

Japanese Doctors Warn About the Side Effects of the COVID-19 Vaccines

This is a transcript of a press conference called by Japanese physicians. Throughout the decades when I lived in Japan, it's been my observation that most Japanese are honest people and are not easily deceived by the media. When they encounter difficulties, they'll do an honest investigation of the problem and won't be easily swayed by others.

Transcript

We are the General Incorporated Association of the Vaccine Injuries Study Group. We now have this press conference to report on the results of our study since its establishment. My name is Takeguchi, and I will be moderating the conference.

First of all, I would like to take this opportunity to express my condolences to those who have passed away due to health issues after receiving the COVID-19 vaccine. Furthermore, I extend my best wishes to those who have suffered health issues and those who are currently struggling with symptoms.

(Next speaker)

A systematic review of the literature has revealed some surprising facts. Thousands of papers have reported side effects after vaccination, which affect every organ without exception, ranging from ophthalmology (the diagnosis and treatment of eye disorders) to general medicine, to psychiatry. We have compiled this information into a paper that was published yesterday.

These documents have been preliminarily investigated by a group of volunteer physicians. They saw how many cases have been reported by Japanese academic societies. This kind of reporting on drug side effects or the like is unprecedented.

As my specialty is cancer, chemotherapy drugs are plagued with side effects, but the patterns are known and predetermined. The patterns of side effects caused by this (COVID-19) vaccine are not determined. They can occur throughout the body. Multiple diseases can occur simultaneously. Doctors have never seen such a thing. This is the candid opinion of the medical profession.

Japanese doctors are also trying hard, but they face various obstructions. There's this sentiment of 'Why report something like vaccine damage?' There are interferences in reporting. Such actions themselves hinder academic freedom, and in some academic departments, censorship is taking place such as in conference presentations and publications of academic papers. This is happening globally. Some journals are effectively practicing censorship.

We are working on a paper that is expected to be published soon. Once published, we will be able to report in detail. For example, the age-adjusted mortality rate for leukemia has increased, and there are significant findings of breast cancer, ovarian cancer, and so on. We will share the relevant information with everyone as we advise and request the government on how to proceed.

Next, Prof. Yasufumi Murakami, the director in charge of the testing method development working group, will explain the progress of the test development and future outlook.

Prof. Yasufumi Murakami: Thank you, everyone. One thing I want to say initially is that it is clear how the adverse effects occur, which is still having many victims today. **I believe the vaccine should be stopped immediately.**

The mechanism by which adverse effects occur is well understood; **the spike [protein] is toxic.** It's very clear what happens when you administer a toxic gene to a human. Another point is that the Lipid nanoparticles, they are also toxic.

The major problem is that we are injecting two toxic substances into people, one of which is that human cells are producing spike proteins. Since the immune system will attack this, it causes very violent reactions. Some cases occur within one or two weeks after injection, but there are also many cases that appear after one or two years.

Additionally, there is indeed such a thing as good and bad antibodies in humans, and an antibody called IgG4 actually suppresses immunity. Usually with vaccines, if an IgG4 antibody is induced, it is considered a failure. However, with the current messenger-type vaccines, a significant amount of IgG4 is being induced. When this happens, it plays tricks on various immune functions. Therefore, we want to thoroughly investigate what ratio of Japanese people are experiencing this. We aim to carefully examine what level of IgG4 reacts with the spike protein that is present in each individual.

Of course, the problem is, we already understand these factors. Vaccines that have failed are still being administered, and the Ministry of Health, Labour and Welfare recognizes these failed vaccines. So I would like to stop them immediately, but even though I speak out against the vaccine in various places, they don't stop administering them at all. So we will clearly present evidence and publish it in articles one by one.

New speaker: So, we are working with Dr. Fukushima to create this database, and so far, about 201 types of diseases and 3,071 papers on side effects have

been reported. **It is unprecedented in human history for a single vaccine to have this much literature out on it.** With this, we plan to present it to the nation and the Japanese government in the form of solid science that no one can dispute.

In the next slide you will find diseases of the heart, kidney, thyroid, diabetes, liver, skin, eyes, blood, nerves, systemic diseases, brain, and lungs, diseases across all medical fields have been reported as Prof. Fukushima states. The characteristic of the side effects of this vaccine is that they occur simultaneously within entire families.

As for the data, when diseases such as those of the heart, kidney, endocrine, and liver occur simultaneously with the range in which they occur, a tremendous number of papers are reported with many pages.

New speaker: Mental disorders, psychiatric symptoms, depression, mania, and anxiety, came up in abundance. It's endless. It's about understanding why this is happening. That's why, actually, with broader keywords, for example, not just COVID-19 vaccines but also SARS-CoV-2, messenger RNA vaccines, and the like, when you separate it out into various keywords, more and more results come up. So this is just a part of it. Even with what Dr. Inoue introduced earlier, it's just a part of what has been done with the PubMed database. There are things that won't be caught by PubMed. So like "Creutzfeldt-Jakob disease (CJD)", it's not caught, next slide.

However, there are such peer-reviewed papers out there from Dr. Montagnier who discovered HIV and received the Nobel Prize. It's a persuasive paper. But it disappeared. He was cautious from the beginning.

About the spike protein sequence, within the genes, you know, he was warning that if there's a prion-like (pathogenic type of misfolded protein) sequence, it could be very dangerous. Many scientists were warning about it. I too said it could be hazardous because of the possibility of prions. I discussed it with prion experts.

So, if you inject the vaccine into the muscle, it will be taken up by the surrounding cells. People who know nothing about medicine and biology don't think about such specific things, which is why they say it's an mRNA vaccine. However, if you know biology and medicine, such specific things don't happen. That is what we call off-target. Out of control beyond the target. It doesn't know where to go. If it goes into the bloodstream, it goes to the brain, liver, and kidneys. What if it went everywhere? That's something people don't think about. This off-target problem hasn't been solved.

And even if that is solved, there are still many problems. Because these nanoparticles, which were inflammatory earlier, are environmental issues, especially plastic nanoparticles, which are the world's number one problem. They enter the brain. However, those who don't know anything say, "It's plastic, so it won't be digested, so it's okay to eat." They pretend to know, but it doesn't get digested. The person has no idea how toxic organic substances are attached to the surface of those plastic nanoparticles. So, with fragments of such knowledge, they exaggerate things and think they can

go with this. They say, “I know! This is good!” So, honestly, they need to go back and redo from middle school biology to high school and university entrance exams.

As I mentioned earlier, medicine is still immature. Basically, we don’t understand much about the principles of life. Now, this kind of thing has happened, so, turning adversity into fortune, we should learn again here what happens instead of saying, “Go for it, go for it” with the vaccines. Well, it’s like, ignorance is bliss. That’s what this world is about. **Taking vaccines has become a kind of faith. Vaccines centers, they’re like a weird cult. They’re now basically fallen into an infinite hell.**

Simply thinking that things can be understood with fragments of knowledge is a mistake.

(End of transcript.)

If you are Japanese or understand the Japanese language, [click here to listen to the press conference](#).

[Pope Francis Demands Global Tyranny](#)

The ostentatiously “humble” Pope Francis has left Renaissance land pirates like warrior Pope Julius II looking like little boys playing soldiers.

[The Return of Covid](#)

We should not let the Devil's people walk all over us. There is a time to love the ignorant, and there's a time to resist evil and protest against those who are not ignorant but are following an agenda to take us over.

The Jesuits and the Covid Pandemic

Jesuits have infiltrated government agencies such as the CDC, educational institutions, and Protestant churches and seminaries to mislead the public. It was the Pope, the Vatican and the Jesuits who promoted Covid vaccinations which have undetermined the health of the public.

Vaccinated Populations Suffering Strange New Illnesses

I transcribed this text from a One America News (OAN) report, from a video a friend sent me on Messenger. I later found a more complete copy of the video on Rumble.

Transcription of OAN Report

Cameras from around the world are capturing footage of people collapsing in spasms, and what some people believe may be the latest symptom of Covid-19 vaccines. Here's One America News Pearson Sharp with more:

One America News has extensively covered the dangers of the experimental chemical injections the government is calling the Covid vaccine. From heart attacks and strokes to paralysis, neuropathy, and explosive increase in cancer, autoimmune diseases, and even sudden death with young healthy people in the prime of their lives simply falling down dead. The list of fatal side effects from these injections is truly stupefying. While now there are videos emerging of a terrifying new condition that's popping up all over the world.

What you're looking at now is footage from security cameras that shows people suffering from the effects of some mysterious attack on their bodies. In every case, it follows the same pattern. The affected person stops what they're doing and looks around as if they hear something, slowly turning their head. Then they start flailing their arms and legs, kicking and trashing like they're fending off some invisible attacker. This is followed by collapsing on the ground in a convulsion, rising and twisting in uncontrollable spasms. The incidents of this bizarre and frightening new malady have come out of nowhere, and now it's being captured by CCTVS around the world.

Now to be fair, it's not clear if this vaccine death spiral is linked to the TCP (?) injections. But when you consider the alarming number of other gruesome side effects from this vaccine, it's not hard to believe. As far as we can tell this has never been witnessed before. And if that's the case, then we have to consider what could be responsible.

Now let's think: What's the biggest new variable the world has seen in the last two years? Well, if you're not a brain-dead member of the Branch Covidien Fauci Cult, then the answer is simple. Nearly 70% of the world has

submitted to the Covid injections. That's 5.3 billion people whose bodies are struggling to adapt to overcome the so-called vaccine toxic effects. And now we're seeing the results firsthand.

Peer-reviewed studies show a staggering 94% of covid injection recipients have abnormal blood, blood that no longer functions normally. This is a picture of what normal unvaccinated blood looks like at 40 times magnification, and was taken by doctors in Italy studying the blood of patients injected with the Pfizer and Moderna vaccines. Now here we have the same patients just one month after getting the Pfizer injection. You can clearly see the blood has been drastically altered! With researchers saying the vast majority of patients they studied suffered severe blood cell deformation after taking the vaccine. The researchers say metallic objects that resembled graphene oxide and other compounds like you see here or discovered floating in the blood. The scientists said they found extraordinarily anomalous substances in the blood which began forming gigantic foreign structures. The researchers concluded by saying **these results have never been observed before in any vaccines ever**, and that Pfizer and Moderna need to come clean about exactly what they're putting in the vaccines.

They added that the substances in the vaccines are incompatible with normal blood flow. Those gigantic foreign structures seen under the microscope are wreaking havoc on the human body. And now **coroners and embalmers around the country are discovering horrifying clots inside people's bodies!** What you're looking at are the mysterious clots that are suddenly appearing in vaccinated people who later died. And medical experts say this is totally new, they've never seen anything like it until last year. (2021)

Lab tests show the clots are made from something other than human blood. And embalmers says they're showing up in otherwise healthy people who suddenly died from heart attacks or strokes. And when they were examined, their veins and arteries were completely clogged with these strange rubbery fibers that can be several feet long.

Even the young and healthy can be affected, like a teenage athlete in Ohio who suffered from a sudden pain in his legs and back and was rushed to the emergency room where doctors removed a mysterious 6-foot-long clot from his legs! After finding massive clots it's not surprising the FDA is withholding autopsy results of people who died after doing the Fauci vaccines. That's right, the FDA is actually refusing to release autopsy results of victims who received the experimental covid vaccine! They don't want anyone seeing just how grizzly the results are.

Considering this is the crap that's floating around in the blood of everyone that got the Fauci injection, it's no surprise that life expectancy in the US is plummeting at the fastest rate in history. In fact from 2020 to 2021 life expectancy in the US fell by nearly three years, meaning that **people are dying prematurely at 35 times the rate they were before the vaccines were introduced**. But these mysterious deaths all have one thing in common, one common denominator: Every one of them received the new experimental vaccine.

At some point, those responsible must be held accountable: The pharmaceutical giants who made these drugs, the media who pushed their propaganda, and the elected officials in Washington who made it illegal to refuse them. Until then, we the people who trusted those officials can only look on in horror and disbelief at the carnage being inflicted by the murderers we thought would save us.

(End of transcript)

For the record, my wife and I never trusted what the government had to say about the Covid vaccine and we remain unvaccinated. Thanks be to our God and our Savior the Lord Jesus Christ!

[Dr. Vladimir Zelenko's Final Words of Warning and Admonition in Text and Video](#)

Dr. Vladimir Zev Zelenko passed away on June 30th, 2022, at age 49 from cancer. Zelenko became well-known after introducing a three-drug combination of hydroxychloroquine, zinc sulfate, and azithromycin as part of an experimental outpatient treatment for COVID-19 that he promoted as the Zelenko Protocol. It saved many thousands of lives!

Zelenko was born in Kyiv in 1973, and moved to the US at age 3. He was an Orthodox Jew who feared God and loved humanity to the point he willingly sacrificed his reputation to stand against the government and Big Pharmacuitcials for promoting harmful vaccinations what he called, "death shots". May the Lord have mercy on his soul.

Hi, this is Dr. Zelenko. And I'm making this video from my hospital bed. Just want to give a quick update, many, many people have expressed their love and

prayers. And I'm very grateful, thank you.

Unfortunately, I had an MRI, and transesophageal echocardiogram called a T, and it found a tumor in my right ventricle. That's the lower right chamber the heart. And on top of that tumor is a blood clot. That's not pretty good news. It's *not* good news. And the treatment would be to go on blood thinners which I'm on to try to dissolve the clot. And then we have to figure out what to do with that tumor.

To be frank, if that clot breaks off, that's a ticket to the next world. Also, there are more tumors around my lower left lobe in my lung. So I'm in a precarious situation. However, as King David writes, even though I walk in the shadow of death, I shall fear no evil, for God is with me. And I do really feel that way. And those words, resonate in my soul more now than ever in my life.

And there is a Talmudic teaching, that even if the sword is on your neck, a person should never give up hope. And so I'm in a very good state of mind. And, as I frequently said, they are going to have to carry my body off the battlefield. Because my resolve to help humanity, the vulnerable, the innocent, decent people overcome this terrible darkness and plague that is upon us, has never been stronger. And if I have to leave the world, I accept God's will.

But I encourage and plead with everyone else, to up your game and stand up and resist. Resist first within yourselves against giving into fear, and then resist publicly against the policies of tyranny which are coming again.

Because it's pretty obvious what's going to happen right now. The World Health Organization, which is essentially funded by the sociopath (Bill) Gates, is gaining more and more power over sovereign nations. Gates messaged, I think five or six months ago that Smallpox is a big threat. It was supposedly was eradicated in 1980. And it was only found in two labs in America and in Russia in DSL level four labs, the highest maximum security labs. And yet five days after the sociopath, criminal Gates, said his prophetic words, a few vials of smallpox were found in an unsecured refrigerator in a Merk laboratory in Philadelphia.

And so, it's not surprising to me now that we're seeing monkeypox. I anticipate global panic about it. This will be the next media or narrative that will continue the fear campaign to end locked down campaign and mask campaign to create anxiety, isolate you from people you love, and dehumanize you with with these face diapers. And so this is their playbook. And they're going to keep on sending wave after wave of their evil agenda until we make internal resolutions to kick the evil out from within us. We should, in my opinion, denounce the worship of false gods, that of technology, that of science, the god of corrupt governments, money, power, fame, and reconcile our hearts with our Creator who's making us anew, every instant in time.

Basically, the world has now chosen sides, those that will worship the machinations of men, and those that will bow down to the Creator. And so let the culling begin. You know, the world needs a cleaning. And when the process

is done, the world will be filled with knowledge of God, just like the waters cover the seas. And the sociopaths have a big thing coming for them. They think they are gods, they think that they're ruling the world. We'll see. So let the games begin. And I have no problem falling in battle. Because this is a hill that we need to die for. Because otherwise, our progeny will have nowhere to breathe free.

(End of transcript)

[Dr. David Martin: We Are Allowing Human Organisms To Become Bioweapon Factories – Video and Text](#)

Transcription of the interview

Stew Peters: So we're now up to our fourth COVID shot here in the United States. And Anthony Fauci is talking about possibly doing another round of lockdowns too. Hell, I mean, that might happen because half of this country are sheep, and will fall for anything, it seems.

Well, Dr. David Martin recently warned that the ultimate long-term purpose of all of this will be exposing humanity to constant forcible gene editing, via mRNA vaccines and who knows what else. Dr. Martin will be joining me I'm very excited because he also will be speaking at the April let's go Brandon rally, but he joins us now. And I'm excited about that, as well. Thank you for coming. So that's what this is replacing God's likeness, essentially, as we worship the mRNA masters.

Dr. David Martin: You know, it's fascinating. And just the last couple of weeks, I have gone on record for quite some time now, Stew, saying that this entire exercise was about transcribing a computer-synthesized model into the human genome. And in the last month, we've seen mainstream science come back with a giant revelation that it turns out that this shot persists in the human body for an indeterminate period of time. The most recent data shows that at least surviving up to eight weeks in the lymph system, where it

continually produces the spike protein. We see evidence coming from municipal waste systems that allegedly even though we're all allegedly getting better, and the pandemic is starting to normalize, apparently spike protein is showing up in our waste streams at alarmingly high rates. Stew, the reason is because as I've said all along, when you inject the body with instructions to make a chimeric model of a synthetic spike protein, where you have never done testing on that gene therapy, it turns out that you don't know what you might be manufacturing, and how long each individual who gets the injection might be manufacturing these pathogens. And not surprisingly, we were told about this years before this injection started. This is a pandemic of the bio weaponization of the human organism. This is not public health. And Anthony Fauci is the architect of this genocide.

Stew Peters: You have read so many different quotes and given so many examples using the criminals' own words as they have forecasted exactly what was coming and this dates all the way back. I mean, everybody I talked to that has relevant resources can trace this first, it was back to 2015. Then it was 2005. And now even before that, is it possible,...

Dr. David Martin: Yeah, all the way to 1990.

Stew Peters: 1990? I mean, now. Is this, is it possible? Why? What are some other reasons that this could be showing up in our water?

Dr. David Martin: Well, listen, the reason is really simple. We are now obsessing about the fact that every way to Sunday, what is being done is the human organism is now being modified, and it is being modified to perpetually produce a toxic protein known and scheduled to harm humanity. And when I say known and scheduled to harm humanity, why don't we go ahead and make sure I clarify the reference because apparently, people don't understand what it is. Under 7 CFR Part 331, under 9 CFR Part 121, and on 42 CFR Part 73, we have what's called the Federal Select Agent Toxin List. Stew, **this is not my list. This is not Dave's allegation. This is the Code of Federal Regulations where we put very specific toxins on a schedule and say these things are known to harm humans.** They are known to be damaging, and they are subject to the biological and chemical weapons treaties and laws that we have enforced here in the United States. And why don't we read it directly from the schedule because why would I need to make up for the criminals' acts are even more egregious? Any SARS CoV or SARS CoV2 chimeric virus resulting from any deliberate manipulation of SARS CoV2 to incorporate nucleic acids coding for SARS CoV virulence factors. Stew, they actually say that doing the thing they're doing is illegal.

Stew Peters: Hold on, read that again.

Dr. David Martin: Right. Sars CoV and SARS CoV2 chimeric viruses resulting from any deliberate manipulation of SARS CoV2 to incorporate nucleic acids coding for SARS CoV2 virulence factors. That's actually in three sections of the Code of Federal Regulations subject to the biologic and toxin agent program, defined under 18 US Code section 178, as a biological agent subjected to 18 US Code section 175 prohibition of biological weapons. Literally, the statute says what they're doing is a felony punishable by 99

years in prison, and up to \$100 million per count.

Stew Peters: If you didn't think that that was going to happen. And if you didn't think that justice was going to prevail, and if you didn't think that we were going to win, then you wouldn't be fighting as hard as you are, you're fighting because there really was a purpose and you see a way to win, we're going to win, aren't we?

Dr. David Martin: That's exactly right. And, and so it's important when, when, when, still, you know, I'm a broken record on stuff like this. The fact of the matter is, the criminals' own statements are so egregious, that we don't even have to make up a conspiracy because they did it and they published it. So in violation of criminal conspiracy and racketeering laws, they're the ones that actually admitted to it and let's go to the 20 F filing. For those of you not familiar with a 20 F filing, when a foreign company files with the United States Securities Exchange Commission, one of their filings is called a 20 F filing, and Biotech, the mRNA injection manufacturer for Pfizer makes the following statement in their 20 F filing. So let's just, let's just set up at the gate. This is them speaking. This is not David Martin. This is them speaking, I'm reading straight from their 20 F filing.

To our knowledge. There is no current precedent for an mRNA-based immunotherapy, such as the type we are developing, being approved for sale by the FDA, the European Commission or any other regulatory agency elsewhere in the world. Although we expect to submit BLAs (which is the biologics license for mRNA-based product candidates in the United States and in the European Union) mRNA therapies have been classified as Gene Therapy Medicinal Products. Other jurisdictions may consider our mRNA-based product candidates to be new drugs, but not biologics or gene therapy, or medicinal products and require different marketing applications. Securing regulatory approval requires submission of extensive preclinical and clinical data and supporting information the various regulatory authorities for each therapeutic indication to establish the product's candidate safety and efficacy."

Listen, I read it straight out of their filing. When I say that this is not a public health vaccine, but this is a computer generated synthetic chimeric alternative to the virulence factor of SARS co V, which is exactly, exactly what it is. This is actually not Dave's theory. This is the reality that says we are being subjected to a perpetual addiction to a known pathogen and toxic agent. And the reason why Anthony Fauci is now advocating for the next round of boosters to be followed by the next round of boosters, is until we actually achieve the stated goal, which is a 15% population reduction, which I don't know if you do the math quick in your head, but **that's about 800 million people dead**. Until we get there. We will be recommending this injection to harm, maim, kill, murder, and sterilize humanity.

Stew Peters: To murder people. To murder people to prevent them from procreating. To alter their image of God their God given DNA and to make them worship a new master.

Dr. David Martin: Well, and the fact of the matter is, it's their words, not mine. They're the ones that said it. And by the way, it's important to realize that that wonderful thing about SARS cov 2 chimeric viruses that I read from the Code of Federal Regulations, that little thing called the Federal select agent program, that little thing called the Department of Health and Human Services and USDA agents and toxins program, that thing that I read, mysteriously had SARS co2 fragments listed as scheduled pathogens in April of 2020. Stew, do remember in February of 2020 we allegedly had a novel pathogen that we didn't know anything about? Remember, we just invented the thing. And we started filing patents for injections for the thing before we actually knew anything about it. So those wonderful days back in our prescience years where we could anticipate a pathogens emergence before it actually happened, and then build operation warp speed in September before the first accorded evidence of the disease in December of that year, all of the wonderful things that we have unfolding around us. Somehow or another in April of 2020, we had the ability to know that there was going to be SARS Cov2 virulence factors added to a schedule of toxins before we even had a Moderna or Pfizer shot, except we had already transferred those things in November of 2019, under a material transfer agreement to make sure that we had an injection for a pathogen before we had an outbreak of said pathogen.

This is just clear evidence of the fact that this entire campaign of terror, which is what we need to be calling it, this is domestic terrorism. And this is international terrorism. This is bioterrorism writ large. And those acts were willfully and Premeditatedly perpetrated on the population. And to date the population has had not one, not Ron DeSantis, nobody in Florida, no attorney general, no governor, not a single person who has been willing to take on the crime. Not one.

Stew Peters: Disgraceful. It's completely disgraceful. **These are not side effects. These are *intended* consequences.** (Dr. Martin: That's correct.) These are not experimental injections, stop calling them that. This is not an experiment. This is a well-thought-out meticulous plan to commit murder. on a large scale. This is intentionally designed. This was chimerically engineered by people who knew exactly what they were putting into these injections delivered with this mRNA technology. They know exactly what they're doing. These are not experimental, the clinical trial data, they didn't need that they didn't need it. Why? Because they knew what that was what was going to happen. They knew what they were going to do. And the reason there's no threshold for death, the reason why it's not alarming to anybody that only one percent has reported to VARS and 25,000 people are dead, **the reason why nobody's talking about it is because they know that and they have not achieved their goal yet!** That's minuscule in comparison to where they want to take us.

Dr. David Martin: That is exactly right. And what we already know is that if we look at the pseudouridine addition to the mRNA that was put into this injection, if we look at all of the data that we know is now part of the code that went into the mRNA shot, we know that **these things were done with the intention of making them a permanent resident in the organic system.** And by

the way, when you hear B A 2 variant, which is now the latest campaign of terror, recognize something very clearly. This new variant is not an alteration of a natural mutation of any viral model.

This is what's happening. When we have human beings turning into perpetual spike protein manufacturing facilities, we will have variant upon variant upon variant and these are going to be coming from injected people who are allegedly coming down with COVID. These are not diseases born of a natural virus. These are premeditated acts of engineered pathogenicity, where we are now allowing the human organism to become a bioweapons factory itself.

Stew Peters: Wow. Somebody is going to hear this or you wouldn't be putting this all together. Somebody is going to take this. A court is going to hear this, these people will be indicted, tried, and hopefully fried.

Dr. David Martin: Well, and still, you know, we filed in Utah. We filed the federal case in Utah on March the third. It is the first federal case where we're taking on the root of this definitional question around the difference between a gene therapy and a vaccination. We filed in Utah because we wanted to in addition to the claims that we laid out in that case, we wanted to see the federal government trying to defend itself because it turns out in Utah, their defense is going to be an affirmative admission of felonies in the state of Utah.

Stew Peters: Criminal consequences.

Dr. David Martin: Criminal consequences for their response.

Stew Peters: Good. I can't get over what you just said. I mean the reality of that turning the human body into a bioweapons lab, a bioweapon manufacturing facility.

Dr. David Martin: That's correct.

Stew Peters: It's just the most eye-popping most truthful, cutting language that you can possibly use. If that doesn't wake people up, Dr. Martin I don't know what will.

I'm looking forward to actually seeing you in person. That's coming up on April 1. Get your tickets by the way at let's go Brandon rally.org Let's go Brandon rally.org That's April 1 and second and third and Brandon Florida the weather's gonna be beautiful. All sorts of patriots out there truth-seeking. Jesus loving God-fearing inspired people who are unafraid will be there. And I can't wait to put my arms around you and give you a big old hug. Dr. Martin, thank you so much for being here.

Dr. David Martin: I'm looking forward to it. We have Anthony Fauci said we're never gonna shake hands anymore. I'm into hugs. Let's make that happen.

Stew Peters: I'm in! See you then. Dr. David Martin, thank you. God bless.

Dr. David Martin: You got it, take care.

Dr. Robert Malone Talks about Information Warfare Against Truth Tellers

Robert Wallace Malone is an American virologist and immunologist. He is the inventor of mRNA technology. During the COVID-19 pandemic, Malone has shown COVID-19 vaccines to be ineffective and dangerous.

This is a talk by Dr. Malone transcribed by me from a YouTube video below the text. It will probably get zapped from YouTube sooner or later, but this text will remain.

It's been a series of epiphanies that have made me realize that there's no upside to just being circumspect and trying to be a nice guy in this environment. This is full-on media warfare, information warfare, political warfare, 21st century, like we've never seen before, and coordinated globally.

The other thing for me has been the personal journey of coming to terms with what the World Economic Forum really represents. And I really resisted that people initially, were coming to me talking about the Great Reset, and I was like, "Ah, this crazy talk." But then it's all documented! And then you see it being deployed. Here it is. They're proud of it. They don't hide it. This is the vision. It is a full on globalist totalitarian vision, with the money in control.

And I did a lot of political science when I was an undergraduate in the early 80s. And I had read things like books about transnationalism and the New World Order. I've found that fascinating, but confused, how could this possibly happen? And now to see it playing out in real-time, and in a way in which national sovereignty governments are increasingly irrelevant. You know, that's the thing that folks got to wake up about.

This is not about the vaccine. The vaccine is a symptom. That's a really hopeful message going into the new year, is that there's a growing cohort of people that are increasingly aware of how thoroughly we've been manipulated.

I thought I was red-pilled. You know, I've been on the inside for so long and seen Tony Fauci's machinations for so long. That's my origin story, was the initial AIDS crisis starting in 83. When I was at Davis (a university in Davis California). So I saw the hardball politics. It's not that I haven't been aware of that. But I had not been aware before of the information control that is globally coordinated. I mean the [Trusted News Initiative](#) is profound. What that means that has become the Ministry of Truth (Reference to George Orwell's classic novel (Nineteen Eighty-Four)). And what Twitter's doing right now, that I think, with [Alex Berenson's bold and brave lawsuit](#), taking on Twitter, and then I've had a bunch of lawyers come to me because of getting de-platformed or canceled I think is really the right term.

Certainly, people can't deny it anymore. There's so much evidence. And the CNN ratings keep slipping, yay! Maybe we're gonna see some change in 2022. There is a kind of a growing movement and awareness that part of the problem here is the structure of how we have been building our organizations in doing business in a deep, profound way. And just dissatisfaction with what one sees at the World Health Organization and the CDC, and the whole HHS structure in the United States where you have carefully controlled information, only one leader is allowed to speak, only one leader is allowed to represent the position, I think that is gonna turn out to be one of the changes here is a growing awareness that that model is dysfunctional, broken, and it needs to be fixed.

For me, it has been an awakening journey, there's no question. I didn't seek this and never expected it. I find myself at the center of this storm of the resistance. That's what it is really. And I'm still amazed. But it has profoundly changed my view of the information that we receive.

You talk about me becoming more outspoken. I've seen that with my peers too. So for instance, (Dr.) Peter McCullough, he's kind of chilled out a little bit. But when you're attacked all the time. And you have all of this weaponized information against you and no respect... I mean, I'm Mr. Malone, you know, who claims to have invented... I mean, all this language, classic yellow journalism language to have it all deployed against me in absolutely no respect for what I actually did. They never cite all the patents. I mean, they just gloss over all that.

This is asymmetric warfare. We're basically in a guerrilla warfare situation and we got to play it smart. Because what I'm seeing is the other side is generally not very smart. They have a big hammer. They've got all kinds of resources, but they don't seem to be very bright.

I don't know what's going to happen in 2022. But there are some encouraging signs. You know, I try really hard to look for the silver lining and things and if this whole trauma that we've been through nationally and globally, leads to an awareness of how interconnected we are, and the need for healing and the need for community and the importance of integrity, and the importance of human dignity. That's kind of the perhaps naive pollyannish hopeful position in response to the Great Reset, is people use the term the Great Awakening.

“Medical Experts Are Being Systematically Silenced” – Dr. Robert Malone

What we're experiencing is a coordinated media warfare, the level of which we have never seen before. And I in my peers have never seen this level of coordinated propaganda.

“Our government is out of control.” – Dr. Robert Malone

Dr. Robert Malone, co-inventor of the mRNA technology explains how ten's of thousands of physicians & scientists are being canceled simply for questioning the official Covid-19 narrative. The text of the video is below in case YouTube removes the video.

Our government is out of control. And they are lawless. They completely disregard bioethics. They completely disregard the federal common rule. They have broken all the rules that I know of, that I've been trained on for years and years and years. These mandates are explicitly inconsistent with the

Nuremberg Code. They're explicitly inconsistent with [the Belmont Report](#). They are flat-out illegal and they don't care. When you see this kind of decoupling of public policy from logic, then it causes thinking people to say "what the hell's going on here?" And then we go down the rabbit hole is that this? that? or the other thing?

One of the things in that spectrum of what's going on is that the emergency use authorizations are predicated on policy determinations that we're in a state of emergency. Those are now two years old. They're expiring. I'm not saying this is what's going on in their head. But there is another perverse incentive here to amplify the fear porn. And to amplify, if you buy into the hypothesis, that for some reason, there are incentives for the government to maintain the state of emergency, that is one explanation, given that those declarations are expiring, and will have to be re-implemented. Because if they're not, then all of this emergency use authorization vanishes like dust.

It's hard for me to reconcile the behavior of the government and its public health decisions with the data. Is it incompetence? Or is there some ulterior political motive? Or are they just dumb, stupid?

We're in an environment in which truth and consequences are fungible. This is modern media management and warfare. The truth is what those that are managing the trusted news initiative, say it is. In my case, I'm the president of the International Alliance of physicians and scientists. We're over 16,000 people from all over the world, physicians, and scientists. And you can find our website at globalCOVIDsummit.org. We are gobsmacked about what's going on. And we are shut down, censored, demeaned – fill in the blank – all over the world. And they're taking our licenses because we are speaking about these matters.

And you can label me however you want to label me. I don't care. I've done what I've done in my career. I'm at a stage at 62 years old. I've got a farm. It's almost paid off. I raise horses. I love my wife. You know, I've been married a long time. My kids are both married. I got grandkids, man. Oh, I don't need this. There's this claim. I'm doing all this because I seek attention. Trust me. This is not a fun thing to be doing at this stage.

Physicians at [FLCCC](#) (Front Line COVID-19 Critical Care Alliance) in senior positions, Peter McCullough, people at the culmination of exceptional careers, Paul Merrick, an exceptional physician by any standards, run out of his hospital, demeaned, destroyed, actively attacked, trying to take his license. People are losing faith in the whole system. They're losing faith in the scientific enterprise. They're losing faith in our government.

I like to say when I give rallies, do you remember back a couple of years ago, when you felt sorry for the people in the People's Republic of China because their internet was filtered? They weren't allowed free speech. Their government told him what to do and think. Now, here we are.

And the next thing that we all feel sorry about is the social credit system.

Wake up, folks.

The Global Elite Using Mass Formation Psychosis to Mislead the Public About Covid-19 and Vaccinations

This is an excerpt of Joe Rogan interviewing Dr. Robert Malone, an American virologist and immunologist. He is the inventor of mRNA technology used in Pfizer and Moderna vaccines. He has since taken a stance that the vaccines will actually make COVID-19 infections worse and is warning people against them! Expect to find a lot of negative stuff about this man if you search for him on Google. The main tool the enemy uses to discredit the message is to discredit the messenger.

In this talk, Dr. Malone identifies a tool used by governments throughout history called Mass Formation Psychosis. Hitler used it to vilify the Jews for Germany's problems. Lenin and Stalin used it to murder Christians and everyone who opposed them in their regimes. Mao used it during the Cultural Revolution to stir up university students to work for him and purge out anyone who opposed the revolution. Is the world in the midst of mass formation psychosis right now over how to treat a disease that the vast majority of the people who get it survive from? My wife Tess got Covid while she was in the Philippines and got well. She now has natural immunity far better than any vaccine can give her!

Dr. Robert Malone: How does this happen? How do we have this emergent phenomenon? The "how question," right? And you know, behind the "how question" is the "why question" the how question of a third of the population basically being hypnotized and totally wrapped up in whatever Tony Fauci and the mainstream media feeds them, whatever CNN tells them is true.

Let me illustrate that. The other day, I was looking through New York Times' recent articles about Omicron and pediatrics in preparation for this and for making some slideshows. And I saw this headline in the New York Times. The text and the title was "How You Should Think About Children and Omicron." He was blatantly saying "this is how you should think. We're going to tell you how to think." okay, people kind of got to get that in their head. That's the world we're in right now. Now, what [Mattias Desmet has shared with us](#), brilliant insight, is another one of those, "Aha, now that part makes sense."

Which is that this comes from basically European intellectual inquiry into what the heck happened **in Germany, in the 20s, and 30s, you know, very intelligent, highly educated population, and they went barking mad.** And how did that happen? **The answer is mass formation psychosis**, when you have a society that has become decoupled from each other, and has free floating anxiety, and a sense that things don't make sense. We can't understand it. And then their attention gets focused by a leader or series of events, on one small point, just like hypnosis, **they literally become hypnotized and can be lead anywhere.** And one of the aspects of that phenomena is the people that they identify as their leaders, the ones typically that come in and say, "You have this pain, and I can solve it for you, I and I alone can fix this problem for you." Then they will follow that person through him. It doesn't matter whether they lie to him, or whatever, the data are irrelevant. And furthermore, anybody who questions that narrative is to be immediately attacked, they are the other. This is central to mass formation psychosis. And this is what has happened. We have all those conditions.

If you remember back before 2019, everybody was complaining, the world doesn't make sense, blah, blah, blah. And we're all isolated from each other. We're all on our little tools. We're not connected socially anymore, except through social media. And then this thing happened and everybody focused on it. That is how mass formation psychosis happens. And that is what's happened here.

Now there are ways to get out of it. Mattias' recommendation is you got to get people to realize that what **we've got is a situation of global totalitarianism.** In his experience in Europe, making people realize is a bigger threat than the virus can cause a separation psychologically, in this fusion, this hypnosis that is happened. The problem is, then you're just substituting a bigger boogeyman for the current one. And somebody else can come in and manipulate that the real problem, and it gets back to your core point. We're sick as a society, and we have to heal ourselves. And one of the things we have to do is come together, we have to recreate our social bonds. We have to buy into integrity, the importance of human dignity, and the importance of community. That's how we get out of this. And I think that this insight of Mattias Desmet, is really central to kind of making sense of all of this crazy.

We got a world in which the press is incentivized to push a storyline because they're all controlled by the same large funds that Pfizer is, and so as tech. I don't know how we're gonna get out of it. But it's got to start with us. All of us finding common ground.

[**Dr. David Martin | Exposing the Coup**](#)

D'Etat & the Plot to Steal America – In Text Format

This text was transcribed from a video I found on Rumble. If you want to listen to the video first, just scroll down to the bottom of this article. If you find any errors or typos in my transcription, please tell me so in the comments section below and I'll fix it.

Speaker: Ladies and gentlemen, please stand on your feet and greet Dr. David Martin. (Applause)

David Martin: Thank you very much. Mikki (Willis), you would you stand up, please? Many of you know me because of the work and the brilliance of this man and his team. And well, that's interesting. What you don't know, is the speech that I'm about to give is because this man is not just behind the camera. He's actually a brother. And what he did to me a few months ago was he called me and he said, "You know what?" He goes, "You presented all the facts. You've been out there in front of this thing before it was a thing." And he goes, "But there's something missing. And there's something that's missing is your humanity. What happens when I sit close to you is one thing. And what happens when you're on a stage or on a camera in an interview is a different thing." And he goes, "You need to bring the man into this presentation." So the presentation that you're hearing today is because I have a brother who holds me accountable. Mikki, Thank you. (Applause)

COVID-19 and SARS C0v2 was a coup d'etat. And let me be precise about what I mean by that. Sedition in the United States is actually defined very simply, by when any act is done by a conspiring party or group of parties, that its intent is to disrupt or interrupt or overtake the government of a state or a country. And under 18 US Code, the act of sedition was in fact, a coup d'etat to ensure that there would not be a democracy in 2018. Okay, and I'm going to present across the next few minutes the evidence of that. And I'm going to end my presentation with a challenge to you. Because during my presentation, the 30 minutes that I have, is going to cost two children their life because of the inaction of every attorney general in America, because of the inaction of every US attorney, and because of the inaction of every governor in this country. But my grandfather said, Never attribute to malevolence what is ignorance. So in the next 30 minutes, I'm giving every elected official the opportunity to do the right thing. And after 30 minutes, I'm not going to give them that opportunity again. (Applause) So you got Mr. Nice Guy for 30

minutes.

Next. Now, most of you don't know the details of all of the elements. And the good news is I'm going to flip through these slides very quickly because the end of the story is the important part of the story. But for those of you who don't know, COVID is a direct result of HIV Inc. HIV Inc. was founded in 1984. Anthony Fauci was the chief architect of HIV Inc. And his goal was to use sexuality, and specifically homosexuality, as a way to indoctrinate humanity into the acceptance of a universal vaccine mandate. Now, interestingly enough, most of us didn't take the bait. And the reason we didn't is because we didn't live the lifestyles that were associated with HIV in 1984. But cunningly, by 1986, Anthony Fauci and his team at NIAID (National Institute of Allergy and Infectious Diseases) and his minions at the CDC had convinced each and every one of us that maybe we've been in a car accident, maybe we would get a transfusion, and maybe we would get AIDS, which was the justification for a universal HIV vaccine in 1984. It's gonna get nasty because I'm going to show you some real images from 1984 just to let you see that what I'm saying is not my imagination.

But in 1984, something happened. People realized that to accept a universal vaccine, we needed to create a liability shield for the manufacturers of those vaccines. And from 1984 to 1986. We actually built **the first-ever product immunity in the United States, which allowed manufacturers to kill people with intent**. And you heard what I just said, kill people with intent. Anthony Fauci was quoted himself as saying that the ultimate killer of pharmaceutical interventions with vaccines was the smallpox vaccine, which killed one in every 100,000 and injured or maimed one in every 10,000. Did you hear what I just said? Killed one in 100,000, maimed one in 10,000. And that was something that he thought he could turn into a universal vaccine for HIV in 1986. I don't know what an acceptable death rate is for you people. But an acceptable death rate for any product, anywhere in the history of humanity in my definition, is zero! (Applause)

But then, a little dirty secret came along. Somebody at the NIH (National Institutes of Health) said, "Hey, Tony, Cool your jets baby. We have this drug called AZT. And we don't want a vaccine too quickly. We want to kill people with AIDS with AZT. So let's run the clock on it in the state of North Carolina...". By the way, if you're from North Carolina, or you've done anything in North Carolina, you got tar on your heels and blood on your hands. Because the state of North Carolina since 1986 has been brought to you by HIV Inc.

That's a bummer. I think I just lost the elected officials in North Carolina. Shoot. I couldn't even make it through a presentation.

UNC-Chapel Hill began the weaponization of Coronavirus in 1986. But by 1996 Anthony Fauci had a little plan. Coronavirus, as a model, has a very interesting set of attractive attributes, which include this very interesting thing called a spike protein and a couple of other binding sites where the virus allegedly binds to the outside of the cell. And it turns out that Ralph Baric (a professor) at the University of North Carolina Chapel Hill, was the very first person to figure out how to take a pathogen, which used to be an infection of the gut, gastroenteritis. For over 30 years Coronavirus was gastroenteritis. But Ralph Baric figured out how to weaponize it and not weaponize the virus, weaponize the spike protein. And he was the one that figured out how to make **a thing that used to hit your gut, hit your heart**. That was gain of function ladies and gentlemen, the thing that we never did, allegedly. He did it! And in 1996, he received a grant and then a series of grants in 1999, by Anthony Fauci to actually weaponize the Coronavirus spike protein so it could be used as a vaccine vector with the idea that it would be the next HIV vaccine.

That's when I started watching this. I've been a locust-eating prophet in the wilderness. (Laughter) Because my first briefing on this was in 1999. My first intelligence briefing on this was in 2003, in a published document that I have sitting on my desk to remind me that sometimes being right isn't as good as being effective. Turns out I was right in 2003. And unfortunately, I wasn't effective.

But Fauci ran into another problem. And in 1999 to 2002, and patented by the University of North Carolina Chapel Hill, and conveniently in the fall of 2018, do you all remember the big Coronavirus outbreak of 2018? No, that's because there wasn't one. But in an unprecedented move, the University of

North Carolina Chapel Hill was forced to sign their SARS vaccine patent from UNC-Chapel Hill back to NIH. By the way that hasn't been done. But they did it in the fall of 2018. Does it feel like they were preparing for something?

Next slide. Do not read this slide. Because I used to hate professors who put reading charts and eye exams on slides. Don't read it with any luck, Clay Clark can figure out how to make all of this presentation available to you. And I hope he does because that's what it's for. But in 1984, we created the vaccine nightmare, and **we let Anthony Fauci have \$191 billion**. And you heard the number, right, *billion*. We've been told about \$3.7 million going to China, and we're supposed to be upset about that. How about \$191 billion of your taxpayer money that has gone to weaponize nature against humans? 191 billion, and let's do the little walk-through, shall we? 1984 we invent the **vaccines for HIV, which led to death and permanent disability to over 50% of the participants**. But that was okay because they were gay. That was okay. It gets worse. Okay. 2001 you remember the anthrax scare the domestic terrorism scare? Did anybody know that the US military in the spring of 2001 ordered 300 million doses of Ciprofloxacin? 300 million doses. Now we have a pretty compelling army in this country. But with all due respect, 300 million sounds like every citizen in America, it doesn't sound like every member of the US military. And how is it that at least five months before anthrax was released, we ordered 300 million doses of the treatment called Ciprofloxacin? And from – oh that's right – a German company called Bear.

That's by the way when I started busting these stories because it turns out that this wasn't the only pathogen that was being developed by the Department of Defense. And it was interesting because in the early 2000s, I started seeing Coronavirus show up in a bunch of DARPA contracts and a bunch of DOD contracts and I'm sitting there going, why would we be doing that? Why would we be taking a thing which was for dogs and porcine – that's pigs by the way, that's a scientific term for pigs. Think bacon and you got it. Pigs and various other vertebrates? Why would we suddenly be trying to weaponize that and make it hit human lung epithelial cells and human cardiac cells? Why would we be doing that? And why would the Defense Department be doing that? Is that where you expect to go to kind of get your kind of basic treatment programs? NO!! And you don't go there? Because it sounds like a weapon system if it's being funded by billions of dollars of Defense Department black contracts, doesn't it? Or is that Dave the conspiracy theorist?

Well, let's jump into my favorite 2016 protocol, the [AMP \(Antibody Mediated Prevention\) protocol](#). The AMP protocol has a line that I absolutely love. This was when we decided to let the University of North Carolina Chapel Hill develop the HIV vaccine. And it turns out that read what they said about this protocol, it will take place in sites, 24 sites in Brazil, Peru, and the United States and will enroll 2700 men and transgender people who have sex with men. What?! That's by the way straight out of the protocol.

If you don't believe what I say about the fact that Fauci has no concern for human life, but is more than happy to kill people who most people think shouldn't live anyhow, guess what happens? We start introducing the camel's nose under the tent and we start saying it's okay to kill people in the advancement of science. Now listen, people listen carefully. I am not

advocating for any lifestyle. But what I am saying is that when you've decided that you're playing God and that there is a person by any designation, that doesn't deserve to live, you left humanity! (Applause) Period! If any of you see my wife, you know, I'm very heterosexual and very happy. (Laughter) But that doesn't justify making a determination that somebody who doesn't share my values is worth killing in the name of HIV Inc. (Applause) Let's be clear on that. And then 2016 2019. And by the way, look at 2019, the hepatitis C vaccine, which guess what has to do with yet another sexual context story that they tried to turn into, they were killing people that are promiscuous, and usually gay and promiscuous, so we don't care about that. I'd love for some of the bleeding hearts left to actually realize that they're the ones celebrating the execution of the people who they allegedly represent. I think that would be a very interesting proposition. Because maybe somewhere along the line, we should actually go back to 1984. And look at the ghost of Anthony Fauci in this slide, by the way, if you see this slide that's on the screen, what you'll see is 1984 Anthony Fauci, no kidding. That's what he looked like in 1984. He still looked like that center from the high school basketball team.

What?! I'm going to tell you if I had to bet on a basketball team, and I knew that Anthony Fauci was the captain of that team in high school, I bet against him. And guess what, I'd bet against him now, too, because the dirty little secret is he actually made the statement, "it is quite possible. In fact, it's invariable that we will develop a vaccine for AIDS." Now, you know, sometimes there are things called Freudian slips, people say things and they didn't mean to say it. So I want to give him credit. He probably misspoke. He probably meant to say it's inevitable that we'll do it. But he didn't say that. He said, it's *invariable* that we do it. And it turns out that if you look at the definition of the word invariable, you know what it means? "I'm never going to stop doing a thing". Ah oh! You think we're talking about a COVID vaccine right now. No. We're still talking about Anthony Fauci's fantasy of an AIDS vaccine. Don't make a mistake by being fooled.

Next slide. Here's the problem. 1984. He had an epic fail. He tried to make an AIDS vaccine, it didn't work. In 2005 he tried to do H1N1, an epic fail, people died, it didn't work, people didn't roll up their sleeves, epic fail. And then a bummer of an opportunity came along. In 2018 we actually did have an influenza pandemic. We had a lot of people that died. And guess what we didn't do. We didn't shut down countries. We didn't shut down borders. We didn't shut down schools or churches or anything else. We just let people die. And it was seen inside of NIAID as a lost opportunity. Dead people was a lost opportunity. So what he did was he figured out something and he gave the University of North Carolina Chapel Hill a grant to create a pathogen. So that we could actually get, and I'm quoting, "the public to accept the need for a pan coronavirus vaccine. We need the media to create the hype to get to the real issues. We need to use that hype to our advantage. Investors will follow if they see profit at the end of the process."

cps keratin hair mask | eBay

- [illegible]

And here's where it gets nasty. You guys know the guy on the right. What you don't know is the guy on the left. And here's the story you don't know about the guy on the left. The guy on the left is Alex Azar. Now, what you don't know about the guy on the left is the guy in the portrait further to the left is even a bigger problem, Henry Waxman. Henry Waxman the patron saint of caring about health, who was the one that made sure every pharmaceutical company got a shield of liability so they could never be held accountable. That Henry Waxman had a very interesting guy appointed by Trump in 2017, Alex Azar, Director of the Department of Health and Human Services. What Trump didn't know, what you didn't know, what most of America didn't know was Alex Azar was an executive, not a physician, an executive at Eli Lilly. And at the time of his appointment, he happened to be under investigation for price-fixing diabetes drugs in Mexico. Hmm hmm. In fact, during his now found to be collusion and racketeering and price fixing an antitrust violation, which turned out to be, held to be, exactly what I just said. While he was actually trying to deflect attention from the racketeering that he was doing by price-fixing insulin in Mexico, he actually made President Trump sign an order. That was the execution order for Americans. And President Trump was advised by appointed individuals who never told him the facts. This ladies and gentlemen was treason. This was treason. And anybody who wants to point the

finger at Donald Trump, the best you can do is say he was subjected to corruption and maliciousness and treason and traders within his circle. That's true. But when he signed this, he did not know the cost. He did not know. And the persons who did know was the lobby, the pharma lobby, the single largest donor in US history to political campaigns. They were the puppets that actually put that paper in front of Donald Trump. And **Alex Azar was the executive responsible for the death and destruction of America.** And you have not even heard his name. Because criminals like to put other people upfront. Well, they hide in the shadows. Well, guess what, we're not going to let happen today. A lobbyist turned executive, turned architect of oh my gosh, under the Bush administration, Alex Azar was the one who also came up with the prep Act, which actually shielded companies from liability in the event of a national emergency. **Alex Azar is the perpetrator of the largest genocide this country has ever seen.** And you do not know his name. But that just changed today. (Applause)

Oops, that was my out-loud voice. And it turns out, he's the boss of Anthony Fauci. He's the boss of CDC. He's the boss of NIAID. He's the boss of NIH (National Institutes of Health). He's the boss of the FDA. And guess what? He's the first guy that the FBI should cuff, lock up, and put in prison for the rest of his life! (Applause) That's our target. And don't think I'm actually advocating justice for the sake of justice. I'm advocating justice, because the minute we actually have the first felony conviction, the first time the emergency use authorization vanishes, because it turns out the emergency use authorization cannot stand if the basis of it was a felony. And that's written into the law. We have one focus. We have one silver bullet. And I am waiting for one AG (Attorney General) in this country to stand up and be accountable for the lives that are being lost because well, I'm talking, two children died because they're being murdered by a collusion racket. Which is like having Al Capone drive through the streets of Chicago and shoot into a school. You wouldn't sit for that but you have sat for this. Well, guess what? Not after this. From now on every hour that you do not follow the instructions I have at the end of this speech, for every hour that you don't take action, another two children die. And I want you to go to bed tonight asking yourself, did you pay attention? Or Are you cool with two kids dying every hour? I want you to sleep on that. I want you to sleep with that. Because on my watch, that ain't gonna happen.

Now I may be David and I may have a couple of river stones, which I'm going to share with you. And we got a Goliath that we got to work with. That's okay. But let's do the next slide because I got a punch line. And I'm going to get on schedule, in fact ahead of schedule. I'm going to end early to respect the next speakers. So here we go. That slide. Here's the deal, guys, you're going to share this slide, so I don't have to talk about it right? We're going to figure out a way to share the slide. Awesome. So you don't, I don't have to talk about it. Because I do have to talk about this.

There are two websites right now by any grace of God in the next five minutes or 10 minutes or hour, there's gonna be 100 websites like this, because what I conveniently did for every attorney general for every US Attorney for every law enforcement agent in this country, what I did was I went ahead and

drafted the indictment notice. (Applause) The United States of America v. And let's read it out because that's all the time I have.

United States of America V

- Alex Azar defendant
- Anthony Fauci, defendant
- Peter Daszak, defendant
- Ralph Baric, defendant
- FDA, defendant
- CDC defendant
- NIAID, defendant
- Moderna defendant
- Pfizer defendant

We are going to do the following, you're going to go to that website, DavidMartin.world or fullyliveacademy.com, there's a button that says AG document, you are going to print that document and you're going to deliver it to every attorney general in every state, you're going to deliver it to every US attorney, you are going to put them on notice that from this day forward, and literally from this minute forward, every death is on their hands, because they can do something about it. And they have chosen now four times in four meetings, they have chosen to say, "Dave, this is a political, not a legal issue." And that's a quote from AGs offices. **Make it a legal issue.** And if they haven't made it a legal issue, if you haven't heard that an AG met with me, make it a political issue next year. Because this is our country, these are our children, and we will not let them die on our watch. (Applause)

Ladies and gentlemen, we the people can do something. You now are entrusted with much. And to quote that beautiful narrative in the Gospels. When you have been entrusted with much even more is required. Guess what? I just gave you the river stones. There's an eight-count indictment, all felonies, all punishable by up to 99 years in prison, and up to \$100 million, fine. And, and I'm going to tell you today that anybody who works with me on this case has to agree to the following. All of the proceeds that we get from the collections of this lawsuit, and I mean, all of them are going to go to a Vaccine Injury Fund that does not require anyone to prove that the vaccine did anything. Because it turns out that every mother, every father that has a vaccination injured child, whether it was caused by it or associated with it, those people need our help. And every dollar that is ever collected is going to go to make sure that we the people honor the fact that real humans have suffered under the hands of a colluding set of conspirators who now it's on us to make sure go away forever.

Ladies and gentlemen, you can do it. And today, right after this speech, Mikki Willis and I are going to go back to the booth up there. And we are going to sign books together. So the Plandemic books if you want them, Mikki and I'll be back there. We'll be happy to sign your books. And listen people, we can do this together. You now have been entrusted with much, even more is required. Thank you very much. God bless you.

Covid-19 Vaccinations – “A Malicious Act of Bioterrorism” – Dr. Zev Zelenko

Transcription of video below

Dr. Valdimir (Zev) Zelenko: I would take the words of Bill Gates seriously. Not because he's a prophet, but because he's a criminal. Because he's a bio-terrorist. Because he's a eugenicist. Because he's a sociopath. And he has a proven track record of being right. Well, that's not surprising if you're actually orchestrating it. So it's not a coincidence that an eradicated virus that only exists in the most secure neurology labs appears in an insecure Merc laboratory in Philadelphia. Four or five days after the sociopath Gates tells us we should expect a smallpox outbreak.

Sean, the SGT Report Host: Oh, my goodness, friends, that was Dr. Zev Zelenko. And this interview could literally save lives. Now, you may know people who have taken the vaccine, and it's too late to help them. But maybe those people have children. And maybe, just maybe if you get this information to those people, you might at least save the lives of their kids.

(Keto advertisement skipped.)

It's Sean from SgtReport.com and SgtReport.tv. I'm also very pleased to have back on the show the one the only Dr. Zev Zelenko. He is the inventor of the *Z Stack*. And guess what? They now have *Z Stack* gummies for kids. What does that mean? Well, it means you don't have to get sick when the "flu season" returns or COVID season. Well, we know what it really is. Dr. Zev Zelenko joins me now. How are you sir?

Dr. Zev Zenlenko: I'm doing great. Thank you. Thanks for having me.

Sean: Glad to have you back. I'll leave the link to *Z Stack* below if people want to check that out. It is quercetin which is the delivery system for zinc, vitamin C, and vitamin D the stuff you need to stay healthy. Dr. Z, I am now fully convinced that what we are up against as it pertains to this

experiment rolled out by Pfizer, Moderna, FDA, CDC, NIH, this experiment people are taking part in willingly is really an IQ test. So if I may, we'll kick this off with a soundbite from a woman who, look, my heart goes out to this person. I don't know who she is. I'm not making fun of her. But this really is an IQ test and people ought to know what they're participating in before they willingly participate in and run out and get the jab.

Sickly looking woman: So I got my third dose of the Pfizer booster vaccine on Sunday. And on Monday, by about 10:30 in the morning, I was having body aches and pains and chills and stuff. Pretty bad. I went home. Then that night, I could not stay awake. I was having fevers, still chills, still the body aches. Yesterday, body aches and pains. But by the afternoon I thought I was doing pretty good. Woke up this morning. I have sores all inside my mouth. The fever is back. I still have the body aches, massive migraine. As much as I love my shots. Side effects.

Sean: I'm coming back to you Dr. Zelenko. Boy, I don't think she has any idea that she's probably experiencing blood clotting. Her immune system is crashing. A lot of these people have no idea what they're participating in Dr. Z. Is it an IQ test? What do you make of what she just said?

Dr. Zev Zenlenko: I think it's more accurately an EQ test, an emotional intelligence test. And what I mean by that is the problem of the psychological warfare that has been waged on humanity, which is basically the use of prolonged fear together with isolation from other human beings and the people you love. What that does, is psychologically decompensates a person. They live in such an emotional horror, that they're they become prime targets to be manipulated by any false promise. So if I'm creating anxiety, and then I come to you and I said, dangle a vaccine in front of you and say, Well, this is going to help you. Most people take that vaccine, not for intellectual reasons at all. Their minds have completely shut down. They're acting purely on emotion. And they're gravitating towards taking that vaccine because it reduces their anxiety in the short term. So and that's why if you challenge them, they get belligerent even the most – I've had debates with incredibly intelligent people, but I see their minds are have shut down, and they become belligerent because my words are bringing them back into a state of anxiety that they definitely don't want to be in. So it's the shutdown of the intellect and the irrational behavior that's being fueled by their emotions. And that's really what's going on here. I think it's not really IQ raw, intellectual talent because I know plenty of people with a higher IQ who are fallen victim to this psychological warfare.

Sean: I think that's very fair. That's a very good point. And let me ask you this. Do we make a mistake by calling this thing, a vaccine? I just listened to a powerful interview, a roundtable between Dr. David E. Martin, Robert F. Kennedy, Jr. I believe Judy Mikovits was part of that and one other person. And David E. Martin said we have to stop calling this a vaccine, or we've already lost the battle. It is not a vaccine. It is an mRNA weapons delivery system. Is he right?

Dr. Zev Zenlenko: Yeah, I mean, listen, language is very important. You could call it a vaccine if you call it a vaccine that kills people. You see, the

problem is we grew up thinking the word vaccine is associated with health, with goodness with preservation of life. So most of humanity associates the word vaccine with something good. And that's the marketing ploy here. There's also a legal ploy where something's called a vaccine, pharmaceutical company that's making it cannot be sued, or it's difficult to sue them and they're indemnified. So **there's a legal benefit to being called a vaccine**. But for my purposes, if you want to say there are vaccines that save life, and there are vaccines that are weapons of eugenics and kill people, that's fine. I personally call it a *Poison Deathtrap*.

Sean: As do I, and here's what I want to do for that poor woman. Look, she's already taken the booster. So she's three shots in, there's nothing we can do to help her. But for those who are listening, and I do have a friend I reached out to several months ago, probably close to six, eight months ago at this point, warning this person to at least watch an educational video I sent her it was 14 minutes long saying please watch this before you take the VAX. They're very dangerous. I know she didn't watch the video and her reply to me via email was we're going to have to agree to disagree on this issue. Okay, So I want people like her and those who might be considering jabbing their own kids to understand what we know. Got a lot of sound bites I want to play here and Dr. Zelenko is an expert so he'll weigh in on the sound bites but here's what we know. And Dr. Z you tell me if I'm forgetting anything.

Number one, this Vax is experimental. It is mRNA technology the first-ever of its kind used on human beings. Pfizer, Moderna, J&J have indemnity from lawsuits. If you participate in this experiment and get injured or die, you cannot sue them, there will be no financial recovery for you. And finally, here, **the FDA wants until 2076 to fully release the Pfizer Vax data**. I don't know if you saw that line item. I can put it up on the screen here. What am I missing? That's what we know. And I have additional sound bites I want to play to demonstrate for people what this Vax is doing to the blood of those who take it Have I missed anything so far?

Dr. Zev Zenlenko: Yes, I don't know if the word "experimental" conveys the malignancy here the malfeasance of what actually is going on. So in October of 2020, the FDA made an internal presentation to its own scientists. And that presentation was not meant to be leaked, but it was, and we have it. And on slide 16, which I'll provide for you so you can include this in the video, on slide 16 of this presentation, the FDA lists all the side effects of these vaccines. Now, this is two months prior to the rollout. Yes, that's two months before this vaccine, these vaccines were released onto the public, the FDA presented this slide to its own scientists. Now, if you jump ahead to today, if you look through and go to the VAERS database, and just look what are the categories or side effects that actual human beings have experienced, that have taken the time to file a report, or the doctor has taken the time to file a report, **there's a 100% correlation between what actual human beings have experienced clinically, and what the FDA told his own scientists two months prior to the release of this bio-weapon**. So whenever you have 100% correlation, what that means is a term for that. **It's called premeditated, first degree, capital murder, crimes against humanity, and genocide!** This is *not* an experiment. This is **a malicious act of bioterrorism** and the complicity

of our own government and agencies that are have been charged and put into power by us to protect us **who have whored themselves out to special interests** and stakeholders. They serve everyone except the American people.

Sean: Thank you for that you're 100% right. I soft-pedal it when I call this an experiment. It's so much more than an experiment. It is a plot to depopulate! And I think that segues nicely into this next soundbite. I want to play this. This is Karen Kingston on the Stew Peters show. Now Karen Kingston is a biotech analyst and an auditor of drug trials data. Very, very bright woman, she knows what she's doing. She knows how to analyze all the paperwork, mountains and mountains of documents that come out of these trials. And here's what she has to say about Pfizer and this particular product, that they're masquerading as a vaccine, listen to this.

Karen Kingston: The CEO is not oblivious as to what's going on with the phase three trials. They're very much aware of it. And this evidence shows that they conspired to commit aggravated assault and murder of children with a bioweapon. And maybe your audience or naysayers are saying you have no evidence this is a bioweapon. Yes, I do. Take a look at the biological license application that was submitted actually submitted in May of this year. And what it says under the product description verbatim is the mRNA Kornati (?) is a single-stranded mRNA encoding the full-length SARS code two spike glycoprotein derived from the Wuhan-HU1-11slip that was uploaded to Gendai by China. It is the bioweapon! That's what it is. And it's literally called the Wuhan-HU1-Spike protein. We know that's a bioweapon. If you still don't believe me take a look at the patent that was issued on January 10 of 2017. And it was issued to actually MIT and Harvard. But this all rolls up into the master cotton. (?) And who funded this? It says under state government support the invention was made with a government support order by the NIH. But if you go to section nine, what does it say, Stew? It says that this nanotechnology vaccine will deliver a molecule. In some embodiments, the small molecule is a toxin. In some embodiments, the toxin is from a chemical weapon or an agent of biowarfare. **The NIH patented a vaccine to deliver a bioweapon.**

Sean: Alright, sir, I'm coming back to you. I don't know if your blood is boiling like mine is but my understanding is within the last week, the NIH Director has called for the arrest of those spreading what he calls disinformation about this product.

Dr. Zelenko: The NIH, CDC and FDA are **the enemies of the people**. They should be held accountable. I'm a person who believes in the rule of law. Once they're convicted for crimes against humanity, whoever the leadership is, which is a whole list of people that should be targeted, they should be brought to trial by military tribunal, and if they're convicted of crimes against humanity, genocide, and mass murder, they should be executed. And that should be sent a message to future despots that we have a rule of law here, you will be held accountable. And we society, humanity will not tolerate the terror, the terrorizing of innocents, and a war against God-consciousness and an attempt to enslave masses of people. We will come after you.

Transcribed up to 15 minutes 21 seconds. I hope this inspires you to hear the entire discussion.

Australian Aboriginals Hunted by MILITARY, Children Vaccinated by FORCE Against Parental Wishes!

Stew Peters: Alright, so I just saw this video, which shook me to the core. I'm about to show it to you. And this is what I'm going to say right now before I show you this video. All of you Hollywood actors, musicians, so-called celebrities, NBA, NFL football players, all of you people of influence with big platforms, put down the Courvoisier (brand of cognac) for a second, okay?, take off the Prada shades, get out of the Ferrari, and take a look at this video. All of you lawmakers, politicians, so-called elected representatives. Take a look at this video.

I told you we're tracking what's going on in Australia right now. There are all kinds of reports all over the internet of Aboriginal people being chased down hunted like wild animals by their own government by their military. Kids are being chased by the military personnel, tackled to the ground, pinned down and forced jabbed with syringes, needles, with syringes filled with this bio-weapon that you people are calling a vaccine.

Okay, we're not having the vaccine debate here, whether or not this is a vaccine or a bio-weapon. But there is under no circumstances should it be tolerated by the United States of America, the only superpower left on the planet that this is happening to somebody in their country, an allied country, a Western country with a democracy that up until recently has been formed, very similar to our system here in the United States. Watch this video.

Covid Vaccine Causes Myocarditis

This article is from a paper by Drs. Peter McCullough, M.D., an American cardiologist, and Jessica Rose, Ph.D., a specialist in Orthopedics and Sports Medicine at Stanford Children's Health Specialty Services. It was published by Elsevier which is a Netherlands-based publishing company specializing in scientific, technical, and medical content. After the preliminary draft of their report was peer-reviewed and approved for publication, it was posted by the publisher on its website. **Shortly thereafter, the publisher, Elsevier, without giving a reason, suddenly withdrew the publication.** (Partial text from Dr. John G. Hartnett's web article on <https://biblescienceforum.com/2021/11/08/follow-the-silence-paper-proving-covid-19-vaccines-cause-myocarditis-is-removed-from-publication-without-explanation/>)

COVID-19 'Vaccine': A Bioweapon

Dr. Jane Ruby is a prominent health economist and new right political pundit. She currently works as a president at Ruby Health Consulting since 2018. It actually provides innovative solutions for Health Economics and outcomes

research (HEOR). She calls Covid vaccines a bioweapon. I sure wouldn't bet my life that she's wrong.

Americans Must Stand Up And Say “I Will Not Comply” With Covid Mandates Right Now Or Face A Life Under Totalitarianism – By Dr. Chuck Baldwin

This is a repost from:

<https://chuckbaldwinlive.com/Articles/tabid/109/ID/4192/Americans-Must-Stand-Up-And-Say-I-Will-Not-Comply-With-Covid-Mandates-Right-Now-Or-Face-A-Life-Under-Totalitarianism.aspx>

Published: Thursday, October 21, 2021

([To subscribe to Chuck Baldwin's columns, click here.](#))

The world (led by the United States) has been under Covid tyranny for over 18 months now. At the very beginning of this masquerade, we were all taken off guard. No one then could have dreamed what the satanic eugenicists Bill Gates, Anthony Fauci, et al. had planned for us.

For a few weeks, everyone gave the medical establishment the benefit of the doubt and believed they were truly looking out for our health—although some of us NEVER put on those stupid masks. (To this day, I have not worn one of those beastly masks—not once.)

But now the jig is up! We know exactly what Gates and Fauci are doing; and it has absolutely NOTHING to do with keeping us healthy.

The Covid narrative is a planned exercise in global tyranny. Not by coincidence, the countries that are denied the right to keep and bear arms are suffering through the worst of this tyranny. The Aussies and New Zealanders must now realize how foolish they were to allow their governments to disarm them.

As we were forced to traverse these tumultuous tyrannical waters, we became aware that Fauci and the CDC were lying to us all along. From the very beginning, they manipulated, exaggerated and lied about Covid deaths. And now they are lying and covering up the deaths from the Covid gene therapy shots (they are NOT vaccines).

[In this report](#), Joseph Mercola makes a compelling case that the Covid jabs have already killed over 200,000 people in the United States:

Yesterday, October 8, 2021, I published a Highwire exclusive interview with Deborah Conrad, a physician's assistant who is blowing the whistle on COVID jab injuries, and the fact that these injuries are rarely reported because of a faulty VAERS database design.

Today you're in for yet another bombshell video: "Vaccine Secrets: COVID Crisis." It's the first episode of "The False Narrative Takedown Series," produced by Steve Kirsch, executive director of the COVID-19 Early Treatment Fund.

"Vaccine Secrets" complements and supports everything Conrad shared in her interview, so I highly recommend saving these files on your computer and watching both of them. Both are available on Bitchute.

How Many Have Died From the COVID Jabs?

According to Kirsch, the COVID shots have already killed an estimated 200,000 Americans, a far higher number than the 15,386 deaths reported to the U.S. Vaccine Adverse Event Reporting System (VAERS) as of September 17, 2021. You can find all the research for Episode 1 of the "False Narrative Takedown" series on SKirsch.io/vaccine-resources.2

According to Kirsch, the vaccination program should be immediately halted, as the VAERS data suggest more than 200,000 Americans have already died, and more than 2 million have been seriously injured by the vaccines. Interestingly enough, Kirsch and his entire family took the COVID shot early on, so he's not coming from an "anti-vax" position.

According to Kirsch, the CDC, the U.S. Food and Drug Administration and the National Institutes of Health are all "spreading misinformation

about the vaccine versus early treatment.” In a nutshell, these agencies are saying the complete opposite of what is true – classic Orwellian doublespeak.

They claim the COVID shots are safe and effective, when the data show they’re neither, and they say there is no safe and effective early treatment, which is clearly false. At the same time, our medical freedoms are being stripped away under the guise of public health – all while an immense death toll is allowed to take place right before our eyes.

Kirsch is so confident in his analyses, he’s offered a \$1 million academic grant to anyone who can show his analysis is flawed by a factor of four or more. So far, no one has stepped up to claim the prize. He’s even offered \$1 million to any official willing to simply have a public debate with him about the data, and none has accepted the challenge.

False Narratives Overview

In this episode, Kirsch goes through five false narratives about COVID jab safety, namely that:

- *The shots are safe and effective
- *No one has died from the COVID shot
- *You cannot use VAERS to determine causality
- *The SARS-CoV-2 spike protein is harmless
- *Only a few adverse events are associated with the shots and they’re all “mild”

He also reviews the five false narratives about what the solutions are:

- *Vaccines are the only way to end the pandemic
- *Vaccine mandates are therefore needed
- *Masks work
- *Early treatments do not work
- *Ivermectin is dangerous

COVID Shot Kills Five Times More People Than It Saves

Kirsch cites information from Dr. Peter Schirmacher, chief pathologist at the University of Heidelberg, who is recognized as one of the top 100 pathologists in the world.

More Than 200,000 Have Likely Been Killed by the Jabs

Between the documentation on his website and the video, you get a detailed in-depth understanding of how to do this and how Kirsch came to the conclusions made. Here, I will simply provide a summary rundown of Kirsch calculations and conclusions:

- *Propensity to report = same as in previous years
- *Number of domestic deaths in the VAERS database = 6,167 as of August 27, 2021

*Under-reporting factor for serious events = 41 (i.e., for every 41 events, only one is reported)

*Background VAERS death rate = 500 per year (this background death number will be subtracted twice, as most COVID jab recipients are receiving two doses. This gives us a very conservative estimate)

*Excess deaths calculation = $(6,167 - 2 \times 500) \times 41 = 212,000$ excess deaths

Using the same calculation methods, Kirsch conservatively estimates more than 300,000 Americans have also been permanently disabled by the COVID shots. These estimates have been validated by four teams of researchers using other methods. (None of them used VAERS data.)

If you're under the age of 50, your risk of dying from the vaccine is greater than your chance of dying from COVID-19.

Kirsch also demonstrates another calculation to show the COVID shots kill more people than the actual COVID-19 infection does. That calculation also shows that if you're under the age of 50, your risk of dying from the vaccine is greater than your chance of dying from COVID-19, so it makes no sense from a risk-benefit perspective to get the jab if you're younger than 50.

What's more, since your risk of natural infection exponentially decreases over time (as natural herd immunity grows, your chance of infection approximately halves each year), the risks of the COVID shot rapidly outgrow any potential benefit with each passing year.

[This British report](#) shows statistical support for the charge that the Covid jab is destroying people's natural immunity and giving them AIDS (another government-created medical crisis).

Latest UK PHE Vaccine Surveillance Report figures on Covid cases show that doubly vaccinated 40-70 year olds have lost 40% of their immune system capability compared to unvaccinated people. Their immune systems are deteriorating at around 5% per week (between 2.7% and 8.7%). If this continues then 30-50 year olds will have 100% immune system degradation, zero viral defence by Christmas and all doubly vaccinated people over 30 will have lost their immune systems by March next year.

These people will then effectively have full blown acquired immunodeficiency syndrome.

But, finally, people are beginning to fight back.

[This report](#) notes how State senators in Oregon are seeking a grand jury investigation into Covid-19 statistical manipulation.

The CDC adopted a "double-standard exclusively for COVID-19 data collection" that inflated cases and deaths starting early in the pandemic, violating multiple federal laws and distorting mitigation

policies, Oregon lawmakers told the feds' top lawyer in the state.

Advised by "a large team of world-renowned doctors, epidemiologists, virologists, and attorneys," state Senators Kim Thatcher and Dennis Linthicum petitioned U.S. Attorney Scott Asphaug to approve a grand jury investigation into how the pandemic is being measured.

Professionals in the airline industry have had enough and are refusing to comply:

Joshua Yoder, a pilot with Southwest Airlines and co-founder of U.S. Freedom Flyers, told Fox News on Monday's Tucker Carlson Tonight that "we have all the control, and the control comes from a simple word, and that is 'no.' We just don't need to comply."

The day after Biden issued his imperial command, almost two dozen state governors responded with a statement opposed to his overreach, including Arizona, Alabama, Alaska, Arkansas, Florida, Georgia, Idaho, Iowa, Missouri, Mississippi, Montana, Nebraska, North Dakota, Oklahoma, South Carolina, South Dakota, Tennessee, Texas, and Wyoming.

And yesterday, a federal judge in Texas issued a temporary restraining order against United Airlines (UA), blocking it from imposing its vaccine mandate on any of its employees. UA originally told its 67,000 U.S. employees that they must be vaccinated by September 27 or lose their jobs.

This court order is the first of its kind, likely not the last. As more and more individuals like Yoder understand the power of the word "no" to federal overreach, the greater the pushback will be against the Biden administration's use of COVID to impose its draconian and tyrannical mandates on American citizens.

So many law enforcement personnel are refusing to comply with the vaccine mandates that in Seattle the city is losing as many as 40% of its police force.

In what the president of Seattle's Police Guild calls an "unprecedented move," the department moved to "Stage 3" operations Wednesday.

That means detectives and other non-patrol units will serve as first responders to 9-1-1 calls.

The department has already lost more than 300 officers in the past year, and hundreds more could face termination next week if they don't comply with the vaccine order.

The SPD staffing crisis has become so dire, police union president Mike Solan is warning about what's next, as the department mobilizes to "Stage 3"—an emergency scenario because of a shortage of officers.

Meanwhile businesses and neighbors are left to deal with rising crime and longer response times.

Anyone who has but a modicum of knowledge of the fundamental principles of Liberty knows by now that the Covid narrative is NOT ABOUT health but ALL ABOUT total government control over our lives.

Perhaps the governor of Maine personifies the satanic spirit of slavery as well as anyone.

Central Maine Medical Center, a key hospital for regional healthcare, issued a dire warning about the need to shut down critical care services last week if they are forced to fire or lay-off all the unvaccinated workers. The hospital appealed to the Governor's office, Democrat Janet Mills for a testing option to avoid losing some of the most important care providers in their system.

Today, the hospital quantified their issue and announced they were going to suspend pediatric admissions as well as heart attack and trauma admissions, because they just will not be able to operate.

Unfortunately, the Democrat Governor has announced she doesn't care if the hospital has to shut down. Mills' stated her unilateral jab mandate will remain in place and the vaxxed and unvaxxed citizens of Maine will die until they comply with the vaccine rules.

Because it's all about the public health right?

Joe Biden and Lloyd Austin are so desperate to force compliance within the U.S. military that they are [threatening to make Navy SEALs pay back the cost of their training if they don't get vaxxed.](#)

An estimated 33% – 40% of U.S. military personnel are holding their ground and refusing the jab.

People, please understand that the primary tool of tyrants is intimidation. In other words, they are BULLIES. All it takes to shake off a bully is to stand up to him and just say NO!

And that's what people all over America are starting to do.

I'm talking about men like [Dr. Chris Rake.](#)

A shocking video of respected [UCLA] anesthesiologist Chris Rake being kicked out of his job has gone viral. He explains to RT.com why he opposes mandatory Covid-19 vaccinations and is prepared to never practice medicine again.

"This is totalitarianism. I've come out and said, 'No, you're not going to do that, not on my watch'... I'm willing to give my life to this cause."

Rake is not alone. Almost 8,000 physicians and medical scientists have signed a [declaration accusing Covid policymakers of “crimes against humanity.”](#)

An international group of physicians and scientists signed a declaration Friday accusing COVID-19 policy-makers of “crimes against humanity” for preventing the use of life saving treatments on their patients.

As of Monday morning, the Physicians Declaration had garnered more than 4,600 signatures. The signers accused policymakers of forcing a “one-size-fits-all” treatment strategy, resulting in “needless illness and death,” rather than “upholding fundamental concepts of the individualized.”

According to Global COVID Summit, the declaration was created by physicians and scientists during the Rome COVID Summit. The signatories are professionals, many of whom are on the front lines of treating COVID patients.

The Declaration states:

“The Physicians’ Declaration was first read at the Rome COVID Summit, catalyzing an explosion of active support from medical scientists and physicians around the globe. These professionals were not expecting career threats, character assassination, papers and research censored, social accounts blocked, search results manipulated, clinical trials and patient observations banned, and their professional history and accomplishments altered or omitted in academic and mainstream media.

“Thousands have died from COVID as a result of being denied life-saving early treatment. The Declaration is a battle cry from physicians who are daily fighting for the right to treat their patients, and the right of patients to receive those treatments – without fear of interference, retribution or censorship by government, pharmacies, pharmaceutical corporations, and big tech.”

The signatories created a “doctors- and scientists-only” COVID information platform so citizens can make informed decisions for their families “without interruption, manipulation, politicization or profiteering from external forces outside of the doctor-patient relationship.”

Ladies and gentlemen, the next six months will determine the fate of the free world.

If freedom lovers in America will stand up en masse RIGHT NOW and refuse to comply with the antichrist Covid mandates, and I mean **regardless of the cost**, Liberty will be preserved.

But if we couch down in fear or complacency and continue to go along with this beastly system, by this time next year, a free America will NOT exist.

It is up to us! Right now!

It may not be easy, but it is very simple: For the sake of our freedom and the freedom of our children, DO NOT COMPLY!

I repeat: **DO NOT COMPLY!**

(End of message. Please see the entire article on:

Dr. Anne McCloskey Exposes the ‘Great Reset’ Agenda Behind COVID Hoax

This is a powerful talk from Anne McCloskey, a medical doctor in Northern Ireland. I think her word is much more valuable and trustworthy than what some salaried “fact-checker” or politician has to say, don’t you? I hope you will read at least the text if you don’t have time to listen to the video.

The transcript is below the video.

Transcription

Across this island and across the world, there are millions of people who are awakened into the understanding that this current health crisis, this so-called pandemic, is a Trojan horse which has been used to introduce a new era for humanity. The “Great Reset”, the “Fourth Industrial Revolution”, “building back better” whatever catchy, chirpy name the bankers and billionaires are calling it, it’s not good for you and me, for the ordinary people. Relationships between individuals, families, communities, governments, and nations will change fundamentally. They’re coming for you, your family, your job, your savings, your home, your pension, your culture, your traditions, your freedom, your very way of life unless we unite to

resist! We do not consent.

This is not a conspiracy theory, but the outworking of a scheme written by people who hate the human race. Agenda 21 has been implemented now and will come to pass unless we unite to resist! We do not consent!

Last year, a seasonal respiratory virus of high infectivity, but low pathogenicity passed across the world and sadly took with it people who were very old, who were already very sick, and most of them were in the last months and years of their lives. There were younger people who died. May God have mercy on their souls and comfort their families and friends. But in terms of the overall cause for mortality, there was nothing to see. Seasonal viruses do this every year. They have done since time began and they will continue to do so no matter what humans do.

In 2020, in no country, in no country was there a significant increase in overall mortality compared to the past. Ireland in this pandemic actually increased her population by a couple of percent. If we take away the track and trace system calling for the first time in medical history a case someone who's perfectly well who has no symptoms, and which is going to cost the UK Government 37 billion pounds over two years – I don't even know what 37 billion pounds looks like what it would buy, would it be two hospitals, would it be five hospitals would it be 1000 nurses job, I have no idea. But these PCR tests measure nothing. They are an illusion to create a crisis.

If we take away the fact that the WHO changed the rules changed the way in which we measure disease impact by saying that any death within 28 days of a positive PCR test was due to COVID, and even without a positive test if you had symptoms of shortness of breath, fever, the things that people die from every day, that was COVID too. If we take away the daily, no hourly, incessant misery porn on the legacy media dolefully recounting the figures and scrutinizing the anguish last hours of those who were taken, and the poor-faced politicians with crocodile tears pretend to care. If we take away the psychological abuse of populations across this planet, using applied behavioral psychology designed to get them in terror. If we take away the signage, the arrows, the one way systems, walk/don't walk, the yellow notices on every flat surface, the sanitization, the masks, all the paraphernalia of this neuro-linguistic program and mental abuse which tells us that we are the bio-hazards, we are a danger to our families and friends. If we take all this away, there is nothing to see. The emperor has no clothes.

But of course, there was something to see, wasn't there? Viruses don't make laws, governments do. But what we did see, what we saw was the removal of our most basic and inalienable rights, to work, to earn, to move, to associate, to kiss, to hug, to go to church, to bury our dead with dignity, to live our lives as we see fit. We saw the removal of a right to speak, to protest, to object to this tyranny. We saw censorship, character assassination, and banishment of scientists and professors who dared to offer an alternative narrative. We saw our children and young people locked up denied their education, the right to play outside, to live their precious young lives, however they and their parents saw fit. We've seen millions of the poorest

and most marginalized people on the planet, pushed to starvation and death because of the economic fallout because poverty kills.

I've worked as a GP (General Practitioner) throughout this past year, and I've not seen people gasping for breath from COVID, but people utterly abandoned by their health system. People in despair from loneliness, from isolation, fear, people who haven't seen their families and loved ones for months, and whose lives are infinitely poorer as a result. I've seen delayed cancer diagnoses, people having treatments canceled, willy nilly people dying waiting for elective procedures, people in pain who can't get help. Estimates vary, but it's now assumed that between 200,000 and 500,000 extra deaths will occur in the area covered by the NHS. And that's assuming that this lunacy of lockdowns stop, and a similar figure obviously adjusted for the population in the south of Ireland.

The cure is much, much worse than the disease. It's time to move on. This was not about health. It never was about health. It's smoke and mirrors. There are around 30 published papers internationally, showing that right across the globe lockdowns don't work. And if they do, why are we still locked up a year later? The health and economic fallout from this will cost millions of lives, and it will end the way that we live now, forever.

It's over. The line has been exposed. We must stand together. We do not consent.

[The Sparticus Document: An Overview of the Covid Plandemic and the Sinister Motivation Behind It](#)

This article is reposted from

<https://biblescienceforum.com/2021/10/01/the-sparticus-document-a-summary-of-the-whole-plandemic/>

It's an anonymously posted document by someone who calls themselves Spartacus. It is an excellent overview and summary of the Covid plandemic by people who seem to know what they are talking about. I normally don't post articles written by people whose credentials I cannot verify, but because Dr. John Gideon Hartnett vouches for it by posting it on his website, and because Dr. Hartnett is a respected academic and someone I know personally, I think it's something of value that the public should know. I don't understand all the medical jargon in this article, but it's not necessary to understand it all to get the point of what the main message is.

Hello,

My name is Spartacus, and I've had enough.

We have been forced to watch America and the Free World spin into inexorable decline due to a biowarfare attack. We, along with countless others, have been victimized and gaslit by propaganda and psychological warfare operations being conducted by an unelected, unaccountable Elite against the American people and our allies.

Our mental and physical health have suffered immensely over the course of the past year and a half. We have felt the sting of isolation, lockdown, masking, quarantines, and other completely nonsensical acts of healthcare theater that have done absolutely nothing to protect the health or wellbeing of the public from the ongoing COVID-19 pandemic.

Now, we are watching the medical establishment inject literal poison into millions of our fellow Americans without so much as a fight.

We have been told that we will be fired and denied our livelihoods if we refuse to vaccinate. This was the last straw.

We have spent thousands of hours analyzing leaked footage from Wuhan, scientific papers from primary sources, as well as the paper trails left by the medical establishment.

What we have discovered would shock anyone to their core.

First, we will summarize our findings, and then, we will explain them in detail. References will be placed at the end.

Summary:

- COVID-19 is a blood and blood vessel disease. SARS-CoV-2 infects the lining of human blood vessels, causing them to leak into the lungs.
- Current treatment protocols (e.g. invasive ventilation) are actively harmful to patients, accelerating oxidative stress and causing severe VILI (ventilator-induced lung injuries). The continued use of ventilators in the absence of any proven medical benefit constitutes mass murder.

- Existing countermeasures are inadequate to slow the spread of what is an aerosolized and potentially wastewater-borne virus, and constitute a form of medical theater.
- Various non-vaccine interventions have been suppressed by both the media and the medical establishment in favor of vaccines and expensive patented drugs.
- The authorities have denied the usefulness of natural immunity against COVID-19, despite the fact that natural immunity confers protection against all of the virus's proteins, and not just one.
- Vaccines will do more harm than good. The antigen that these vaccines are based on, SARS-CoV-2 Spike, is a toxic protein. SARS-CoV-2 may have ADE, or antibody-dependent enhancement; current antibodies may not neutralize future strains, but instead help them infect immune cells. Also, vaccinating during a pandemic with a leaky vaccine removes the evolutionary pressure for a virus to become less lethal.
- There is a vast and appalling criminal conspiracy that directly links both Anthony Fauci and Moderna to the Wuhan Institute of Virology.
- COVID-19 vaccine researchers are directly linked to scientists involved in brain-computer interface ("neural lace") tech, one of whom was indicted for taking grant money from China.
- Independent researchers have discovered mysterious nanoparticles inside the vaccines that are not supposed to be present.
- The entire pandemic is being used as an excuse for a vast political and economic transformation of Western society that will enrich the already rich and turn the rest of us into serfs and untouchables.

COVID-19 Pathophysiology and Treatments:

COVID-19 is not a viral pneumonia. It is a viral vascular endotheliitis and attacks the lining of blood vessels, particularly the small pulmonary alveolar capillaries, leading to endothelial cell activation and sloughing, coagulopathy, sepsis, pulmonary edema, and ARDS-like symptoms. This is a disease of the blood and blood vessels. The circulatory system. Any pneumonia that it causes is secondary to that.

In severe cases, this leads to sepsis, blood clots, and multiple organ failure, including hypoxic and inflammatory damage to various vital organs, such as the brain, heart, liver, pancreas, kidneys, and intestines.

Some of the most common laboratory findings in COVID-19 are elevated D-dimer, elevated prothrombin time, elevated C-reactive protein, neutrophilia, lymphopenia, hypocalcemia, and hyperferritinemia, essentially matching a profile of coagulopathy and immune system hyperactivation/immune cell exhaustion.

COVID-19 can present as almost anything, due to the wide tropism of SARS-CoV-2 for various tissues in the body's vital organs. While its most common initial presentation is respiratory illness and flu-like symptoms, it can present as brain inflammation, gastrointestinal disease, or even heart attack or pulmonary embolism.

COVID-19 is more severe in those with specific comorbidities, such as obesity, diabetes, and hypertension. This is because these conditions involve endothelial dysfunction, which renders the circulatory system more susceptible to infection and injury by this particular virus.

The vast majority of COVID-19 cases are mild and do not cause significant disease. In known cases, there is something known as the 80/20 rule, where 80% of cases are mild and 20% are severe or critical. However, this ratio is only correct for known cases, not all infections. The number of actual infections is much, much higher. Consequently, the mortality and morbidity rate is lower. However, COVID-19 spreads very quickly, meaning that there are a significant number of severely-ill and critically-ill patients appearing in a short time frame.

In those who have critical COVID-19-induced sepsis, hypoxia, coagulopathy, and ARDS, the most common treatments are intubation, injected corticosteroids, and blood thinners. This is not the correct treatment for COVID-19. In severe hypoxia, cellular metabolic shifts cause ATP to break down into hypoxanthine, which, upon the reintroduction of oxygen, causes xanthine oxidase to produce tons of highly damaging radicals that attack tissue. This is called ischemia-reperfusion injury, and it's why the majority of people who go on a ventilator are dying. In the mitochondria, succinate buildup due to sepsis does the same exact thing; when oxygen is reintroduced, it makes superoxide radicals. Make no mistake, intubation will kill people who have COVID-19.

The end-stage of COVID-19 is severe lipid peroxidation, where fats in the body start to "rust" due to damage by oxidative stress. This drives autoimmunity. Oxidized lipids appear as foreign objects to the immune system, which recognizes and forms antibodies against OSEs, or oxidation-specific epitopes. Also, oxidized lipids feed directly into pattern recognition receptors, triggering even more inflammation and summoning even more cells of the innate immune system that release even more destructive enzymes. This is similar to the pathophysiology of Lupus.

COVID-19's pathology is dominated by extreme oxidative stress and neutrophil respiratory burst, to the point where hemoglobin becomes incapable of carrying oxygen due to heme iron being stripped out of heme by hypochlorous acid. No amount of supplemental oxygen can oxygenate blood that chemically refuses to bind O₂.

The breakdown of the pathology is as follows:

SARS-CoV-2 Spike binds to ACE2. Angiotensin Converting Enzyme 2 is an enzyme that is part of the renin-angiotensin-aldosterone system, or RAAS. The RAAS is a hormone control system that moderates fluid volume in the body and in the bloodstream (i.e. osmolarity) by controlling salt retention and excretion. This protein, ACE2, is ubiquitous in every part of the body that interfaces with the circulatory system, particularly in vascular endothelial cells and pericytes, brain astrocytes, renal tubules and podocytes, pancreatic islet cells, bile duct and intestinal epithelial cells, and the seminiferous ducts of the testis, all of which SARS-CoV-2 can infect, not

just the lungs.

SARS-CoV-2 infects a cell as follows: SARS-CoV-2 Spike undergoes a conformational change where the S1 trimers flip up and extend, locking onto ACE2 bound to the surface of a cell. TMPRSS2, or transmembrane protease serine 2, comes along and cuts off the heads of the Spike, exposing the S2 stalk-shaped subunit inside. The remainder of the Spike undergoes a conformational change that causes it to unfold like an extension ladder, embedding itself in the cell membrane. Then, it folds back upon itself, pulling the viral membrane and the cell membrane together. The two membranes fuse, with the virus's proteins migrating out onto the surface of the cell. The SARS-CoV-2 nucleocapsid enters the cell, disgorging its genetic material and beginning the viral replication process, hijacking the cell's own structures to produce more virus.

SARS-CoV-2 Spike proteins embedded in a cell can actually cause human cells to fuse together, forming syncytia/MGCs (multinuclear giant cells). They also have other pathogenic, harmful effects. SARS-CoV-2's viroporins, such as its Envelope protein, act as calcium ion channels, introducing calcium into infected cells. The virus suppresses the natural interferon response, resulting in delayed inflammation. SARS-CoV-2 N protein can also directly activate the NLRP3 inflammasome. Also, it suppresses the Nrf2 antioxidant pathway. The suppression of ACE2 by binding with Spike causes a buildup of bradykinin that would otherwise be broken down by ACE2.

This constant calcium influx into the cells results in (or is accompanied by) noticeable hypocalcemia, or low blood calcium, especially in people with Vitamin D deficiencies and pre-existing endothelial dysfunction. Bradykinin upregulates cAMP, cGMP, COX, and Phospholipase C activity. This results in prostaglandin release and vastly increased intracellular calcium signaling, which promotes highly aggressive ROS release and ATP depletion. NADPH oxidase releases superoxide into the extracellular space. Superoxide radicals react with nitric oxide to form peroxynitrite. Peroxynitrite reacts with the tetrahydrobiopterin cofactor needed by endothelial nitric oxide synthase, destroying it and "uncoupling" the enzymes, causing nitric oxide synthase to synthesize more superoxide instead. This proceeds in a positive feedback loop until nitric oxide bioavailability in the circulatory system is depleted.

Dissolved nitric oxide gas produced constantly by eNOS serves many important functions, but it is also antiviral against SARS-like coronaviruses, preventing the palmitoylation of the viral Spike protein and making it harder for it to bind to host receptors. The loss of NO allows the virus to begin replicating with impunity in the body. Those with endothelial dysfunction (i.e. hypertension, diabetes, obesity, old age, African-American race) have redox equilibrium issues to begin with, giving the virus an advantage.

Due to the extreme cytokine release triggered by these processes, the body summons a great deal of neutrophils and monocyte-derived alveolar macrophages to the lungs. Cells of the innate immune system are the first-line defenders against pathogens. They work by engulfing invaders and trying to attack them with enzymes that produce powerful oxidants, like SOD and MPO. Superoxide dismutase takes superoxide and makes hydrogen peroxide, and myeloperoxidase

takes hydrogen peroxide and chlorine ions and makes hypochlorous acid, which is many, many times more reactive than sodium hypochlorite bleach.

Neutrophils have a nasty trick. They can also eject these enzymes into the extracellular space, where they will continuously spit out peroxide and bleach into the bloodstream. This is called neutrophil extracellular trap formation, or, when it becomes pathogenic and counterproductive, NETosis. In severe and critical COVID-19, there is actually rather severe NETosis.

Hypochlorous acid building up in the bloodstream begins to bleach the iron out of heme and compete for O₂ binding sites. Red blood cells lose the ability to transport oxygen, causing the sufferer to turn blue in the face. Unliganded iron, hydrogen peroxide, and superoxide in the bloodstream undergo the Haber- Weiss and Fenton reactions, producing extremely reactive hydroxyl radicals that violently strip electrons from surrounding fats and DNA, oxidizing them severely.

This condition is not unknown to medical science. The actual name for all of this is acute sepsis.

We know this is happening in COVID-19 because people who have died of the disease have noticeable ferroptosis signatures in their tissues, as well as various other oxidative stress markers such as nitrotyrosine, 4-HNE, and malondialdehyde.

When you intubate someone with this condition, you are setting off a free radical bomb by supplying the cells with O₂. It's a catch-22, because we need oxygen to make Adenosine Triphosphate (that is, to live), but O₂ is also the precursor of all these damaging radicals that lead to lipid peroxidation.

The correct treatment for severe COVID-19 related sepsis is non-invasive ventilation, steroids, and antioxidant infusions. Most of the drugs repurposed for COVID-19 that show any benefit whatsoever in rescuing critically-ill COVID-19 patients are antioxidants. N-acetylcysteine, melatonin, fluvoxamine, budesonide, famotidine, cimetidine, and ranitidine are all antioxidants. Indomethacin prevents iron- driven oxidation of arachidonic acid to isoprostanes. There are powerful antioxidants such as apocynin that have not even been tested on COVID-19 patients yet which could defang neutrophils, prevent lipid peroxidation, restore endothelial health, and restore oxygenation to the tissues.

Scientists who know anything about pulmonary neutrophilia, ARDS, and redox biology have known or surmised much of this since March 2020. In April 2020, Swiss scientists confirmed that COVID-19 was a vascular endotheliitis. By late 2020, experts had already concluded that COVID-19 causes a form of viral sepsis. They also know that sepsis can be effectively treated with antioxidants. None of this information is particularly new, and yet, for the most part, it has not been acted upon. Doctors continue to use damaging intubation techniques with high PEEP settings despite high lung compliance and poor oxygenation, killing an untold number of critically ill patients with medical malpractice.

Because of the way they are constructed, Randomized Control Trials will never show any benefit for any antiviral against COVID-19. Not Remdesivir, not Kaletra, not HCQ, and not Ivermectin. The reason for this is simple; for the patients that they have recruited for these studies, such as Oxford's ludicrous RECOVERY study, the intervention is too late to have any positive effect.

The clinical course of COVID-19 is such that by the time most people seek medical attention for hypoxia, their viral load has already tapered off to almost nothing. If someone is about 10 days post-exposure and has already been symptomatic for five days, there is hardly any virus left in their bodies, only cellular damage and derangement that has initiated a hyperinflammatory response. It is from this group that the clinical trials for antivirals have recruited, pretty much exclusively.

In these trials, they give antivirals to severely ill patients who have no virus in their bodies, only a delayed hyperinflammatory response, and then absurdly claim that antivirals have no utility in treating or preventing COVID-19. These clinical trials do not recruit people who are pre-symptomatic. They do not test pre-exposure or post-exposure prophylaxis.

This is like using a defibrillator to shock only flatline, and then absurdly claiming that defibrillators have no medical utility whatsoever when the patients refuse to rise from the dead. The intervention is too late. These trials for antivirals show systematic, egregious selection bias. They are providing a treatment that is futile to the specific cohort they are enrolling.

India went against the instructions of the WHO and mandated the prophylactic usage of Ivermectin. They have almost completely eradicated COVID-19. The Indian Bar Association of Mumbai has brought criminal charges against WHO Chief Scientist Dr. Soumya Swaminathan for recommending against the use of Ivermectin.

Ivermectin is not "horse dewormer". Yes, it is sold in veterinary paste form as a dewormer for animals. It has also been available in pill form for humans for decades, as an antiparasitic drug.

The media have disingenuously claimed that because Ivermectin is an antiparasitic drug, it has no utility as an antiviral. This is incorrect. Ivermectin has utility as an antiviral. It blocks importin, preventing nuclear import, effectively inhibiting viral access to cell nuclei. Many drugs currently on the market have multiple modes of action. Ivermectin is one such drug. It is both antiparasitic and antiviral.

In Bangladesh, Ivermectin costs \$1.80 for an entire 5-day course. Remdesivir, which is toxic to the liver, costs \$3,120 for a 5-day course of the drug. Billions of dollars of utterly useless Remdesivir were sold to our governments on the taxpayer's dime, and it ended up being totally useless for treating hyperinflammatory COVID-19. The media has hardly even covered this at all.

The opposition to the use of generic Ivermectin is not based in science. It is purely financially and politically-motivated. An effective non-vaccine intervention would jeopardize the rushed FDA approval of patented vaccines and medicines for which the pharmaceutical industry stands to rake in billions upon billions of dollars in sales on an ongoing basis.

The majority of the public are scientifically illiterate and cannot grasp what any of this even means, thanks to a pathetic educational system that has miseducated them. You would be lucky to find 1 in 100 people who have even the faintest clue what any of this actually means.

COVID-19 Transmission:

COVID-19 is airborne. The WHO carried water for China by claiming that the virus was only droplet-borne. Our own CDC absurdly claimed that it was mostly transmitted by fomite-to-face contact, which, given its rapid spread from Wuhan to the rest of the world, would have been physically impossible.

The ridiculous belief in fomite-to-face being a primary mode of transmission led to the use of surface disinfection protocols that wasted time, energy, productivity, and disinfectant.

The 6-foot guidelines are absolutely useless. The minimum safe distance to protect oneself from an aerosolized virus is to be 15+ feet away from an infected person, no closer. Realistically, no public transit is safe.

Surgical masks do not protect you from aerosols. The virus is too small and the filter media has too large of gaps to filter it out. They may catch respiratory droplets and keep the virus from being expelled by someone who is sick, but they do not filter a cloud of infectious aerosols if someone were to walk into said cloud.

The minimum level of protection against this virus is quite literally a P100 respirator, a PAPR/CAPR, or a 40mm NATO CBRN respirator, ideally paired with a full-body tyvek or tychem suit, gloves, and booties, with all the holes and gaps taped.

Live SARS-CoV-2 may potentially be detected in sewage outflows, and there may be oral-fecal transmission. During the SARS outbreak in 2003, in the Amoy Gardens incident, hundreds of people were infected by aerosolized fecal matter rising from floor drains in their apartments.

COVID-19 Vaccine Dangers:

The vaccines for COVID-19 are not sterilizing and do not prevent infection or transmission. They are “leaky” vaccines. This means they remove the evolutionary pressure on the virus to become less lethal. It also means that the vaccinated are perfect carriers. In other words, those who are vaccinated are a threat to the unvaccinated, not the other way around.

All of the COVID-19 vaccines currently in use have undergone minimal testing, with highly accelerated clinical trials. Though they appear to limit severe

illness, the long-term safety profile of these vaccines remains unknown.

Some of these so-called “vaccines” utilize an untested new technology that has never been used in vaccines before. Traditional vaccines use weakened or killed virus to stimulate an immune response. The Moderna and Pfizer-BioNTech vaccines do not. They are purported to consist of an intramuscular shot containing a suspension of lipid nanoparticles filled with messenger RNA. The way they generate an immune response is by fusing with cells in a vaccine recipient’s shoulder, undergoing endocytosis, releasing their mRNA cargo into those cells, and then utilizing the ribosomes in those cells to synthesize modified SARS-CoV-2 Spike proteins in-situ.

These modified Spike proteins then migrate to the surface of the cell, where they are anchored in place by a transmembrane domain. The adaptive immune system detects the non-human viral protein being expressed by these cells, and then forms antibodies against that protein. This is purported to confer protection against the virus, by training the adaptive immune system to recognize and produce antibodies against the Spike on the actual virus. The J&J and AstraZeneca vaccines do something similar, but use an adenovirus vector for genetic material delivery instead of a lipid nanoparticle. These vaccines were produced or validated with the aid of fetal cell lines HEK-293 and PER.C6, which people with certain religious convictions may object strongly to.

SARS-CoV-2 Spike is a highly pathogenic protein on its own. It is impossible to overstate the danger presented by introducing this protein into the human body.

It is claimed by vaccine manufacturers that the vaccine remains in cells in the shoulder, and that SARS-CoV-2 Spike produced and expressed by these cells from the vaccine’s genetic material is harmless and inert, thanks to the insertion of prolines in the Spike sequence to stabilize it in the prefusion conformation, preventing the Spike from becoming active and fusing with other cells. However, a pharmacokinetic study from Japan showed that the lipid nanoparticles and mRNA from the Pfizer vaccine did not stay in the shoulder, and in fact bioaccumulated in many different organs, including the reproductive organs and adrenal glands, meaning that modified Spike is being expressed quite literally all over the place. These lipid nanoparticles may trigger anaphylaxis in an unlucky few, but far more concerning is the unregulated expression of Spike in various somatic cell lines far from the injection site and the unknown consequences of that.

Messenger RNA is normally consumed right after it is produced in the body, being translated into a protein by a ribosome. COVID-19 vaccine mRNA is produced outside the body, long before a ribosome translates it. In the meantime, it could accumulate damage if inadequately preserved. When a ribosome attempts to translate a damaged strand of mRNA, it can become stalled. When this happens, the ribosome becomes useless for translating proteins because it now has a piece of mRNA stuck in it, like a lace card in an old punch card reader. The whole thing has to be cleaned up and new ribosomes synthesized to replace it. In cells with low ribosome turnover, like nerve cells, this can lead to reduced protein synthesis, cytopathic

effects, and neuropathies.

Certain proteins, including SARS-CoV-2 Spike, have proteolytic cleavage sites that are basically like little dotted lines that say “cut here”, which attract a living organism’s own proteases (essentially, molecular scissors) to cut them. There is a possibility that S1 may be proteolytically cleaved from S2, causing active S1 to float away into the bloodstream while leaving the S2 “stalk” embedded in the membrane of the cell that expressed the protein.

SARS-CoV-2 Spike has a Superantigenic region (SAg), which may promote extreme inflammation.

Anti-Spike antibodies were found in one study to function as autoantibodies and attack the body’s own cells. Those who have been immunized with COVID-19 vaccines have developed blood clots, myocarditis, Guillain-Barre Syndrome, Bell’s Palsy, and multiple sclerosis flares, indicating that the vaccine promotes autoimmune reactions against healthy tissue.

SARS-CoV-2 Spike does not only bind to ACE2. It was suspected to have regions that bind to basigin, integrins, neuropilin-1, and bacterial lipopolysaccharides as well. SARS-CoV-2 Spike, on its own, can potentially bind any of these things and act as a ligand for them, triggering unspecified and likely highly inflammatory cellular activity.

SARS-CoV-2 Spike contains an unusual PRRA insert that forms a furin cleavage site. Furin is a ubiquitous human protease, making this an ideal property for the Spike to have, giving it a high degree of cell tropism. No wild-type SARS-like coronaviruses related to SARS-CoV-2 possess this feature, making it highly suspicious, and perhaps a sign of human tampering.

SARS-CoV-2 Spike has a prion-like domain that enhances its infectiousness.

The Spike S1 RBD may bind to heparin-binding proteins and promote amyloid aggregation. In humans, this could lead to Parkinson’s, Lewy Body Dementia, premature Alzheimer’s, or various other neurodegenerative diseases. This is very concerning because SARS-CoV-2 S1 is capable of injuring and penetrating the blood-brain barrier and entering the brain. It is also capable of increasing the permeability of the blood-brain barrier to other molecules.

SARS-CoV-2, like other betacoronaviruses, may have Dengue-like ADE, or antibody-dependent enhancement of disease. For those who aren’t aware, some viruses, including betacoronaviruses, have a feature called ADE. There is also something called Original Antigenic Sin, which is the observation that the body prefers to produce antibodies based on previously-encountered strains of a virus over newly- encountered ones.

In ADE, antibodies from a previous infection become non-neutralizing due to mutations in the virus’s proteins. These non-neutralizing antibodies then act as trojan horses, allowing live, active virus to be pulled into macrophages through their Fc receptor pathways, allowing the virus to infect immune cells that it would not have been able to infect before. This has been known to

happen with Dengue Fever; when someone gets sick with Dengue, recovers, and then contracts a different strain, they can get very, very ill.

If someone is vaccinated with mRNA based on the Spike from the initial Wuhan strain of SARS-CoV-2, and then they become infected with a future, mutated strain of the virus, they may become severely ill. In other words, it is possible for vaccines to sensitize someone to disease.

There is a precedent for this in recent history. Sanofi's Dengvaxia vaccine for Dengue failed because it caused immune sensitization in people whose immune systems were Dengue-naïve.

In mice immunized against SARS-CoV and challenged with the virus, a close relative of SARS-CoV-2, they developed immune sensitization, Th2 immunopathology, and eosinophil infiltration in their lungs.

We have been told that SARS-CoV-2 mRNA vaccines cannot be integrated into the human genome, because messenger RNA cannot be turned back into DNA. This is false. There are elements in human cells called LINE-1 retrotransposons, which can indeed integrate mRNA into a human genome by endogenous reverse transcription. Because the mRNA used in the vaccines is stabilized, it hangs around in cells longer, increasing the chances for this to happen. If the gene for SARS-CoV-2 Spike is integrated into a portion of the genome that is not silent and actually expresses a protein, it is possible that people who take this vaccine may continuously express SARS-CoV-2 Spike from their somatic cells for the rest of their lives.

By inoculating people with a vaccine that causes their bodies to produce Spike in-situ, they are being inoculated with a pathogenic protein. A toxin that may cause long-term inflammation, heart problems, and a raised risk of cancers. In the long-term, it may also potentially lead to premature neurodegenerative disease.

Absolutely nobody should be compelled to take this vaccine under any circumstances, and in actual fact, the vaccination campaign must be stopped immediately.

COVID-19 Criminal Conspiracy:

The vaccine and the virus were made by the same people.

In 2014, there was a moratorium on SARS gain-of-function research that lasted until 2017. This research was not halted. Instead, it was outsourced, with the federal grants being laundered through NGOs.

Ralph Baric is a virologist and SARS expert at UNC Chapel Hill in North Carolina. This is who Anthony Fauci was referring to when he insisted, before Congress, that if any gain-of-function research was being conducted, it was being conducted in North Carolina.

This was a lie. Anthony Fauci lied before Congress. A felony.

Ralph Baric and Shi Zhengli are colleagues and have co-written papers together. Ralph Baric mentored Shi Zhengli in his gain-of-function manipulation techniques, particularly serial passage, which results in a virus that appears as if it originated naturally. In other words, deniable bioweapons. Serial passage in humanized hACE2 mice may have produced something like SARS-CoV-2.

The funding for the gain-of-function research being conducted at the Wuhan Institute of Virology came from Peter Daszak. Peter Daszak runs an NGO called EcoHealth Alliance. EcoHealth Alliance received millions of dollars in grant money from the National Institutes of Health/National Institute of Allergy and Infectious Diseases (that is, Anthony Fauci), the Defense Threat Reduction Agency (part of the US Department of Defense), and the United States Agency for International Development. NIH/NIAID contributed a few million dollars, and DTRA and USAID each contributed tens of millions of dollars towards this research. Altogether, it was over a hundred million dollars.

EcoHealth Alliance subcontracted these grants to the Wuhan Institute of Virology, a lab in China with a very questionable safety record and poorly trained staff, so that they could conduct gain-of-function research, not in their fancy P4 lab, but in a level-2 lab where technicians wore nothing more sophisticated than perhaps a hairnet, latex gloves, and a surgical mask, instead of the bubble suits used when working with dangerous viruses. Chinese scientists in Wuhan reported being routinely bitten and urinated on by laboratory animals. Why anyone would outsource this dangerous and delicate work to the People's Republic of China, a country infamous for industrial accidents and massive explosions that have claimed hundreds of lives, is completely beyond me, unless the aim was to start a pandemic on purpose.

In November of 2019, three technicians at the Wuhan Institute of Virology developed symptoms consistent with a flu-like illness. Anthony Fauci, Peter Daszak, and Ralph Baric knew at once what had happened, because back channels exist between this laboratory and our scientists and officials.

December 12th, 2019, Ralph Baric signed a Material Transfer Agreement (essentially, an NDA) to receive Coronavirus mRNA vaccine-related materials co-owned by Moderna and NIH. It wasn't until a whole month later, on January 11th, 2020, that China allegedly sent us the sequence to what would become known as SARS-CoV-2. Moderna claims, rather absurdly, that they developed a working vaccine from this sequence in under 48 hours.

Stephane Bancel, the current CEO of Moderna, was formerly the CEO of bioMérieux, a French multinational corporation specializing in medical diagnostic tech, founded by one Alain Merieux. Alain Merieux was one of the individuals who was instrumental in the construction of the Wuhan Institute of Virology's P4 lab.

The sequence given as the closest relative to SARS-CoV-2, RaTG13, is not a real virus. It is a forgery. It was made by entering a gene sequence by hand into a database, to create a cover story for the existence of SARS-CoV-2, which is very likely a gain-of-function chimera produced at the Wuhan

Institute of Virology and was either leaked by accident or intentionally released.

The animal reservoir of SARS-CoV-2 has never been found.

This is not a conspiracy “theory”. It is an actual criminal conspiracy, in which people connected to the development of Moderna’s mRNA-1273 are directly connected to the Wuhan Institute of Virology and their gain-of-function research by very few degrees of separation, if any. The paper trail is well-established.

The lab-leak theory has been suppressed because pulling that thread leads one to inevitably conclude that there is enough circumstantial evidence to link Moderna, the NIH, the WIV, and both the vaccine and the virus’s creation together. In a sane country, this would have immediately led to the world’s biggest RICO and mass murder case. Anthony Fauci, Peter Daszak, Ralph Baric, Shi Zhengli, and Stephane Bancel, and their accomplices, would have been indicted and prosecuted to the fullest extent of the law. Instead, billions of our tax dollars were awarded to the perpetrators.

The FBI raided Allure Medical in Shelby Township north of Detroit for billing insurance for “fraudulent COVID-19 cures”. The treatment they were using? Intravenous Vitamin C. An antioxidant. Which, as described above, is an entirely valid treatment for COVID-19-induced sepsis, and indeed, is now part of the MATH+ protocol advanced by Dr. Paul E. Marik.

The FDA banned ranitidine (Zantac) due to supposed NDMA (N-nitrosodimethylamine) contamination. Ranitidine is not only an H2 blocker used as antacid, but also has a powerful antioxidant effect, scavenging hydroxyl radicals. This gives it utility in treating COVID-19.

The FDA also attempted to take N-acetylcysteine, a harmless amino acid supplement and antioxidant, off the shelves, compelling Amazon to remove it from their online storefront.

This leaves us with a chilling question: did the FDA knowingly suppress antioxidants useful for treating COVID-19 sepsis as part of a criminal conspiracy against the American public?

The establishment is cooperating with, and facilitating, the worst criminals in human history, and are actively suppressing non-vaccine treatments and therapies in order to compel us to inject these criminals’ products into our bodies. This is absolutely unacceptable.

COVID-19 Vaccine Development and Links to Transhumanism:

This section deals with some more speculative aspects of the pandemic and the medical and scientific establishment’s reaction to it, as well as the disturbing links between scientists involved in vaccine research and scientists whose work involved merging nanotechnology with living cells.

On June 9th, 2020, Charles Lieber, a Harvard nanotechnology researcher with decades of experience, was indicted by the DOJ for fraud. Charles Lieber received millions of dollars in grant money from the US Department of Defense, specifically the military think tanks DARPA, AFOSR, and ONR, as well as NIH and MITRE. His specialty is the use of silicon nanowires in lieu of patch clamp electrodes to monitor and modulate intracellular activity, something he has been working on at Harvard for the past twenty years. He was claimed to have been working on silicon nanowire batteries in China, but none of his colleagues can recall him ever having worked on battery technology in his life; all of his research deals with bionanotechnology, or the blending of nanotech with living cells.

The indictment was over his collaboration with the Wuhan University of Technology. He had double-dipped, against the terms of his DOD grants, and taken money from the PRC's Thousand Talents plan, a program which the Chinese government uses to bribe Western scientists into sharing proprietary R&D information that can be exploited by the PLA for strategic advantage.

Charles Lieber's own papers describe the use of silicon nanowires for brain-computer interfaces, or "neural lace" technology. His papers describe how neurons can endocytose whole silicon nanowires or parts of them, monitoring and even modulating neuronal activity.

Charles Lieber was a colleague of Robert Langer. Together, along with Daniel S. Kohane, they worked on a paper describing artificial tissue scaffolds that could be implanted in a human heart to monitor its activity remotely.

Robert Langer, an MIT alumnus and expert in nanotech drug delivery, is one of the co-founders of Moderna. His net worth is now \$5.1 billion USD thanks to Moderna's mRNA-1273 vaccine sales.

Both Charles Lieber and Robert Langer's bibliographies describe, essentially, techniques for human enhancement, i.e. transhumanism. Klaus Schwab, the founder of the World Economic Forum and the architect behind the so-called "Great Reset", has long spoken of the "blending of biology and machinery" in his books.

Since these revelations, it has come to the attention of independent researchers that the COVID-19 vaccines may contain reduced graphene oxide nanoparticles. Japanese researchers have also found unexplained contaminants in COVID-19 vaccines.

Graphene oxide is an anxiolytic. It has been shown to reduce the anxiety of laboratory mice when injected into their brains. Indeed, given SARS-CoV-2 Spike's propensity to compromise the blood-brain barrier and increase its permeability, it is the perfect protein for preparing brain tissue for extravasation of nanoparticles from the bloodstream and into the brain. Graphene is also highly conductive and, in some circumstances, paramagnetic.

In 2013, under the Obama administration, DARPA launched the BRAIN Initiative; BRAIN is an acronym for Brain Research Through Advancing Innovative Neurotechnologies®. This program involves the development of brain-computer

interface technologies for the military, particularly non-invasive, injectable systems that cause minimal damage to brain tissue when removed. Supposedly, this technology would be used for healing wounded soldiers with traumatic brain injuries, the direct brain control of prosthetic limbs, and even new abilities such as controlling drones with one's mind.

Various methods have been proposed for achieving this, including optogenetics, magnetogenetics, ultrasound, implanted electrodes, and transcranial electromagnetic stimulation. In all instances, the goal is to obtain read or read-write capability over neurons, either by stimulating and probing them, or by rendering them especially sensitive to stimulation and probing.

However, the notion of the widespread use of BCI technology, such as Elon Musk's Neuralink device, raises many concerns over privacy and personal autonomy. Reading from neurons is problematic enough on its own. Wireless brain-computer interfaces may interact with current or future wireless GSM infrastructure, creating neurological data security concerns. A hacker or other malicious actor may compromise such networks to obtain people's brain data, and then exploit it for nefarious purposes.

However, a device capable of writing to human neurons, not just reading from them, presents another, even more serious set of ethical concerns. A BCI that is capable of altering the contents of one's mind for innocuous purposes, such as projecting a heads-up display onto their brain's visual center or sending audio into one's auditory cortex, would also theoretically be capable of altering mood and personality, or perhaps even subjugating someone's very will, rendering them utterly obedient to authority. This technology would be a tyrant's wet dream. Imagine soldiers who would shoot their own countrymen without hesitation, or helpless serfs who are satisfied to live in literal dog kennels.

BCIs could be used to unscrupulously alter perceptions of basic things such as emotions and values, changing people's thresholds of satiety, happiness, anger, disgust, and so forth. This is not inconsequential. Someone's entire regime of behaviors could be altered by a BCI, including such things as suppressing their appetite or desire for virtually anything on Maslow's Hierarchy of Needs.

Anything is possible when you have direct access to someone's brain and its contents. Someone who is obese could be made to feel disgust at the sight of food. Someone who is involuntarily celibate could have their libido disabled so they don't even desire sex to begin with. Someone who is racist could be forced to feel delight over cohabiting with people of other races. Someone who is violent could be forced to be meek and submissive. These things might sound good to you if you are a tyrant, but to normal people, the idea of personal autonomy being overridden to such a degree is appalling.

For the wealthy, neural laces would be an unequalled boon, giving them the opportunity to enhance their intelligence with neuroprosthetics (i.e. an "exocortex"), and to deliver irresistible commands directly into the minds of their BCI-augmented servants, even physically or sexually abusive commands

that they would normally refuse.

If the vaccine is a method to surreptitiously introduce an injectable BCI into millions of people without their knowledge or consent, then what we are witnessing is the rise of a tyrannical regime unlike anything ever seen before on the face of this planet, one that fully intends to strip every man, woman, and child of our free will.

Our flaws are what make us human. A utopia arrived at by removing people's free will is not a utopia at all. It is a monomaniacal nightmare. Furthermore, the people who rule over us are Dark Triad types who cannot be trusted with such power. Imagine being beaten and sexually assaulted by a wealthy and powerful psychopath and being forced to smile and laugh over it because your neural lace gives you no choice but to obey your master.

The Elites are forging ahead with this technology without giving people any room to question the social or ethical ramifications, or to establish regulatory frameworks that ensure that our personal agency and autonomy will not be overridden by these devices. They do this because they secretly dream of a future where they can treat you worse than an animal and you cannot even fight back. If this evil plan is allowed to continue, it will spell the end of humanity as we know it.

Conclusions:

The current pandemic was produced and perpetuated by the establishment, through the use of a virus engineered in a PLA-connected Chinese biowarfare laboratory, with the aid of American taxpayer dollars and French expertise.

This research was conducted under the absolutely ridiculous euphemism of "gain-of-function" research, which is supposedly carried out in order to determine which viruses have the highest potential for zoonotic spillover and preemptively vaccinate or guard against them.

Gain-of-function/gain-of-threat research, a.k.a. "Dual-Use Research of Concern", or DURC, is bioweapon research by another, friendlier-sounding name, simply to avoid the taboo of calling it what it actually is. It has always been bioweapon research. The people who are conducting this research fully understand that they are taking wild pathogens that are not infectious in humans and making them more infectious, often taking grants from military think tanks encouraging them to do so.

These virologists conducting this type of research are enemies of their fellow man, like pyromaniac firefighters. GOF research has never protected anyone from any pandemic. In fact, it has now started one, meaning its utility for preventing pandemics is actually negative. It should have been banned globally, and the lunatics performing it should have been put in straitjackets long ago.

Either through a leak or an intentional release from the Wuhan Institute of Virology, a deadly SARS strain is now endemic across the globe, after the WHO and CDC and public officials first downplayed the risks, and then

intentionally incited a panic and lockdowns that jeopardized people's health and their livelihoods.

This was then used by the utterly depraved and psychopathic aristocratic class who rule over us as an excuse to coerce people into accepting an injected poison which may be a depopulation agent, a mind control/pacification agent in the form of injectable "smart dust", or both in one. They believe they can get away with this by weaponizing the social stigma of vaccine refusal. They are incorrect.

Their motives are clear and obvious to anyone who has been paying attention. These megalomaniacs have raided the pension funds of the free world. Wall Street is insolvent and has had an ongoing liquidity crisis since the end of 2019. The aim now is to exert total, full-spectrum physical, mental, and financial control over humanity before we realize just how badly we've been extorted by these maniacs.

The pandemic and its response served multiple purposes for the Elite:

- Concealing a depression brought on by the usurious plunder of our economies conducted by rentier-capitalists and absentee owners who produce absolutely nothing of any value to society whatsoever. Instead of us having a very predictable Occupy Wall Street Part II, the Elites and their stooges got to stand up on television and paint themselves as wise and all-powerful saviors instead of the marauding cabal of despicable land pirates that they are.
- Destroying small businesses and eroding the middle class.
- Transferring trillions of dollars of wealth from the American public and into the pockets of billionaires and special interests.
- Engaging in insider trading, buying stock in biotech companies and shorting brick-and-mortar businesses and travel companies, with the aim of collapsing face-to-face commerce and tourism and replacing it with e-commerce and servitization.
- Creating a casus belli for war with China, encouraging us to attack them, wasting American lives and treasure and driving us to the brink of nuclear armageddon.
- Establishing technological and biosecurity frameworks for population control and technocratic- socialist "smart cities" where everyone's movements are despotically tracked, all in anticipation of widespread automation, joblessness, and food shortages, by using the false guise of a vaccine to compel cooperation.

Any one of these things would constitute a vicious rape of Western society. Taken together, they beggar belief; they are a complete inversion of our most treasured values.

What is the purpose of all of this? One can only speculate as to the perpetrators' motives, however, we have some theories.

The Elites are trying to pull up the ladder, erase upward mobility for large segments of the population, cull political opponents and other "undesirables", and put the remainder of humanity on a tight leash, rationing

our access to certain goods and services that they have deemed “high-impact”, such as automobile use, tourism, meat consumption, and so on. Naturally, they will continue to have their own luxuries, as part of a strict caste system akin to feudalism.

Why are they doing this? Simple. The Elites are Neo-Malthusians and believe that we are overpopulated and that resource depletion will collapse civilization in a matter of a few short decades. They are not necessarily incorrect in this belief. We are overpopulated, and we are consuming too many resources. However, orchestrating such a gruesome and murderous power grab in response to a looming crisis demonstrates that they have nothing but the utmost contempt for their fellow man.

To those who are participating in this disgusting farce without any understanding of what they are doing, we have one word for you. Stop. You are causing irreparable harm to your country and to your fellow citizens.

To those who may be reading this warning and have full knowledge and understanding of what they are doing and how it will unjustly harm millions of innocent people, we have a few more words.

Damn you to hell. You will not destroy America and the Free World, and you will not have your New World Order. We will make certain of that.

[Dr. Dan Stock explains how the current measures to combat COVID-19 do not work](#)

Dr. Daniel “Dan” Stock is a physician. This is his message about COVID-19 to

a Mt. Vernon school board meeting in Indiana, USA, on August 6, 2021:

Dr. Dan stock introduces himself: Dr. Dan stock 5777 West seven in North McCordsville, Indiana. To address your comment, it's hard to believe we're 18 months into this and still having a problem. And I would suggest the reason we still have a problem is because we're doing things that are not useful. And we're getting our sources of information from the State Board of Health and the CDC, who actually don't bother to read science before they do this.

I'm actually a functional family medicine physician. That means I am specially trained in immunology and inflammation regulation. And everything being recommended by the CDC and State Board of Health is actually contrary to all the rules of science. So things you should know about Coronavirus and all other respiratory viruses, they are spread by aerosol particles which are small enough to go through every mask. By the way, the literature that supports all of that is in a flash drive that we presented to you. It's been given to the secretary. As a matter of fact, it quotes at least three studies. It's sponsored by the NIH to that exact fact even though the CDC and the NIH have chosen to avoid to ignore the very science that they paid to have done.

That is why you keep struggling with this is because you cannot make these viruses go away. The natural history of all respiratory viruses is that they circulate all year long waiting for the immune system to get sick through the winter, or become deranged, as has happened recently with these vaccines. And then they cause symptomatic disease because they cannot be filtered out and they have animal reservoirs. And this is a very important point. No one can make this virus go away.

The CDC has managed to convince everybody that we can handle this like we did smallpox where we could make a virus go away. Smallpox had no animal reservoirs, the only thing it learned to infect was humans. That's why we're able to make that virus go away. That will not happen with this any more than it will with influenza, the common cold respiratory syncytial virus, adenovirus viral respiratory syndromes, or anything else that has animal reservoirs. So the reason you can't do this is because you're trying to do something which has already been tried and can't be done.

Equally important is that vaccination changes none of this especially with this vaccine. And I would hope this board would start asking itself before it considers taking the advice of the CDC, the NIH, and the State Board of Health, why we are doing things about this that we didn't do for the common cold, influenza, or respiratory syncytial virus? And then ask yourself, why is a vaccine that is supposedly so effective having a breakout in the middle of the summer when respiratory viral syndromes don't do that.

And to help you understand that you need to know the condition that is called antibody-mediated viral enhancement. That is a condition done when vaccines work wrong as they did in every Coronavirus study done in animals on Coronavirus is after the SARS outbreak and done in respiratory syncytial virus were a vaccine used in a vulnerable individual done the wrong way, which why it cannot be done right for respiratory virus, which has a very low

pathogenicity rate causes the immune system to actually fight the virus wrong and let the virus become worse than it would with native infection. And that is why you're seeing an outbreak right now. In fact, in that flash drive you're going to have coming to you and in the emails with six extra oboah (??) studies showing that 75% of people who had COVID-19 positive symptom cases in Barnstable, Massachusetts outbreak were fully vaccinated. (Applause)

Therefore, there is no reason for treating any person vaccinated any differently than any person unvaccinated. You should also know that **no vaccine** even the ones I support and would give to myself and my children **ever stops infection**. In 2014 there was an outbreak of mumps in the National Hockey League. The only people who came down with the symptoms were the people who were unvaccinated or had unknown vaccine status. Boy, that sounds like a great argument for vaccines. But a question that you should ask yourself, knowing that half of the people who came down with symptomatic disease had no contact with an unvaccinated or unknown vaccine status individual Where did they get the disease? And the answer was from the vaccinated individuals. No vaccine prevents you from getting the infection, you get infected, you shed pathogen. This is especially true of viral respiratory pathogens, you just don't get symptomatic from it. So you cannot stop the spread, you cannot make these numbers that you've planned on getting better by doing any of the things you're doing. Because that is the nature of viral respiratory pathogens. And you can't prevent it with a vaccine because they don't do the very thing you're wanting them to do. And you will be chasing this remainder of your life until you recognize that the Center for Disease Control and the Indiana State Board of Health are giving you very bad scientific guidance. And instead, read the articles that are gonna come in the email and on this flash drive. And listen to the people in this audience here tonight, who actually have recognized the advice they are getting from the CDC and the NIH is counterfactual. And that's why you're still fighting this but this vaccine that supposedly was gonna make all of this go away, but it suddenly managed to make an outbreak of COVID-19 develop in the middle of the summer when vitamin D levels are at their highest.

By the way, the other thing that would be necessary for any vaccine restriction to be considered is if there were no other treatments available. And I can tell you having treated over 15 COVID-19 patients that between active loading with vitamin D, ivermectin, and zinc that there there's not a single person who has come anywhere near the hospital. And we already have studies that show that if you achieve a 25 hydroxy, vitamin D level greater than 55, your risk of COVID-19 death will drop down to one-quarter of the population average for the United States. And there are active treatment trials included on that flash drive, that show the same is true.

So if you were going to discriminate based upon vaccine, you should also discriminate based upon 25 hydroxy, vitamin D level, zinc taste test response, and probably previous infections since there are also studies on the flash drive that show that **people who have recovered from Covid-19 infection actually get no benefit from vaccination at all**, no reduction in symptoms, no reduction in hospitalization, and suffer two to four times the rate of side effects if they are subsequently vaccinated. Therefore, the

policies that you are basing on are totally counterfactual. I don't blame this board for that, because I know you aren't scientists, and you thought it was reasonable to listen to the CDC, NIH, and the Indiana State Board of Health. But I would encourage that instead, you listen to the people out here in this audience, and read what's on that data drive. And if anybody here on this board has any questions about anything on that, I will happily come back and sit with you individually if you would like me to explain the science behind this. And if you're worried about being sued by somebody because you don't follow the guidance of the CDC and the NIH, I will tell you, you have a free pro bono expert testimony at your disposal. (Applause) I will testify in defense of this court, turning down all these recommendations for free at any time in any court. Thank you.

Moderator: Thank you. Thank you.

(Loud applause.)
