

The Pharmaceutical Deception of the Beast

And the light of a candle shall shine no more at all in thee; and the voice of the bridegroom and of the bride shall be heard no more at all in thee: for thy merchants were the great men of the earth; for **by thy sorceries (Greek: φαρμακεία pharmakeia: the use of medicine, drugs or spells) were all nations deceived.** -Revelation 18:23

I found a post about the dangers of vaccinations on Facebook by a lady who became my Facebook friend in 2017, and for some reason, I have not noticed her posts all this time until yesterday, March 30, 2022! It's so wonderful to meet like-minded people on social media!

Yes, I'm still on Facebook in spite of the censorship. And I have been censored countless times, and even restricted from time to time. I have Gab and Mewe accounts too but nobody on them comments on my posts. Those platforms are ghost towns for me. And if I ditch Facebook, I will lose touch with people I want to stay in touch with.

There are people who discredit Facebook and all social media calling it a privacy issue with a CIA connection, etc. but I just don't care. If the Beast, the anti-Christ Shadow Government doesn't already have more than enough evidence to find me guilty of being a follower of Jesus Christ and a proclaimer of God's Word from the Bible even without me using social media, I would think there's something wrong with me. And what would be reliable sources of information without social media? Foxnews? Newsmax? I don't trust any corporate-funded news source. I think it's much safer to listen to individuals who I think have no monetary reasons to lie to me.

The Facebook post:

The ☐☐☐ deception DID NOT start with the Covid ☐☐☐
It began with the first ☐☐☐ and medical doctors and Moms of ☐☐☐☐ injured and DEAD children have been warning the world for decades.

The only thing □□□ eradicated was good health.

□□□□□

Quotes from Doctors Regarding Vaccination

“The greatest lie ever told is that vaccines are safe and effective.” – Dr. Leonard G. Horowitz

“The public is woefully uninformed on vaccine risks due to government and mainstream media censorship.” – Dr. Mark Geier, MD

“The chief, if not the sole cause of the monstrous increase in cancer has been vaccination.” – Dr. Robert Bell, once Vice President, International Society for Cancer Research at the British Cancer Hospital

“Vaccines are highly dangerous, have never been adequately studied or proven to be effective, and have a poor risk/reward ratio.” –Dr. Allen Greenberg, MD

“In my medical career I’ve treated vaccinated and unvaccinated children and the unvaccinated children are far healthier than the vaccinated ones.” – Dr. Philip Incao, MD

“I found the whole vaccine business was indeed a gigantic hoax. Most doctors are convinced that they are useful, but if you look at the proper statistics and study the instances of these diseases you will realize that this is not so.” – Dr. Archivides Kalokerinos, MD

“It is dangerously misleading to say that vaccines make us “immune” or protect against disease, when in fact that is the exact opposite of the truth. Vaccines only drive disease deeper and cause us to harbor it chronically.” – Dr. Richard Moscovitz, MD

“The vaccinations are not working and they are dangerous. We should be working with nature.” – Dr. Lendon Smith, MD

“There is no scientific evidence that vaccinations are of any benefit, but it is clear that they cause a great deal of harm.” – Dr. Gerhard Buchwald, MD

“All vaccines are and have been causing ischemic (impaired blood flow) damage – to all – creating a plethora of chronic illnesses, disease, and in some instances, death. The injury from vaccination is additive; each vaccination further injures.” – Dr. Andrew Moulden MD, PhD

“When you impair the brain blood flow by vaccination you can impair the respiration control center which can result in death. We call it SIDS.” – Dr. Andrew Moulden MD, PhD

“Vaccination is the most dangerous medical practice in the history of classical medicine.” – Dr. Sladjana Velkov (Macedonia)

[With vaccination] “what in reality is prevented is not the disease but the ability of our cellular immune system to manifest, to respond to and to

overcome the disease! There is no system of the human being, from mind to muscles to immune system, which gets stronger through avoiding challenges, but only through overcoming challenges.” – Dr. Philip Incao, MD

“I have lectured all over the world... I have always had a special interest in newspapers. All of them have one thing in common, there is always some reference made to some epidemic in some part of the world. For instance, two years ago, one paper referred to a polio epidemic in Holland. For the past three years, our newspapers have commented on the diphtheria epidemic in Russia. By these means, the population is constantly threatened with epidemics, they have been made to fear them, and the reports always conclude: “Go and get vaccinated.” – Dr. Gerhard Buchwald, MD

“To create fear among parents to strengthen their motivation to vaccinate is an important part of the publicity used to promote vaccinations. A whole branch of research is examining the question: What level of fear needs to be created to appear as convincing as possible?” – Dr. Gerhard Buchwald, MD

“In 1866, an English physician described a very strange illness. Children looked like Mongols. His name was Down. That’s why we call it Down’s Syndrome today... I should add that this syndrome is a result of the vaccinations carried throughout England by Jenner in 1796... It (Down’s Syndrome) is probably the first congenital disease caused by vaccinations. In Germany, the first child with evidence of Down’s Syndrome was reported in 1922. Today, one in every 700 newborns has it.” – Dr. Gerhard Buchwald, MD

“There is insufficient evidence to support routine vaccination of healthy persons of any age.” – Dr. Paul Frame, MD, Journal of Family Practice

“Only after realizing that routine immunizations were dangerous did I achieve a substantial drop in infant death rates.” – Dr. Archivides Kalokerinos, MD

“I’ll talk about vaccines. Number one, vaccines make people sick. They don’t work. They don’t protect. The use of vaccines is totally wrong! It’s perfect nonsense based on fear. They are dangerous. One child out of five has overwhelming disabilities from vaccines – neurological problems, seizures. I’ve got a whole list. There are plenty of books on this subject. Doctors don’t even read about this.” -Dr. Guylaine Lanctot, MD

“During those 30 years I have run against so many histories of little children who had never seen a sick day until they were vaccinated and who, in the several years that have followed, have never seen a well day since. I couldn’t put my finger on the disease they have. They just weren’t strong. Their resistance was gone. They were perfectly well before they were vaccinated. They have never been well since.” – Dr. William Howard Hay, MD

“Nobody needs to be confused but everybody better be darn well frightened about taking any vaccine, under any circumstance, for any reason, at any time in their life.” – Dr. Daniel H. Duffy Sr., DC (retired air force officer – 21 yrs., family doctor – 28 yrs., vaccination researcher – 49 yrs.)

“I vaccinated both my children with the MMR jab, but this was before I

started my research into the problems associated with it. Knowing what I know now, I would not vaccinate my children and run the risk of them getting diabetes, asthma, eczema, becoming more susceptible to meningitis and ending up chronically disabled.” – Dr. Jayne Donegan, GP, Homeopath

“Had my mother and father known that the poliovirus vaccines of the 1950s were heavily contaminated with more than 26 monkey viruses, including the cancer virus SV40, I can say with certainty that they would not have allowed their children and themselves to take those vaccines. Both of my parents might not have developed cancers suspected of being vaccine-related, and might even be alive today.” – Dr. Howard B. Urnovitz, PhD, CEO, CSO and co-founder of Chronix Biomedical

“Childhood vaccines are giving us a world of chronic illness: autism, developmental disorders, Asperger’s Syndrome, brain tumors, leukemia, cancers, information processing disorders, impulsive violence, allergies, asthma, diabetes, Crohn’s disease, intestinal disorders, are just some of the vaccine associated disorders.” – Dr. Tedd Koren, DC

“I am no longer trying to dig up evidence to prove vaccines cause autism. There is already abundant evidence. This debate is not scientific but is political.” Dr. David Ayoub, MD

“There are at least seven laboratory studies, clinical studies, of blood, cerebral, spinal fluid, biopsies of autistic children which show huge differences between autistic children and normal children in terms of the presence of things like measles vaccine virus in their intestinal tract, for example, or their neurons. So, there’s one line of evidence. Another, of course, is that we have data from thousands of parents who testify, often with videotapes and photographs and eyewitness reports, that their kid was perfectly normal. And they can demonstrate it, as I say, very conclusively with tapes, until after the vaccine. The kid retreated into autism. There’s just converging evidence from many, many directions.” – Dr. Bernard Rimland, PhD, Founder and Former Director of the Autism Research Institute

“When the link between the use of unsafe, mercury-laden vaccine and autism, ADHD, asthma, allergies and diabetes becomes undeniable, mainstream medicine will be sporting a huge, self-inflicted and well-deserved black eye. Then will come the billion-dollar awards, by enraged juries, to the children and their families.” – Dr. Bernard Rimland, PhD, founder and former director of the Autism Research Institute

“It is well known that measles is an important development milestone in the life and maturing processes in children. Why would anybody want to stop or delay the maturation processes of children and of their immune systems?” – Dr. Viera Scheibner

“The greatest threat to our health today is the medical community, and one of their most dangerous tools is vaccination – particularly the horrific procedure of injecting foreign protein into newborn infants!” – Dr. Daniel H. Duffy, DC

The greatest threat of childhood diseases lies in the dangerous and ineffectual efforts made to prevent them through mass immunization... There is no convincing scientific evidence that mass inoculations can be credited with eliminating any childhood disease." – Dr. Robert Mendelsohn, MD

"We are taught by the authorities that vaccines protect us against eventual aggressive viruses and microbes, and, therefore, prevent contagious illnesses and epidemics. This lie has been perpetuated for 150 years despite the ineffectiveness of vaccines in protecting against illnesses." – Dr. Guylaine Lanctot, MD

"My suspicion, which is shared by others in my profession, is that the nearly 10,000 SIDS deaths that occur in the United States each year are related to one or more of the vaccines that are routinely given children. The pertussis vaccine is the most likely villain, but it could also be one or more of the others." – Dr. Robert Mendelsohn, MD

"Many here voice a silent view that the Salk and Sabin Polio Vaccines, being made from monkey kidney tissue, have been directly responsible for the major increase in leukaemia in this country." – Dr. Fred Klenner, MD

"As a clinician, my current belief which guides my practice with these children is that any child given the Hep B vaccination at birth and subsequent boosters along with DPT has received unacceptable levels of neurotoxin in the form of the ethylmercury in the thimerosal preservative used in the vaccine. In any child with a genetic immune susceptibility (probably about one in six) this sets off a series of events that injure the brain-gut-immune system. By the time they are ready to receive the MMR vaccination, their immune system is so impaired in a great number of these children that the triple vaccine cannot be handled by the now dysfunctional immune system and they begin their obvious descent into the autistic spectrum disorder." – Dr. Jaquelyn McCandless, MD

"In 1976 I was working in the Gulf Country around Cape York, in an aboriginal community of about 300 people. The Health Department sent around a team and vaccinated about 100 of them against flu. Six were dead within 24 hours or so and they weren't all old people, one man being in his early twenties. They threw the bodies in trucks to take to the coast where autopsies were done. It appeared they had died from heart attacks." – Dr. Archie Kalokerinos, MD

"As a retired physician, I can honestly say that unless you are in a serious accident, your best chance of living to a ripe old age is to avoid doctors and hospitals and learn nutrition, herbal medicine and other forms of natural medicine unless you are fortunate enough to have a naturopathic physician available. Almost all drugs are toxic and are designed only to treat symptoms and not to cure anyone. Vaccines are highly dangerous, have never been adequately studied or proven to be effective, and have a poor risk/reward ratio. Most surgery is unnecessary and most textbooks of medicine are inaccurate and deceptive. Almost every disease is said to be idiopathic (without known cause) or genetic – although this is untrue. In short, our main stream medical system is hopelessly inept and/or corrupt. The treatment of cancer and degenerative diseases is a national scandal. The sooner you

learn this, the better off you will be.” – Dr. Alan Greenberg, MD

“According to the records of the Metropolitan Life Insurance Company, from 1911 to 1935 the four leading causes of childhood deaths from infectious diseases in the U.S.A. were diphtheria, pertussis, scarlet fever, and measles. However, by 1945 the combined death rates from these causes had declined by 95% before the implementation of mass vaccine programs.” – Dr. Harold Buttram, MD

“I would consider the risks associated with measles vaccination unacceptable even if there were convincing evidence that the vaccine works. There isn’t. ... In 1900 there were 13.3 measles deaths per 100,000 population. By 1955, before the first measles shot, the death rate had declined 97.7 percent to only 0.03 deaths per 100,000.” – Dr. Mendelsohn, MD

“Up to 90% of the total decline in the death rate of children between 1860 and 1965, because of whooping cough, scarlet fever, diphtheria, and measles, occurred before the introduction of immunizations and antibiotics.” – Dr Archie Kalokerinos, MD

“For thirty years kids died from smallpox vaccinations even though no longer threatened by the disease.” – Dr. Robert Mendelsohn, MD

“I am and have been for years a confirmed anti-vaccinationist. Anti-vaccination has no backing from the orthodox medical opinion. A medical man who expresses himself against vaccination loses caste. Tremendous pecuniary interests too have grown around vaccination.” – Mahatma Gandhi

“I have no faith in vaccination; I look upon it with the greatest possible disgust, and firmly believe that it is often the medium of conveying many filthy and loathsome diseases from one child to another, and no protection whatever against smallpox. Indeed, I consider we are now living in the Jennerian epoch for the slaughter of innocents, and the unthinking portion of the adult population.” –Dr. W.J. Collins, MD, BS, BSc, MRCS

“What people don’t know about vaccines –what most doctors don’t know– but well demonstrated in medical literature, is that vaccines shift your immune system to an immune suppression type of state called the “TH2 shift.” That’s what most vaccines do. They shift your immune system to a weaker, antibody type immune system... If you’re injecting people with so many vaccines that your keeping them in this constant state –that now your switching everyone to this TH2 immune suppression– then everyone becomes more susceptible [to infectious diseases]... and no one is talking about that. Now, a lot of scientists know that, but they are afraid to speak out because their careers would be ruined.” – Dr. Russell Blaylock, MD

“Using kids as guinea pigs in potentially harmful vaccine experiments is every parents’ worst nightmare. This actually happened in 1989-1991 when Kaiser Permanente of Southern California and the Centers for Disease Control (CDC) jointly conducted a measles vaccine experiment. Without proper parental disclosure, the Yugoslavian-made “high titre” Edmonston-Zagreb measles vaccine was tested on 1,500 poor, primarily black and Latino, inner city

children in Los Angeles. Highly recommended by the World Health Organization (WHO), the high-potency experimental vaccine was previously injected into infants in Mexico, Haiti, and Africa. It was discontinued in these countries when it was discovered that the children were dying in large numbers.” – Dr. Alan Cantwell MD

“There is no evidence that any influenza vaccine thus far developed is effective in preventing or mitigating any attack of influenza. The producers of these vaccines know that they are worthless, but they go on selling them anyway.” – Dr. J. Anthony Morris, Former Chief Vaccine Control Officer, US FDA

“My own personal view is that vaccines are unsafe and worthless. I will not allow myself to be vaccinated again. Vaccines may be profitable but in my view, they are neither safe nor effective.” – Dr. Vernon Coleman, MB, ChB, DSc (Hon)

“I once believed in Jenner; I once believed in Pasteur. I believed in vaccination. I believed in vivisection. But I changed my views as the result of hard thinking.” – Dr. Walter Hadwen, MD, LSA, MRCS, LRCP, MB

“Cancer was practically unknown until compulsory vaccination with cowpox vaccine began to be introduced. I have had to deal with at least two hundred cases of cancer, and I never saw a case of cancer in an unvaccinated person.” – Dr. W. B. Clarke

“No long-term safety testing for the influenza vaccine has ever been done. They are experimenting on our lives and our children. Influenza vaccine is an experimental vaccine. ” – Dr. Mark Geier, MD, PhD

“There is a great deal of evidence to prove that immunization of children does more harm than good.” – Dr. J. Anthony Morris, Former Chief Vaccine Control Officer, US FDA

“The only safe vaccine is one that is never used.” – Dr. James A. Shannon, MD, Former Director, National Institutes of Health (1955-1968)

“Belief in immunization is a form of delusional insanity.” – Dr Herbert Shelton, MD

“I don’t think measles poses any risk to a healthy child.” – Dr Jay Gordon, MD

“I sincerely believe that vaccines cause more harm to the health of the individual than the “protection” and “benefit” they are proclaimed to provide. Staying healthy without vaccines is not only possible, but being vaccine-free is the only way to maintain a lifetime of real health.” – Dr. Sherri Tenpenny, DO

“Nothing but the natural ignorance of the public, countenanced by the inoculated erroneousness of the ordinary general medical practitioners, makes such a barbarism as vaccination possible. Recent developments have shown that an inoculation made in the usual general practitioner’s light-hearted way,

without previous highly skilled examination of the state of the patient's blood, is just as likely to be a simple manslaughter as a cure or preventive. But vaccination is nothing short of attempted murder. A skilled bacteriologist would just as soon think of cutting his child's arm and rubbing the contents of the dustpan into the wound, as vaccinating." – George Bernard Shaw

"The more it (vaccination) is supported by public authorities, the more will its dangers and disadvantages be concealed or denied." –M. Beddow Bayly

"One vaccine decreases cell-mediated immunity by 50%, two vaccines by 70%... all triple vaccines (MMR, DTaP) markedly impair cell-mediated immunity, which predisposes to recurrent viral infections, especially otitis media, as well as yeast and fungi infections." – Dr. Herman Hugh Fudenberg, M.D., Ph.D. (Immunology)

"Autism may be a disorder linked to the disruption of the G-alpha protein, affecting retinoid receptors in the brain. A study of sixty autistic children suggests that autism may be caused by inserting a G-alpha protein defect, the pertussis toxin found in the D.P.T. vaccine, into genetically at-risk children." – Mary N. Megson, M.D.

"Probably 20% of American children -one youngster in five- suffers from 'development disability'. This is stupefying figure we have inflicted on ourselves...'development disabilities' are nearly always generated by encephalitis. And the primary cause of encephalitis in the USA and other industrialized countries is the childhood vaccination program. To be specific, a large proportion of millions of US children and adults suffering from autism, mental retardation, hyperactivity, dyslexia... owe their disorders to one or another of the vaccines against childhood diseases." – Harris Coulter PhD, Author, "Vaccination, Social Violence & Criminality: The Medical Assault on the American Brain"

"Childhood diseases are a far less serious threat than having a large fraction of a generation afflicted with learning disability and/or uncontrollable aggressive behavior because of a crusade for universal vaccination..." – Association of American Physicians & Surgeons

"We look at these unvaccinated kids as bright and chipper, and they have good personalities, and they're easy-going and easy to get along with, and we look at them like they're just something magical. ... When really that's what normal is supposed to look like." – Sherri Tenpenny, DO

"Recent evidence indicates that routine childhood vaccinations contribute to the emergence of chronic allergic problems such as eczema, ear infections, and asthma. A growing number of scientists and physicians maintain that most standard vaccinations permanently disturb the developing immune system, setting the stage for hypersensitive reactions to foods and other common substances. In fact, childhood illnesses such as measles, mumps, and whooping cough may actually reduce the risk of allergy." –Konrad Kail, N.D.

"The incidence of asthma has been found to be five times more common in

vaccinated children.” – The Lancet, 1994.

“Provocation polio. That is the truth about those outbreaks of polio. And I offer a well-considered personal opinion that polio is a man-made disease.” – Viera Scheibner, Ph.D.

“Public health regulators’ main interest is preserving the notion that vaccines help more than they harm. Anything else is blasphemous. For the rest of us, though, a recent review in immunology literature should give pause. It states: ‘To date, more than 80 systemic and organ-specific autoimmune diseases have been defined, and their cumulative burden is substantial, both medically and financially. Furthermore, the burden of autoimmune and autoinflammatory diseases is rising, making these diseases a ubiquitous global phenomenon that is predicted to further increase in the coming decades.’ An autoimmune storm is rising. The role of vaccines in it is emerging and will one day be crystal clear. The question is, how far off is that day, and who is going to pay while we wait for it?” – Celeste McGovern

Dr. Gary Kohls, MD has warned that advocates for [mandatory vaccination] were doing so “without acknowledging –or perhaps even being aware of– the large amount of recent neuroscience-based evidence from scientists worldwide that should be modifying the outdated CDC mandates.” “Big Pharma and the CDC have very profitably generated and then propagated the myth that their overpriced and very poorly researched vaccines are both effective and safe,” added Dr. Kohl, a retired physician who had a 40-year family practice career and now tries to sound the alarm on vaccine dangers. “The safety and efficacy of all vaccines has been disproven (including the 270 new ones that the industry is currently developing and planning to market), but the word has not broken through to the large clinics like the Mayo Clinic.” Source: The New American

“To all the pediatricians still trolling my page, now that I’ve got your attention, listen closely. Heed my words.

You should be FIGHTING LIKE HELL for the safety of our children from even the most remote possibility that vaccines aren’t as safe as they could be or aren’t as safe as we are being told. Instead of fighting for truth and safety, you’re fighting like rats for your piece of cheese.

I have ZERO RESPECT for vaccine profiteers that are so financially biased, confirmation biased, indoctrinated, and willfully ignorant of the evidence that clearly shows vaccines cause injury, disease and REGRESSIVE AUTISM, that they aggressively lobby lawmakers to make vaccines mandatory, and deny parents the essential knowledge about the risks of toxic ingredients injected into their babies.

Bought by big pharma, the caretakers of children’s health have become the perpetrators of harm rather than the protectors. They profit as our precious, perfect children are harmed and killed by vaccines filled with cheap preservatives, neurotoxic adjuvants, and human cellular material derived from aborted fetal cell lines. They are complicit accomplices in the murder-by-vaccine crimes that have made American infants THE MOST VACCINATED and THE MOST LIKELY TO DIE in the first year of life.

America's infant mortality rate, the highest rate in ALL developed nations, is a national tragedy. The epidemic of autism, autoimmune diseases, asthma, allergies, ADHD, and pediatric cancers is far worse. The evidence is everywhere.

Unbelievably, the epidemic of autism is rising exponentially. Today, ONE in 48 children in America suffer autism. At the present rate of increase, by 2032 ONE in TWO children AND 80% OF BOYS could be autistic. We can't afford to sacrifice our children and the future of our nation to the ignorance and greed of pediatricians and their big pharmaceutical vaccine manufacturer masters demanding parents submit our children to an intolerably dangerous, untested, and unnecessary vaccine schedule of 72+ injections...and rising. There are over 200 vaccines in the pipeline.

Every pediatrician, family practitioner, or vaccine profiteer that isn't rising up against the corruption of the science of vaccines perpetrated by the CDC is betraying their oath to "first, do no harm." They are on the wrong side of history. Too many have given up objectivity and reason and have simply become sales representatives for the vaccine manufacturers that have so easily bought and conditioned them to believe their lies. The blood of every vaccine injured or killed child is on the hands of every pediatrician that parroted lies like "vaccines do not cause autism" and "the science is settled." The science isn't settled, it's corrupt.

The vaccine industry will soon face the backlash as doctors, scientists, and parents across America become aware of your crimes, rise up to oppose your lies, and hold you accountable for the vaccine injury holocaust you've caused. The fraudulent deceit is coming to an end. We won't allow it to continue.

For me, uncovering the many layers of fraud and corruption that have allowed vaccines to harm so many children, is analogous to walking into an exam room in which a child is being abused by a doctor. I'm not about to look the other way and allow the abuse to continue. I would call the police, however, in my analogy the police are the CDC, and they are participating and enabling the abuse. Regardless, I won't ignore the abuse and allow it to continue. I'm going to stop the abusers from harming the child, and I won't be gentle about it.

That's how I see the travesty of the corruption of vaccines that is harming the children of America today. It's obvious and I'm angry about my how so many of medical colleagues refuse to open the door, expose the abuse, and stop it.

In closing, I beseech my colleagues to open your eyes, minds, and the evidence that for too long you've negligently denied. Confront the reality that you've been duped, controlled, and indoctrinated. Free yourselves from the indoctrination. Stand with me. Demand scientific transparency, integrity, and reform of the vaccine industry. Join me in this fight to protect children and get yourselves on the right side of history." Dr. James Meehan, MD

The pharmaceutical funded □□□ DECEPTION began LONG AGO, friends.

Dr. E. J. Post, a prominent physician of Berlmont, Michigan, said:

"I HAVE REMOVED CANCERS FROM VACCINATED ARMS EXACTLY WHERE THE POISON WAS INJECTED."

In the New York Press, January 26, 1909, W. B. Clark stated:

"Cancer was practically unknown until cowpox vaccination began to be introduced. I have had to do with 200 cases of cancer and I NEVER SAW A CASE OF CANCER IN AN UNVACCINATED PERSON."

Dr. Herbert Snow, Surgeon of the London Cancer Hospital, had this to say:

"I am convinced that some 80 per cent of these cancer deaths are caused by the inoculations or vaccinations they have undergone. These are well-known to cause grave and permanent disease of the heart also."

Dr. Dennis Turnbull, who had studied cancer for 30 years declared:

"I have no hesitation in stating that in my judgement the most frequent disposing condition for cancerous development is infused into the blood by vaccination and re-vaccination."

Dr. Forbes Laurie, late Medical Director of the Metropolitan Cancer Hospital, (London) said:

"I am thoroughly convinced that the increase of cancer is due to vaccination."

(End of Facebook post)

I had difficulty transferring the text I saved last night on my phone to my laptop PC which I use to maintain this website. Gmail wouldn't send it, and Facebook Messenger blocked it, and even Gab social media would not let me post it through the Android share feature on my phone!!

Sorry, you have been blocked

You are unable to access
gab.com

Why have I been blocked?

This website is using a security service to protect itself from online attacks. The action you just performed triggered the security solution. There are several actions that could trigger this block including submitting a certain word or phrase, a SQL command or malformed data.

I finally was able to connect through Bluetooth to transfer the text so I could post it here.

Gmail eventually sent the text, but it took an unusually long time, over 30 minutes. Usually it's nearly instantaneous.
