

Rare William Cooper Interview in Text and Audio

Milton William “Bill” Cooper (May 6, 1943 – November 5, 2001) was an American conspiracy researcher, radio broadcaster, and author known for his 1991 book [Behold a Pale Horse](#), in which he warned of multiple global conspiracies.

William Cooper is one of my heroes. I read his book, [Behold a Pale Horse](#). He tried to save America from the evil forces that are taking over the nation. I believe the current government reaction to the pandemic is just one more step by the elite to prepare the world for a one world government.

This YouTube will probably be taken down someday, but the text below will continue on for a while longer. How long? As long as the Internet remains free. And as long as I am alive on earth and can afford to pay the \$210 a year for the hosting and \$20 a year for the domain name.

The government encourage the manufacture and importation of military firearms for the criminals to use. This is intended to foster a feeling of insecurity which would lead the American people to voluntarily disarm themselves by passing laws against firearms. Using drugs and hypnosis on mental patients in a process called Orion, the CIA inculcated the desire in these people to open

fire on schoolyards, and thus inflame the anti-gun Lobby. This plan is well underway and so far is working perfectly.

The middle class is begging the government to do away with the Second Amendment. Well it's just one other manifestation of the Nazi Gestapo police state which is taken over this country. What angers me most is the stupidity in the vast herd of American sheeple out there. They think they know something and they don't even know the planet they're on to tell you the truth!

[Behold a Pale Horse](#): Well actually I wrote it over a period of years back beginning in the early 80s and continuing up into about 88. I finished it I believe in 89 and I may have added a couple of things in 90 and then it was published in December of 1990. I have no idea it's been the number one underground bestseller of all time with no advertising whatsoever. And people sell it on the street corners in New York City. Barnes and Noble had to take it off the shelf in their New York City bookstore because it's – by their own admission – it's the most stolen book in their inventory.

Yeah, every prediction that I ever made has come true, except for one. That was only because I had not realized that they had gone as far as they have. And that prediction that I was wrong about was that Manuel Noriega could not be tried in American courts and sentenced to an American prison as he was the head of a sovereign nation and thus had diplomatic immunity, just like anyone he would into our country to represent his country. And of course that certainly proved that no one in the world is safe now in the encroaching New World Order, and they can go after anybody they want to including the President of the United States if they want to! And the Americans don't understand it. They think we can go after somebody, the head of a foreign country, but we're still safe. Well, we're not safe. Nobody's safe anymore.

Well, either Americans are gonna wake up and they're gonna stand up in unison and and take up arms and challenge the federal government to step back within the boundaries of the Constitution, or there's going to be a civil war in this country. The only alternative to that is total enslavement of the entire human race on a global scale, because that's where this is going.

This is all about **a one-world totalitarian socialist government**. It's about destroying all existing nation-states, destroying all existing religions save the religion of those who are bringing this about which is the **secular humanist socialist religion**. The people whose ancestors came to the new world to escape religious persecution in the old world stood and watched the Branch Davidians burn, including all of their children, all of their women. And **they cheered** and said that it was it was because they were a bunch of religious fanatics. I heard Christians say that. I heard Orthodox Jews say that. I heard Baptists say it. I heard Catholics say it. And to their shame, I have to tell them that they are *not* religious moral people! They are stupid ignorant sheeples who are on the verge of enslavement, and they're going to deserve exactly what they get. I have no sympathy for them whatsoever anymore. I used to. I used to cry big alligator tears for them in their ignorance, and I used to do everything I could to wake them up. I've drawn my line in the sand and I'm gonna do what's right by God, and I don't give a

damn who cares or who likes it or who doesn't, **even if it means I have to die on my own my doorstep.** (And that's exactly what happened to him!)

Not only will I not come in, but if the civil war has to start right here, it will. I am NOT a tax fraud or a tax cheat. I pay all legal lawful and constitutional taxes which I am required to pay. I have never defrauded any bank or any person in my entire life. And I will protect my rights with the tools given to me by the Founders in case it should ever come to this. And if the rest of the sheep will want to proceed into the Pens and get sheared, and then continue up the ramp to the slaughter, that's their business. No matter what happens here, I win.

Why do we have to look at the Communists? It's happening right here in the United States. It has been for quite some time. The only ones that have reached the public eye are the Weaver family and the Branch Davidians in Waco Texas. But it's happened on a large scale all across this country in every state. It usually is contained at the local level.

And one of the indications that you will know that I'm right is that you haven't seen what's happening here on any of the major news networks and you're not going to. Because I've taken a stance documented in the law. I posted it on my web page. I have stated that I am a portion of the unorganized militia of the state of Arizona in the United States of America for many years. And that my stance is well grounded. I'm right, I have a right to do what I'm doing. And anybody that comes up here and tries to encroach upon my rights, or take away the protection of the Constitution from me and my family, is going to get a bullet.

But the truth is, the policeman came right out of the community where the sheeple live. Why would anybody think that they're going to be any smarter than the rest of the animals out there? Well it's absolutely true. He is a big exception. There are only about three sheriffs in the entire country who know what their authority is, and have they have the guts to take a stand. This is the only Police Chief that I've ever heard of who's taken the proper stand.

So if you want to know if they're going to go along with it, yeah they'll go along with it to get their little paycheck. See they sold their country out for what \$20,000 a year? \$30,000 a year? That's pretty cheap isn't it? And maybe they'll get a retirement check in 20 or 30 years. Then they sold their whole country out. They sold their children's futures. They sold their grandchildren's future and a great grandchildren whom they haven't even seen yet.

Well in the first place you're wrong in your premise. They don't think at all. That's why commercials are 30 seconds long. That is the attention span of the average American sheeple. They can't think beyond 30 seconds. That's why no American company, or business, or group, plans ahead for about two or three months. And that's why we're getting beat by the Marxist socialist communists because they have five-year plans, ten-year plans, 15 year plans, twenty five-year plans, and fifty year plans. And they stick with them.

Either the American people are going to become slaves within just a few years, and it's going to be an enslavement like nobody can even dream of, and it's going to extend worldwide, and we're the only people that can stop it, because we're the only people in the world still who have the capability and the arms to be able to stop it. Or, there's going to be a civil war which will last between five and 15 years to restore constitutional Republican government and freedom and liberty worldwide.

I don't want it to happen either ever since I saw the plan back in 1971 and 72 when I was on the intelligence briefing team for (unintelligible, it sounds like "sink back suite") to bring about one-world totalitarian socialist government. And when I saw that the United States was behind the whole thing ... this is not coming from without! The United States created the United Nations, States, created the European Union that has just been formed, aces acting as the world's police force right next with his headquarters in Washington DC, stated and evolved policy of the United States government to create world government over the ashes of all sovereign nations and existing religions around this world. When I saw that plan while I was in the Office of Naval Intelligence on the intelligence briefing team, the commander in chief the Pacific Fleet. It's what Behold a Pale Horse is all about! (Laughs) That's what's in that book.

My opinion of William's Cooper's stance on the use of firearms

For the record, I do not subscribe for an individual citizen acting alone (as William Cooper did the day he was killed), without the support and presence of the local authorities, to draw a firearm against federal authorities! Remember Waco. It's my hope that citizens as a group supported by **local state / county / city government including the local police force** would oppose the federal government in the case of blatant violations of the Constitution, including a show of force with firearms if the situation requires it, and especially if the public was in danger by said action of federal authorities. A show of force is a deterrent. Force is the only thing a tyrannical totalitarian regime understands. God forbid it should ever come to that.
