[Perecentage of Obese People per Country](#)

The charts show the percentage of obese people per population among 34 nations of the world.

I found this data and the Japanese chart from
http://www2.ttcn.ne.jp/honkawa/2220.html

Japan is the lowest with only 3.5% of the population and America is the highest with a whopping 35.9%! S. Korea is only 4.1% whereas Mexico is 30%. North Americans definitely eat too much sugar!
