "corona positive"... "coronavirus positive", which is a very tricky business, they have been told to write this type of report.

And when the pathologist sees the secretions taken from those pharynx and larynx and he identifies the same picture of those secretions taken from the lung fluid... like... they name it "covid-19" which they call so-called "corona virus", but actually it's not a coronavirus.

This is actually a EXOSOME of the damaged and destroyed cells as a result of stress, as the entire world is going through. As a result of chest infection,

as a result of flu, even lung cancer, they find the same sort of material from the lung secretions, which is labelled as "covid-19 positive".

Even in heart attack when they check the secretion they named it as: "positive test for covid-19", which is very unfair to label somebody as a "covid-19 positive" and then there is a special protocol for all these patients, especially the elderly ones above 70 years of age, they isolate them, and they... may go into mild to moderate symptoms. Believe me 80 to 85 percent of the positive covid-19 patients recovered without having gone into the critical situation, only 5 to 10 percent will go into the the critical situation when they go onto ventilators, and they never come out of that. Before going onto a ventilator they sign a consent form that they are not for resus (resuscitation), especially the elderly people. And they are never resuscitated, and they are left on the mucociliary ventilator, and after a few days they are declared as this patient was... "covid-19 positive"! Which is very unfair, EVERY patient who is admitted in the covid ward due to chest infection, flu and pneumonia and respiratory problem... or heart problem, or any other cancer problem is labelled as "COVID-19 POSITIVE" which is increasing the number GREATER and GREATER ALL OVER THE WORLD!

That's why the "worldometer" which is fake, a calculator, I don't know who is controlling this "worldometer" and who is sponsoring them? And I believe this is controlled by all the courts who are entrusted in creating this havoc so that they could chain the entire economic system of the world, and also they want to create... a... vaccination for that so that everybody would have the vaccination which would be electronically monitored through the computers, and through the electronic tags, and it would be like a quantum tattoo on their wrist or arm to declare it as positive, and that is going to happen in the future, believe me on that.

What impact the NHS has as a result of this coronavirus?

Most of the hospitals are gone empty, all the elective work has been cancelled. There is no endoscopy, no cystoscopy, no colonoscopy, no flexible sigmoidoscopy and no gastroscopy happening. All the electiveness of all sort of operations including the bowel cancers and lung cancers and all the [INAUDIBLE] procedures have been cancelled. These patients are accumulating day by day and the number is ramping up. And what is going to happen is after some time when these courts, these crooks behind the scene are able to achieve their target, they will then introduce a health system like in America, Canada and Australia with insurance system so everybody will have to pay for their treatment which was free under the NHS before in the UK. And everybody will pay for it expenses and everything will be privatised and the hospital will only be running emergency services. And there will be more workload at the private sector, and this is another way of making money out of that.

So this is what we are experiencing in hospital nowadays, only most of the hospitals, about 75 percent, they are admitting the corona patients, they are actually not corona patients but anybody who is having flu like symptoms, chest infections, cough and fever is labelled as "covid positive" which is unfair and is theoretically speaking it is not justified management for the

patients who are admitted, especially the elderly patients and those who have been cancelled for their elective operation.

How they will get it done, nobody knows? As I've said this is their plan and they're going to implement an insurance system in the NHS in the near future. Thank you I will talk about the further impact of this later.

Dr. Vernon Coleman

Dr. Vernon Coleman: Doctors aren't allowed to question COVID-19 in public. Material containing the truth about the alleged disease and the vaccine is banned. In the last year. I'd been demonized and lied about, and a 50 year career and reputation trashed **by those promoting a pandemic that never was, in a vaccine that was never needed.** The whole COVID-19 scam is, as I said, in March, 2020, the greatest hoax in history. The principle of informed consent is essential in medicine, but patients now having vaccines can't give informed consent because they aren't being informed. Thank heavens for sites, such as BrandNewTube, which carry uncensored videos by doctors who have been censored or banned elsewhere.

Dolores Cahil

My name is professor Dolores Cahil. I'm a molecular biologist and an immunologist. And we have good news! The Corona virus and the lockdown was not as severe as was told. We know that we can treat the symptoms of COVID-19 very successfully with vitamins D, C, and zinc, and with very safe medicines. And so therefore the lockdown and the measures like quarantining, social distancing and masks were not necessary. And also a vaccine is then also not

necessary. There has never been a licensed RNA vaccine, and this is not because there have been many clinical trials, but that in the safety studies, there were significant adverse events and death in the animals that were used in these studies over the past 20 years.

Dr. R. Zac Cox

My name is Zac Cox. I'm a holistic dentist and and homeopath. I'm a founder member of the World Doctors Alliance. I believe that the pandemic is fundamentally over and was so in the summer. I also firmly believe that there is no long term safety data on any of the COVID vaccines. This means that they are essentially experimenting on us, which is against the Nuremberg code. I will not be taking the vaccine.

Dr. Anna Forbes

Hello, I'm Dr. Anna Forbes. I'm a UK medical doctor here representing the UK Medical Freedom Alliance. This is a growing body of doctors, scientists, academics, and lawyers. We believe that there has been an overestimation of the public health risk from SARS-2 due to misrepresentation of data and inappropriate use of the PCR test. We call for the preservation of informed consent, medical choice and bodily autonomy. As doctors, we believe this is absolutely crucial to maintain. Thank you.

Dr. Ralf Sundberg

I am Ralf Sundberg MD Ph.D. former associate professor in transplant surgery at Kelly Sky Institute. My opinion of this crisis is that the PCR test is inaccurate. It actually causes so many false positives. So we're scared to vaccinate. I don't trust this vaccine.

Dr. Johan Denis

My name is Dr. Johan Dennis from Belgium. The Corona vaccine is not proven, safe, or effective. There is no medical emergency. It is a fake pandemic. The Corona virus is in terms of harmfulness, mortality, and transmissibility comparable to a seasonal flu. And I can only reject the extreme disproportionate measures that are taken by our governments. There is no emergency situation. It was all orchestrated to make you fearful enough to take the vaccine. This vaccine is just not proven safe. It has been developed too quickly. We have no idea what the long-term effects will be. It needs much more investigation. There is no hurry or emergency. It might possibly change your DNA. This is irreversible and repairable for all future generations, an experiment on humanity. I would never give it to myself, my patients or my loved ones. We are no Guinea pigs.

There is nano technology present in this vaccine. Nanobots in hydrogels have been developed for military purposes. There are strong indications **it could make you a controllable puppet by means of your own smartphone, connected with the 5G network and artificial intelligence.** In this way, you could lose everything that makes you human. So please inform yourself well before you decide.

Very useful information can be found on the website of Robert Kennedy, childrenshealthdefense.org I bless you all.

Dr. Daniel Cullum

Hi, I'm Dr. Daniel Cullum, chiropractic physician from Turpin, Oklahoma USA. This is not a real medical pandemic the world is enduring at this time. The vaccine has not been proven, safe or effective, and I will not be taking and or recommending it because there is no safe vaccine period.

Moritz von der
Borch

My name is Moritz von der Borch. I'm working as a journalist in science and medicine, and I'm from Germany. Do not take this vaccine. This vaccine is dangerous. This pandemic is a front.

Dr. Anne
Fierlafijn

My name is Dr. Anne Fierlafijn. I'm a medical doctor from Belgium who specializes in chronic infectious diseases, such as Lyme, Epstein-Barr, molds, et cetera. COVID-19 vaccine is not proven safe, nor effective. And I think it's unacceptable that all liabilities have been waived for the companies that are producing it. If pharma doesn't take responsibility for the product they make, how can they expect doctors to inject them for their patients without a doubt of doing harm? More and more we see that this is really not a medical pandemic. The measures for Corona cause far more collateral damage than the virus causes itself. Worldwide, we see that the numbers of cases are falsely presented in order to drive the population to obedient behavior and to vaccination. So please be critical, do your own research, and **don't let the media manipulate you**. I think it's time to react, time to stand up for your freedom, for the future of your children. Don't give in to anxiety, to polarization, to governmental control, and to restriction of your freedom all under the false pretext of a virus. Because that's what's happening.

Dr. Tom Cowan

Hi, this is Dr. Tom Cowan, and I just want to remind people that we have to remember that **health does not come from the injection of toxins into our bodies**, but rather from deciding what it means to be human and pursuing that with all your heart.

I'm Dr. Kevin Colbert, a retired registered nurse and health scientist in the United Kingdom. The COVID vaccines are not proven, safe or effective. COVID is not a real medical epidemic. The vaccines use synthetic products that will alter your genes, allow monitoring of your vaccination status, and produce dangerous chemical reactions. Scientists are therefore demanding that all COVID vaccinations be immediately stopped.

The real epidemic is fear and hysteria. It started in China and quickly spread by the World Health Organization. The hysteria was accelerated by corporations who gained financially through selling fast-tracked, flawed medical tests, toxic antiviral drugs, and now unproven and potentially dangerous vaccines. Standard precautions, which normally protect the public have been disregarded due to ignorance, hysteria and profits. For example, the vaccines have not undergone proper phase three tests. The COVID test, the PCR, is fatally flawed. It was never examined in the standard way by the United Kingdom National Health Service. And it should never have been used on sick people or those with no symptoms. You can read about the flaws in the PCR test at cormandrostenreview.com.

Dr. Carrie Madej

My name is Dr. Carrie Madej. I am an internal medicine physician from the United States of America. I own my own clinic and I've been medical director of two different clinics, as well as being an attending physician for medical students over the last 19 years. I'm here to tell you that there is no worldwide pandemic for COVID-19. We're using testing mechanisms called PCR that have never been indicated or created to diagnose any infection. This is not the way we should be diagnosing. In addition, hospitals and doctors are getting financial incentives to diagnose COVID-19. On top of that, we have multiple lab errors happening around the world over and over indicating more false positives. On top of that, I am here to tell you that I will not take the COVID-19 vaccine, and I will not recommend the COVID-19 vaccine for any of my patients. This vaccine is experimental on the human race because they are proposing to use modified messenger RNA or modified DNA synthetic to the human body. This is the first time ever this will ever be launched on the human race. We don't know what could happen to us. In addition, they're proposing to use nano lipid technology or nanotechnology and the human race as well. There are so many different awful things that can happen to us. And we need to investigate this before we go forward. This is my alarm call to the world.

Dr. Barre Lando

My name is Dr. Barre Lando, and I've treated many vaccine damaged children. Due to the lack of proper testing and the spurious conditions surrounding the alleged pandemic. I would highly caution anyone considering taking the COVID-19 vaccine.

Kate Shemirani

I am Kate Shemirani, naturalness in a toxic world. Do I believe there is a pandemic? Absolutely not. There's no evidence of that. Do I believe that COVID-19 exists? Absolutely not. It has never been proven. Do I believe that the population need this new COVID-19 dangerous vaccine that's not had the safety trials done, and it hasn't ever been done before? Absolutely not. No one needs it. Do I believe that our government should be arrested for possibly genocide? Absolutely.

Sandy Lunoe

My name is Sandy Lunoe, retired pharmacist, and I live in Norway. The COVID-19 vaccines are not proven safe or effective. I focus on just two safety issues. The vaccines carry the risk of immune enhancement. Instead of protecting against infection, the vaccine can actually make the disease worse when a vaccinated person is infected with the virus. Secondly, in the UK, the medicines and healthcare products, regulator agency has made an urgent request, "The MHRA urgently seeks an artificial intelligence software tool to process the expected high volume of COVID-19 vaccine adverse drug reactions."
