

October 31, 1517: The Day Which Began The Liberation of Europe from the Tyranny of Rome!

Martin Luther

On October 31, 1517, a little over five hundred years ago, Martin Luther nailed his [Ninety Five Thesis](#) on the door of a church in Wittenberg Germany. That day was the beginning of the liberation of the minds and souls of the European peoples from the tyranny of the religious system of Rome!

In case you have never heard of [the 95 Thesis](#), Martin Luther wrote them and nailed the document on the door of a church in Wittenberg, Germany, on October 31, 1517. It's the document that started the Protestant Reformation! This document was copied, printed, and spread all over Europe. It infuriated Pope Leo X who promptly labeled Luther as a heretic.

I really enjoyed this YouTube documentary about Martin Luther. It seems to be factual and if biased, biased in Luther's favor!
