

Some White Nationalists' / neo-Nazis' belief: Jesus was White and Shem the Father of the white race

The followers of the Lord Jesus Christ should not have any racial, ethnic or nationalistic prejudice toward others!

Jesuit Disinformation Agents

Jesuit disinformation is rife on the Internet. The Jesuits are the leaders of the Catholic Counter-Reformation. Their goal is to destroy Bible-based Christianity in the USA and the world. It's no surprise, therefore, when some people are actively working to divert attention from the Jesuits and call Satan's work on earth a "Jewish-Masonic cryptocracy."

I'm thinking specifically now about a guy named Timothy Fitzpatrick of fitzinfo.net which has the tagline "Exposing the Judeo-masonic-Bolshevist conspiracy." He mocks conspiracy researchers who point to the Jesuits as the movers and shakers of conspiracies that destabilize societies and calls them, "naïve dupes." He specifically criticizes honest truth-telling conspiracy researchers such as Alexander Hislop, Walter J. Veith, Christian J. Pinto, Tupper Saussy, David Wilcock and Sherman Skolnick whose articles are on this website. But Fitzpatrick exposes himself when he writes such things as,

Documentary filmmaker Christian J. Pinto of Adullam Films pulls out all the tired old slanders against **the Church**—all for the advancement of the **Jewish-Protestant alliance**...

and,

Pinto is your typical Zionist shill accusing the Vatican of everything the world has known for 500-plus years that the Jews are responsible for. Make no mistake, the Vatican is now an agent of the Judeo-Masonic conspiracy, thanks to Jews and masons subverting **the Church**, especially during the buildup to the Protestant Reformation and the French Revolution, culminating in the Jewish-sponsored Second Vatican Council in the 1960s. But **the true Church remains within the fractured Vatican** as well as in the Eastern Orthodox Church. **Protestantism has and always will be a Jewish perversion**, a cheap imitation of the Church of Christ, right down to the sexually depraved Waledensians and Albigensians, whom Pinto specifically defends, giving away his Puritan bias. (Ref: <https://fitzinfo.net/2014/04/01/christian-j-pinto-zionist-shill-espousing-what-else-jesuit-conspiracy-theories/>)

Wow! Timothy Fitzpatrick is obviously identifying “the Church” as the Roman Catholic Church. And he’s calling Protestantism – which is really only Bible-based faith in Jesus Christ – a “Jewish perversion, a cheap imitation of the Church of Christ.” And he’s falsely accusing of wrongdoing the Waledensians and Albigensians. These are groups of Christians the Catholic Church charged with heresy and *murdered* just because they would not acknowledge the Pope as their spiritual leader. Who else would say such things but a Jesuit, a Catholic priest, or a hard-core traditional Catholic?

Who exactly is Timothy Fitzpatrick? He doesn’t give his bio on his website. If he did, we might find out some incriminating things about his biases such as what schools he attended. For all we know, Fitzpatrick may even be a Jesuit or a Catholic priest. Fitzpatrick is an Irish name. Many Irish are Catholics.

I believe the primary source of Neo-Nazi antisemitic rhetoric is the Roman Catholic Church. It’s very convenient for the Jesuits to deflect blame of the evils they are doing away from themselves and say, “The Jews did it!”

Don’t get me wrong, I’m not saying all Jews are guiltless. Any Jew who purposely rejects Jesus as the Son of God and Messiah is an antichrist according to 2 John 1:7. What I am saying is the Jesuits are using the Jews as scapegoats to deflect blame from themselves and the Vatican. Former Catholic priest Leo H. Lehmann gives pretty convincing evidence that the Protocols of the Elders of Zion was written by Jesuits, not Jews!

If anybody has any further evidence of the Jesuits / Catholic Church as the

source of antisemitism, please share it in the comments section.

Dr. John Coleman Debunked

John Coleman

This article is mainly for those who know about Dr. John Coleman who claimed to be a former MI6 agent.

I read Dr. John Coleman's book, "CONSPIRATORS' HIERARCHY: THE STORY OF THE COMMITTEE OF 300" sometime in the late 1990s. This was before I first heard of the Jesuit / Vatican conspiracy. John Coleman made a lot of sense to me then, but over the years I started having doubts about him.

According to Coleman, the world is run by a committee of 300 men with the British monarch at the head. The book sounded good and right when I first read it, but after 20 more years of research, I now believe it to be disinformation.

A MAJOR red flag for me about Coleman's book, The Story of the Committee of the 300, is the fact that it's on the official cia.gov website!

https://www.cia.gov/library/abbottabad-compound/4A/4A92FD2FB4DAE3F773DB0B7742CF0F65_Coleman.-.CONSPIRATORS.HIERARCHY.-.THE.STORY.OF.THE.COMMITTEE.OF.300.R.pdf

Just click on the URL and you will see it's true. WHY would an intelligence agency that is arguably working for the global elite / Jesuit General / Vatican post Coleman's work on its website if what Coleman is saying is true? It doesn't make sense.

According to John Coleman, the Committee of 300 is the ultimate ruling body of the world and the now deceased Queen Elizabeth II was the head of it. I definitely do not think so! Dr. Coleman does not talk about the power of the

Roman Catholic Church, nor the Vatican, nor the Jesuits. If you are not familiar with my worldview about the Roman Catholic Church and the Jesuits, please read [my article about it](#).

Moreover, John Coleman refuses to disclose much about his background. There is no evidence he was a MI6 agent. Why does he use the title of Dr.? He has a doctorate in what? He doesn't tell us. The name John Coleman may be a psudeonym. According to <https://www.truthcontrol.com/articles/eustace-mullins-exposed-dr-john-coleman-1992> his name may really be John Clarke.

Because of my doubts about John Coleman, I removed two articles from him I posted in 2013 from this website, the Story of the Committee of the 300 article and what he said about Tavistock. I don't want to be guilty of spreading disinformation.

Can we trust *anyone* who claims to be a former intelligence agent? I used to think that former CIA agent Mark Phillips was legit. He rescued MKULTRA victim Cathy O'Brien. Or did he? Some believed that Phillips was Cathy O'Brien's new handler. I have doubts about Phillips because he tried to debunk the testimonial of another MKULTRA victim, Brice Taylor, AKA Sue Ford, who wrote, "[Thanks for the Memories](#)." I find her testimonial very credible.

Does it make sense to trust the testimonial of a former intelligence agent? He may be mixing fact with fiction to intentionally sow disinformation because he is still on the agency's payroll! His motivation may be monetary. I think the Story of the Committee of 300 must have made a lot of money for Dr. Coleman. To me the mark of a true whistleblower is persecution. Did John Coleman experience anything like what Julian Assange or Edward Snowden went through? I sure haven't hear about it. Coleman is only famous among conspiracy researchers. He hasn't come close to the fame of Assange or Snowden. Often an insider with highly classified information gets taken out or neutralized by the people he used to work for.

Of course all of the above are only my opinions. You can decide for yourself. The critique of the Committee of 300 by Col Barry Turner makes a lot of sense to me.

Col Barry Turner – Committee of 300 John Coleman – Critique

If after listening to what Barry Turner has to say and you don't agree with him or me, please post comments in the comment section and I will reconsider. The Bible says we see through a glass darkly. Nobody's perfect, right? I'm the first to admit that about myself.

What Pope Francis wants to teach you about the Antichrist

There are numerous articles on the Internet entitled, "The End Times Book Pope Francis Wants You to Read". It's about a book written in 1907 by Robert Hugh Benson about the rise of the Antichrist. One article from <http://culturalmarxism.net/the-end-times-book-pope-francis-wants-you-to-read/> starts off:

During an airplane news conference on his way back from the Philippines, Pope Francis referenced a 1907 book entitled "Lord of the World" and advised all of those in attendance to read it.

Wikipedia confirms these articles.

Lord of the World is a 1907[1] novel by Monsignor Robert Hugh Benson that centers upon the reign of the Anti-Christ and the End of the World. It has been called prophetic by Dale Ahlquist, Joseph Pearce, Pope Benedict XVI and Pope Francis. (Source: http://en.wikipedia.org/wiki/Lord_of_the_World)

And what does this book say about the Antichrist?

- His name is Julian Felsenburgh. (Sounds like a Jew.)
- He is a secular humanist, a person against all religious beliefs.
- He leads the world in a final battle between humanism and Catholicism.
- He destroys Rome, kills the Pope and all the Cardinals.
- He attempts to destroy all religions and faith on earth.

Folks, whether you think so or not, this is not the idea of Antichrist that the Protestant Reformers had. To a man they all believed that **the papacy is the Antichrist** and not just a single individual in the future. Pope Francis is reinforcing the false doctrine of a future Antichrist in order to keep people's eyes off of *him* as Antichrist! And how did that false doctrine start? It all began with the wrong interpretation of the final Week of Daniel!

Daniel 9:27a And he shall confirm the covenant with many for one week:

Up to the 18th century, all Protestants and Bible believers believed the “he” of Daniel 9:27 is Jesus Christ and the “covenant” talked about in this verse is the **same covenant** mentioned in verse 4 of the same chapter:

Daniel 9:4 ¶And I prayed unto the LORD my God, and made my confession, and said, O Lord, the great and dreadful God, keeping **the covenant** and mercy to them that love him, and to them that keep his commandments;

In other words, “the covenant” is the covenant of grace through faith that God first made with Abraham. It was a covenant already in existence during the time of Daniel. That is why it was “confirmed”, and not something made in the future.

They also believed the “one week” or seven years was 3.5 years of Jesus’ ministry to the Jews, and 3.5 years of His Apostles’ ministry to the Jews up to the time of the first martyr, Stephen. And they believed the “many” of Daniel 9:27 referred to the believing Jews who received Jesus as Messiah. Why do Christians today believe Daniel 9:27 is talking about a future Antichrist and an Endtime scenario that lasts 7 years? It’s because of a false doctrine that was conceived in 1580 by a Jesuit priest, Francesco Ribera, which finally took root in Protestant seminaries sometime in the 19th century. The principal reason to take the final Week of Daniel away from the first 69 weeks and throw it into the future was so Protestants would think of Antichrist as coming in the future so they would get their eyes off the Pope as being Antichrist! This is not speculation but provable facts. For more information please see [The 70th Week of Daniel Delusion](#), and [other articles on this site](#) that gives biblical proof about who the real Antichrist is.

**[Dr. Robert Malone Talks about
Information Warfare Against Truth
Tellers](#)**

Robert Wallace Malone is an American virologist and immunologist. He is the inventor of mRNA technology. During the COVID-19 pandemic, Malone has shown COVID-19 vaccines to be ineffective and dangerous.

This is a talk by Dr. Malone transcribed by me from a YouTube video below the text. It will probably get zapped from YouTube sooner or later, but this text will remain.

It's been a series of epiphanies that have made me realize that there's no upside to just being circumspect and trying to be a nice guy in this environment. This is full-on media warfare, information warfare, political warfare, 21st century, like we've never seen before, and coordinated globally.

The other thing for me has been the personal journey of coming to terms with what the World Economic Forum really represents. And I really resisted that people initially, were coming to me talking about the Great Reset, and I was like, "Ah, this crazy talk." But then it's all documented! And then you see it being deployed. Here it is. They're proud of it. They don't hide it. This is the vision. It is a full on globalist totalitarian vision, with the money in control.

And I did a lot of political science when I was an undergraduate in the early 80s. And I had read things like books about transnationalism and the New World Order. I've found that fascinating, but confused, how could this possibly happen? And now to see it playing out in real-time, and in a way in which national sovereignty governments are increasingly irrelevant. You know, that's the thing that folks got to wake up about.

This is not about the vaccine. The vaccine is a symptom. That's a really hopeful message going into the new year, is that there's a growing cohort of people that are increasingly aware of how thoroughly we've been manipulated.

I thought I was red-pilled. You know, I've been on the inside for so long and seen Tony Fauci's machinations for so long. That's my origin story, was the initial AIDS crisis starting in 83. When I was at Davis (a university in Davis California). So I saw the hardball politics. It's not that I haven't been aware of that. But I had not been aware before of the information control that is globally coordinated. I mean the [Trusted News Initiative](#) is profound. What that means that has become the Ministry of Truth (Reference to George Orwell's classic novel (Nineteen Eighty-Four)). And what Twitter's

doing right now, that I think, with [Alex Berenson's bold and brave lawsuit](#), taking on Twitter, and then I've had a bunch of lawyers come to me because of getting de-platformed or canceled I think is really the right term.

Certainly, people can't deny it anymore. There's so much evidence. And the CNN ratings keep slipping, yay! Maybe we're gonna see some change in 2022. There is a kind of a growing movement and awareness that part of the problem here is the structure of how we have been building our organizations in doing business in a deep, profound way. And just dissatisfaction with what one sees at the World Health Organization and the CDC, and the whole HHS structure in the United States where you have carefully controlled information, only one leader is allowed to speak, only one leader is allowed to represent the position, I think that is gonna turn out to be one of the changes here is a growing awareness that that model is dysfunctional, broken, and it needs to be fixed.

For me, it has been an awakening journey, there's no question. I didn't seek this and never expected it. I find myself at the center of this storm of the resistance. That's what it is really. And I'm still amazed. But it has profoundly changed my view of the information that we receive.

You talk about me becoming more outspoken. I've seen that with my peers too. So for instance, (Dr.) Peter McCullough, he's kind of chilled out a little bit. But when you're attacked all the time. And you have all of this weaponized information against you and no respect... I mean, I'm Mr. Malone, you know, who claims to have invented... I mean, all this language, classic yellow journalism language to have it all deployed against me in absolutely no respect for what I actually did. They never cite all the patents. I mean, they just gloss over all that.

This is asymmetric warfare. We're basically in a guerrilla warfare situation and we got to play it smart. Because what I'm seeing is the other side is generally not very smart. They have a big hammer. They've got all kinds of resources, but they don't seem to be very bright.

I don't know what's going to happen in 2022. But there are some encouraging signs. You know, I try really hard to look for the silver lining and things and if this whole trauma that we've been through nationally and globally, leads to an awareness of how interconnected we are, and the need for healing and the need for community and the importance of integrity, and the importance of human dignity. That's kind of the perhaps naive pollyannish hopeful position in response to the Great Reset, is people use the term the Great Awakening.

Disinformation and Fake News: Mainstream Media and Alternative Media Both Guilty

I turned into a conspiracy researcher from 1980 which was when I first read John Todd's testimonial about [Witchcraft and the Illuminati](#). Todd taught me to read between the lines when listening to newscasters. The mainstream media is owned and controlled by large corporations. Almost by definition, a corporation's bottom line is profit, not the well being of the public. An excellent resource that brings this out is a book, ["Flat Earth News" by Nick Davies](#). The message of that book:

"Mainstream media (MSM) news agencies have been taken over by profit-seeking corporations. One way to raise profits is to cut costs, and cutting costs include time taken to fact check sources of information. In other words, making money rather than educating the public is the sole motivation of news corporations today. "

Conspiracy researchers such as myself have realized this instinctively and have therefore turned to alternative news media for information. My search for truth became a journey of hit and miss with alternative media. After a few months of listening to the likes of Alex Jones, Jeff Rense, David Icke, Joyce Riley, and others, I began to see they had something in common other than trying to educate the public. They all have something to sell! And it's usually health food supplements that are supposed to protect us from the effects of nuclear radiation.

On this website, I wrote about Joyce Riley's [false reporting of the aftermath of the Dai-Ichi nuclear reactor in Fukushima Japan](#). Though she promoted health products on her website, she lived from 1948 – 2017, only 69 years. I've outlived her by one year so far. I'm not on any medications and take only vitamin C and zinc supplements, I think I'm doing OK health-wise. I can still run up a flight of stairs and ride a mountain bike for exercise.

The following is an excerpt from a New York Times magazine article by a man who once worked for Alex Jones as a video editor, Josh Owens, written on Dec. 5, 2019: [I Worked for Alex Jones. I Regret It.](#)

Soon after I was hired, Jones's Infowars-branded store – which sells

emergency-survival foods, water filters, body armor and much more – introduced an iodine supplement, initially marketed as a “shield” against nuclear fallout. Still learning the ropes, I was tasked with creating video advertisements for the supplement, which he ran on his online TV show. One of these ads started with a shot of the Fukushima Daiichi nuclear power plant as it exploded. I doubled the sound of the explosion, adding a glitch filter and sirens in the background for dramatic effect. Jones stood over my shoulder as I edited. “This is great,” he said. “See if you can find flyover footage of Chernobyl as well.”

Shortly after Jones began selling the supplements, someone posted a video on YouTube holding a Geiger counter displaying high radiation readings on a beach in Half Moon Bay, Calif. The video went viral, **stoking fears that radiation from Fukushima was drifting across the Pacific Ocean**. Jones saw an opportunity and sent me, along with a reporter, a writer and another cameraman, to California. We had multiple Geiger counters shipped overnight, unaware of how to read or work them, and drove up the West Coast, frequently stopping to check radiation levels. Other than a small spike in Half Moon Bay – which the California Department of Public Health said was from naturally occurring radioactive materials, not Fukushima – we found nothing.

Jones was furious. We started getting calls from the radio-show producers in the office, warning us to stop posting videos to YouTube stating we weren’t finding elevated levels of radiation. We couldn’t just stop, though; Jones demanded constant real-time content. On some of these calls, I could hear Jones screaming in the background. One of the producers told me they had never seen him so angry.

We scrambled to find something, anything we could report on. We tested freshly caught crab from a dock in Crescent City, Calif., and traveled to the Diablo Canyon nuclear plant in Avila Beach, asking fishermen if we could test the small croakers they caught off a nearby pier. We even tried to locate a small nuclear-waste facility just so we could capture the Geiger counter displaying a high number. But we couldn’t find what Jones wanted, and after two weeks of traveling from San Diego to Portland, we flew back to Texas as failures, bracing for Jones’s rage.

For more about Alex Jones, please see [Why I stopped listening to Alex Jones](#)

What I think about what [Jeff Rense has to say about Fukushima](#).

Joyce Riley also came out with [disinformation and lies about Fukushima](#)

Folks, I was living in Japan during the major earthquake and tsunami that killed around 20,000 people on March 11, 2011. It seemed so ironic to me that the further away a person lives from Fukushima, the more he or she seemed to fear it! And why? They were getting fear-mongering news from the media! And alternative media actually told MORE lies about Fukushima than the mainstream media did! My home was then in Niigata City, only a little over 100 miles or 160 kilometers as the crow flies from the damaged Fukushima Dai-Ichi power plant in the town of Futaba, Fukushima Prefecture. I can tell you the thought of harmful nuclear radiation in the air from the power plant was not a topic

of discussion among the locals. Nobody was worried. But for some reason, a friend who lived hundreds of miles further away in southern Japan was spreading on the Internet all kinds of horror stories about Fukushima. And where did he get it from? From alternative media in America!

Here's a general rule of thumb for how I judge the news today: When I listen to mainstream media, I always try to read between the lines and not take anything at face value. Newscasters like Lester Holt of NBC are enjoyable to listen to, but I don't believe anything he says about the coronavirus or the importance of vaccinations. For alternative news sources, I stick with men who I see to be sincere and dedicated Christians, men like Dr. Chuck Baldwin. When I heard him say that QAnon is a hoax, I believed him. I don't follow QAnon. I'm grateful to pastor Baldwin for warning me about it. Some of my friends do follow QAnon. I think not only are they wasting their time, but they are also going to be greatly discouraged and disappointed someday when they see everything that Q promised them did not and will not come to pass.

Another way some people get news is through social media like Facebook or Twitter. This may be the least reliable method for a couple reasons.

1. Both Facebook and Twitter are subject to censorship of any information that is contrary to the mainstream narrative.
2. Well meaning friends may share information they didn't fact check. Once I got a link from a trusted friend about the Pope changing one of the Ten Commandments and adding an eleventh commandment! I immediately shared it on my Facebook timeline only to find a few hours later that it was false! Why did I share information without fact checking it? Two reasons: I got the information from a very good and trusted friend, and the information agreed with my cognitive bias about the Pope. I had to learn to always fact check. This also applies to other social media that is becoming popular such as MeWe and Parler. You won't face censorship using them, but well meaning friends can still lead you astray by their posts.

[Flat-Earthers Cannot Explain Timezones Or Why the Length of Daylight Varies According to Latitude and Season of Year](#)

I posted this meme on Facebook. To my surprise, it was immediately shared by a friend who believes the earth is flat! I say surprise, because I posted this meme to prove to Flat-earthers that the world cannot possibly be flat seeing the two islands are only 100 miles apart and yet 25 hours different in time. This is because the International Date Line runs between them.

Here's our conversation:

James Arendt Christina, does this mean you have changed your position on Flat Earth?

Christina No, it proves it even more. How can they be 25 hours ahead, but 100 miles away. California is over 2000 miles away and only 3 hours earlier in time. It proves we live a lie.

James Arendt Christina, the International Date Line separates Samoa and American Samoa. Only if the Earth is a sphere could this possibly make sense! These facts are indisputable:
The two islands are only 100 miles apart but 25 hours different in time due to the International Date Line. Prove this wrong and my hat is off to you. This can be possible only if the earth is a ball shape.

Christina Or, they've developed a complicated lie that can't work without this imaginary date line. In fact they aren't off by nearly a day. How do you explain seeing the moon in America during the day while it's visible in Australia which is not possible on a sphere?

James Arendt It IS possible to see the moon on a global earth from both Australia and USA at the same time!

The bottom left circle is around the east coast of Australia and the top right circle is around the west coast of the USA.

Christina

James Arendt Flat-earthers are always telling me, "Do your own research! Do your own research!" Well, I HAVE done my own research, and I have presented every one of my findings, and not one of them have been properly answered with facts. All my research tells me the earth is a sphere. It also tells me

Flat Earth is a CIA / Illuminati psyop to marginalize Bible believing Christians and ruin their personal testimonial of salvation in Jesus Christ!

Christina Well, once I realized all pictures of Earth are digital art renderings and a slew of other issues, I believe we've been lied to, but I'll still be your friend

James Arendt I'm glad to be your friend too, Christina. Yes, we have been lied to about many things, about history, reasons for wars, about evolution, about 911, about the Apollo moon missions, etc., but to say we have been lied to about photos from space is not enough to convince me the earth is flat when my experience traveling the globe tells me otherwise. One half of the planet is dark right now. Samoa is one full day ahead in time than American Samoa. I saw satellites move across the sky. Only a spherical earth explains me why that is so and many other things such as why I experienced 24 hours of sunlight in the Arctic in the summer, 24 hours of darkness in the winter, and why there is less than one hour variation of daylight in Guam throughout the year. Only a spherical earth explains to me why.

Christina There's a lot more than photos as the issue. I investigated for a long time after the photo issue came up. It's just one piece to the puzzle. They fake the footage from space using green screens and pools is another issue. Why fake photos and ISS if they are there? Just show one real thing. They can fool most of us, but not all of us. I don't think it's easy to accept flat Earth. Why would anyone invite the ridicule? The Bible tells us the truth, and it says the Earth is flat. I'll accept that now.

Conclusion:

As Mark Twain once wrote, "It is easier to fool people than to convince them they have been fooled." That's what I feel about those who have swallowed the deception that the earth is flat. This article was written not to convince a flat-earther that he or she is wrong, but to convince those who have dabbled with flat-earth doctrines, people who are still on the fence who have not entirely been swayed by it. You can see that Christina cannot explain away my statements to her. She doesn't even try to. She can only dismiss them and parrot what she picked up on YouTubes that teach flat earth.

[Disinformation Agents of the New World Order – David Icke, Alex Jones, Zeitgeist, etc.](#)

Anyone who purports to be a truth teller who gets no opposition for his message is likely to be a disinformation agent.

[A Key to Determine a Truth Telling Website From a Disinformation Website](#)

A false doctrine today in evangelical churches is the Pre-Tribulation Rapture doctrine. God's Word does not promise we will be saved from persecution. The history of the church shows that.

[Billy Graham's apostasy exposed](#)

In 1971 I became a born again Christian while serving in the USAF in Sacramento California. The same year my Christian friends took me to see an evangelical crusade in the city of Oakland led by Billy Graham. I greatly admired Dr. Graham's faith, fire and conviction for God. You can imagine my shock when I heard that Billy Graham became an apostate. Some people have even accused him of being a Luciferian, a 33rd degree Freemason, and an victim of MK-ULTRA mind control programming. You can count that as conspiracy theory and speculation if you want, but I think the YouTube video below presents provable facts of Billy Graham's apostasy and denial of all the fundamental biblical doctrines Christians have heard him teach in his early years.

The Bible teaches in 2 Timothy 3:12: Yea, and all that will live godly in Christ Jesus shall suffer persecution.

When is the last time you heard of Billy Graham receiving any opposition at all? The only people who opposed his message were other evangelical Christians whose ministries suffered after a Billy Graham Crusade swept like a spiritual tornado through their area! The mainstream media which supports lots of antichrist programs has never opposed him or badmouthed him as far as I know. If you have any word on this, you are welcome to share it in the comments section below.

[Who is Fritz Springmeier?](#)

Fritz Springmeier during his talk at the Prophecy Club in the 1990s, and a recent photo. Are these photos really of the same person?

"Fritz Artz Springmeier is regarded as one of the foremost authorities on the Illuminati and mind control. He has been on numerous radio shows and spoken at several conferences. A prolific writer, Springmeier has published several books, most notably, *Be Wise As Serpents*, *The Watchtower and the Masons*, *The Top 13 Illuminati Bloodlines*, *The Illuminati Formula Used to Create an Undetectable Total Mind Controlled Slave* and *Deeper Insights*." (Quoted from <http://www.eaec.org/expose/fritzspringmeier1.htm>)

I read parts of Fritz Springmeier's works and considered them to be very good. And I appreciated his support of [John Todd](#), a man from a trans-generational witchcraft family who first told me about the Illuminati. When I heard that Springmeier was convicted of armed bank robbery, my immediate thought was that he was framed and put into prison to shut him up. Now I wonder if there wasn't another agenda in place.

Years ago I read the first part of what a Christian pastor by the name of John S. Torell had to say about him, but I rejected it because Pastor Torell also discredits John Todd's testimonial. However in recent days I've come to seriously wonder if Fritz Springmeier may not be who he claims to be.

I began to think Springmeier may be part of the controlled opposition because Alex Jones supports him and he supports Alex Jones, a definite disinfo agent! Another disinfo agent, David Icke, also supports Springmeier.

All of these these guys point the finger mainly at the international bankers as the main culprits of the Illuminati anti-Christ conspiracy. They are "gatekeepers." They never go any higher than the Rothschild family and their associates.

I now think a family only 200 some years old could not possibly have acquired as much wealth as an institution that's been around over 2000 years, the Roman Empire, its Church, and the families that control it.

Though Springmeier claims to be a Christian who has "committed his life to Christ," he has yet to use the Name of **Jesus** on his website. On Springmeier's www.penttracks.com blog, it says,

"Fritz Springmeier is foremost a follower of Yahshua the Messiah."

The word "Yahshua" is *not found anywhere in the Bible!*

The spelling Yahshua (יהושע) is not found in Hebrew texts. The Hebrew Bible uses Yehoshua (יהושע), and later Aramaic form Yeshua (ישוע), for Joshua, which means "Yah is Salvation." Christians,

historians, and linguists outside the sacred name movement for the most part reject the term Yahshua (יהושע) in favor of Yeshua (ישוע) as the original pronunciation.— From Wikipedia article

And lastly,

Although Mr. Springmeier has disseminated a plethora of intriguing information, a veil of mystery surrounds this renowned researcher. Born in Garden City, Kansas on Sept. 24, 1955, Fritz' previous name was Victor Earl Schoof, which he legally changed in 1987. The most recent name he uses may, in fact, be likened to a puzzle. Several survivors of ritual abuse and mind control have indicated being profoundly triggered after seeing or hearing his pseudonym. Fritz was the name Josef Mengele used while hiding out in South America. "Spring" in occult lingo means new. Meier may be a derivative of the German word meister, which means master. Hence; the new master in the likeness of Josef Mengele." (Quoted from <http://www.eaec.org/expose/fritzspringmeier1.htm>)

July 16, 2013 update:

I just heard from a person who I consider to be a very reliable source that Fritz Springmeier got most of his information from "ex" CIA agent, **Mark Phillips!!!** Check out [what Ken Adachi says about Phillips](#). I don't fully trust Adachi either, but what he has to say gives some food for thought.

July 1, 2014 update:

I first posted this article sometime in 2013. It was up for a while and then I took it off line. I do not want to be guilty of posting erroneous information about a Christian brother. But yesterday, June 30, 2014, a lady sent me an article written by Mr. Springmeier in which he seems to be supporting working with the Illuminati!

The Illuminati agenda was revised, & this new world leader, William Cornelius Van Duyn, became a force for good, further fulfilling the Scripture: "For rulers are not a terror to good works, but to evil...for he is the minister of God to thee for good." ROM 13:3,4 Lord willing, if you shall read my report on Mr. Van Duyn, you will see this man is no anti-Christ. Of course, he is also not a Christian. His philosophy fits in perfectly w/ historical theistic Gnosticism, & is appropriate for the Illuminati goal to have the Masonic religion become the world's religion. Meanwhile, the large religious bodies of the World, as I have previously exposed, are directed from orders coming from the United Grand Lodge in England. What is exciting is that he has been dismantling the old satanic power structure & replacing it with a much more benign power structure. We can continue to pray that this process continue. As

you can imagine, he is taking a lot of heat as he melts down this old satanic power structure.

My opinion: Anyone who writes such nonsense doesn't have a clue what the elite power structure is all about! Mr. Springmeier is either deceived, or possibly not even the real Fritz Spingmeier who first appeared on the Prophecy Club back in the 1990s.

[Alien Abductions and How to Stop Them](#)

This Youtube exposes UFOs and aliens to be not from other planets as the aliens claim themselves to be, but spiritual entities who seek to deceive the world into thinking that they, the aliens, are the creators of life, and to draw people away from the faith of the God of the Bible and the truth of the Gospel. They can be stopped in their tracks simply by calling on the Name of Jesus!

[Fushishima Nuclear Power Plant Disaster and the Media: Distortions, hype and pure lies!](#)

I still hear a lot of fear-mongering about the Fukushima nuclear accident. Some call it “worse than Chernobyl”. I find no logic in that statement at all. Two and a half years later and yet **not a single Fukushima power plant worker has died** or is even sick!

Examples of fear-mongering media manipulation headlines:

- Worse than Chernobyl: The inner threat of Fukushima crisis
- Nuclear disaster: Radiation levels at Fukushima would now be fatal within hours
- West Coast of North America to Be Hit Hard by Fukushima Radiation
- Fukushima Radiation Release Equivalent To 1,000 A-Bombs
- Fukushima leak is ‘much worse than we were led to believe’

Folks, I live in Niigata Prefecture which is the neighboring prefecture to Fukushima. If people were dying or getting sick from nuclear radiation in Fukushima, I would hear the locals talk about it. Nobody is. See [Japan's radiation disaster toll: none dead, none sick](#)

[Billy Graham and the New World Order](#)

A few months after I became a born-again Christian through faith in Jesus Christ in 1971, I attended a Billy Graham crusade in California. I deeply loved and respected this man who I considered to be a true messenger of God. Imagine my shock when I found out what he preached to me in 1971 about Jesus Christ, **he himself does not believe!** If you want to know the truth about who

Billy Graham really is, please see and consider the facts brought out by this Youtube video.

Fukushima Radiation Reports Overblown

The fear mongers of the threat of radiation from the nuclear power plant meltdown were all wrong! Life goes on in Japan as it always had.

Who is Greg Szymanski?

A cyberspace friend introduced me to Greg Szymanski and his Arctic Beacon website. I remember listening to one of his radio shows before.

In order for me to trust what a researcher has to say, I need to know who that person is. I can tell you for sure who Greg Szymanski is *not*. He is not a Bible believing born again Christian.

Greg, how can you expect me and other Christians, the only people who you say would listen to what you had to say about Vatican, take you seriously when you offer a *theory* about Who Jesus is while claiming to be an investigative

reporter? A reporter is supposed to deal with *facts*, not theories or opinions.

March 8, 2020 Update: Some time after I posted this article, the link to the audio talk on Greg Szymanski's website was either moved or deleted. In fact, the entire website has changed to one of a foreign language, Indonesian. Maybe Greg Szymanski changed his mind and turned to the truth of the Bible and the Gospel of Jesus Christ, the Word Who became flesh and died for our sins on a Roman wooden cross so we can be redeemed from Satan and have a relationship with our Creator.

Why I stopped listening to Alex Jones

I'm very concerned about the attitudes and mindsets of some of my friends who regularly listen to radio talk show host Alex Jones. I used to like Alex Jones, and once greatly admired his courage for crashing the [Bohemian Grove](#) during one of its annual get-togethers of the elite. I thought he was great for filming the "Cremation of Care" ceremony. Now I think it all have may been a set-up. He could have been justifiably shot for trespassing at any time! Why was he not afraid of that? I believe he had **promises beforehand** that he wouldn't be attacked. I never heard of any litigation brought against him for it. Was there any? Well, that's my little "conspiracy theory" if you will, but the following is not theory; it's history and verifiable facts:

Alex Jones falsely proclaimed to the world that Y2K was destroying a town:

Twenty to 40,000 civilians trapped in the city ... tanks are being blown to bits, massive broad unguided rocket attacks are being launched massively from the city indiscriminately right now, air and artillery bombardments as well. It is absolutely out of control. It is pandemic ladies and gentlemen. ..." – Quoted from Jones' radio broadcast.

The American patriot and one of my heroes, William Cooper, didn't like Alex Jones and exposed his Y2K fear mongering tactics on one of his [shortwave radio broadcasts](#). I believe William Cooper was a sincere truth teller who paid the price for his faithful broadcasting of truth with martyrdom. How many times has Alex Jones been persecuted and beat up to the point of being hospitalized? William Cooper was.

Bill Cooper Says Alex Jones Is a NWO Shill

Alex Jones *exposes himself* as a shill

The Youtube clip below shows Alex Jones rudely disrupting a peaceful rally led by an American patriot proclaiming the same message Jones himself claims to hold!

"The alter ego of Alex Jones got the better of him today in Austin. Two minutes into an organized rally at the steps of the Austin Police Department, Alex shows up and immediately starts bullhorning over the speech of local patriot, John Bush." (From <http://wideeyecinema.com/?p=7334>)

Alex Jones betrayed a Christian patriot family in Texas

Please see <http://www.christianmediaresearch.com/jones.html> for details.

Some of my friends who listen to Alex Jones, and who knew political reality from decades ago, seem to actually believe that Ron Paul, if elected U.S. President, could turn around the negative foreign and domestic policies America has had since close to the beginning of the 20th century and improve the well being of the American people. With all the true information they had 30 years ago, I do think they should know better! No one man can turn around that country, not even with the help of all his friends. The enemy has infiltrated far too deeply. If Paul even came close to winning in a presidential campaign, I would smell a rat. Paul would need massive support of the Mass Media and Elite to be a viable contender for the presidency. And if he won, would he actually fulfill his present vision for the country? If he tried, he would suffer the same fate as JFK did in no time.

An excellent resource I found is [Who is Alex Jones?](#)

One of the comments on that page says:

AJ's duty is to serve his masters by conducting occult magick, in order to create the illusion of truth. By what seems to be endless amounts of bones to uncover, the people have been thrust into a

frenzied mentality of let's see what AJ has for us tonight. As if they are dope feigns looking for their next hit and at the end of the day, what difference has it really meant in the grand scheme of things. They often end right back at ground zero, only to repeat the routine over and over like a rat running on a treadmill.

Alex Jones talks about Al-Qaeda as a creation of the CIA as if it is an actual network of terrorists. It is not. Al-Qaeda is a creation of the CIA, but created only as a fantasy *only in the minds of the public!* Al-Qaeda doesn't exist!

The best way to control the opposition is to lead it ourselves.—Lenin

I think Mr. Jones\$ may have ulterior interest\$. I suppose there is a lot of cash to be got by \$preading disinformation.

Am I a pessimist in my overall worldview? I am very optimistic of the future, but only [when the King returns](#).

January 22, 2013 update:

Alex Jones

People like Alex Jones and Ron Paul, while claiming to offer an alternative to American corruption, are strangely silent when it comes to the agency that is historically most [culpable](#). While ostensibly defending our Constitution; they say nothing of the organization that has [opposed](#) it the [longest](#). "None of these self-styled 'freedom fighting' conspiracy theorists expose the real power behind all the conspiracies at work," writes Seventh-day Adventist layworker, Roland Temple.

"Alex Jones is hiding the biggest part of the NWO. He's hiding all this and it's not by accident," says (non-Adventist) Christian activist, [Thomas Richards](#). "A lot of the things he covers have a direct connection with The Vatican, but he never mentions it." That's suspicious, say some, because the Commander of InfoWars.com seems very well informed about everything else that's going on behind the scenes, almost as if he's got a back-stage pass.

Former CNN Journalist Reports CNN Controlled by the Government

A friend posted this on Facebook today. Rather than share it only with my Facebook friends, I thought to share it with the world. Of course it's also posted on numerous other blogs and articles. It's so refreshing to see a person stand up for moral convictions even though it means personal loss!

Jeff Rense Fukushima disinfo exposed

Jeff Rense, 66, riding a \$30,000 Harley Trike, one of a collection of motorcycles, a lifestyle partly supported by donations from his readers.

I live in Niigata Prefecture which is the neighbor of Fukushima just to the west. Since the March 11, 2011 Fukushima nuclear power plant disaster, I've been to Fukushima several times. Once I came as close as 20 kilometers to the damaged nuclear reactors. Nobody I know or even heard of has become sick with radiation poisoning from the damaged Fukushima nuclear powerplant.

The so called alternative media has been spreading, in my opinion, disinformation and **fear mongering** about the March 11, 2011 Fukushima nuclear power plant disaster, making it sound much worse than it really is. Radio

talk show host, Joyce Riley of the Power Hour show, said on March 27, 2012, that in 45 days Tokyo will become uninhabitable. She also said there are mass evacuations of US Military dependents from Japan, evacuations from embassies, and that the airports were in chaos, jammed packed with people trying to evacuate. All of this is **false**! Either she was misled or she just **plain lied**. It is now **November 12, 2015**, over three years since Joyce Riley made those statements. Tokyo is business as usual as ever with as many or more foreign tourists as before the 3/11 tsunami and power plant disaster! How do I know that? I pass through Tokyo several times a year and was there just a few weeks ago. I saw those tourists and crowds of people with my own eyes.

Another radio talk show host, Jeff Rense, called the hydrogen explosion that blew the roof off the nuclear power plant, "a small hydrogen bomb." Calling it "a small hydrogen bomb" is misleading. In my opinion it's disinformation, plain and simple. Hydrogen bombs are nuclear devices. The explosion at the Fukushima plants was a *chemical reaction* of hydrogen molecules uniting with oxygen molecules. Hydrogen gas is produced when hot zirconium alloy fuel rods come in contact with water and steam when water is poured on them to try to keep them cool in an emergency. Zirconium has a high affinity for oxygen. It pulls the oxygen molecules out of water releasing water's hydrogen molecules. The hydrogen gas built up and heat from the reactor caused it to explode, meaning, chemically reunite with oxygen forming water again. Any high school kid with a moderate knowledge of chemistry would know that hydrogen burning or exploding is a **chemical** reaction, *not nuclear*. This means Rense is not only a disinfo agent, he is mocking the intelligence of the American public.

Has Jeff Rense been lying to his listeners? Patsy Smullin who runs KOBI-TV, a TV station that Jeff Rense says he worked for, called him, a compulsive liar

I'm not saying that Fukushima wasn't serious, but was it really worse than Chernobyl as Jeff Rense and others claim? How can it possibly be worse when so far, **not a single person** has died? Only the poor animals, mostly pets and some livestock have died for lack of care being abandoned by their masters. I heard other other day that some of the cattle have learned to fend for themselves and continue to survive.

Why is the alternative media spreading even more fear about Fukushima than the mainstream media is? The only answer I can think of is the alternative media has been making money off selling products that are supposed to protect you from radiation poisoning. Joyce Riley markets a lot of that stuff, and so does Jeff Rense.

Ask yourself this: If Fukushima is as bad as Jeff Rense, Joyce Riley, and others have said, and the Japanese government and Imperial Family know this but are withholding information from public, why are they still all living in Tokyo? Yes, folks, they're still all there engaged in business as usual.

Confirmation: Al-qaeda Exists only in the Mind

"BBC's killer documentary called "The Power of Nightmares". Top CIA officials openly admit, Al-qaeda is a total and complete fabrication, never having existed at any time." (Quote from: Top Ranking CIA Operatives Admit Al-qaeda Is a Complete Fabrication)

In 2010 while riding a train, I met a man from Pakistan. This was just after Terry Jones, the pastor of the Christian Dove World Outreach Center in Gainesville, Florida, U.S., announced he would burn 200 Qurans on the 2010 anniversary of the September 11 attacks. The Pakistani man asked me what I thought about it. I gave him a thumbs-down sign. I don't think it's good when people purposely antagonize those of a different culture or religion and make trouble. Besides that, I don't even believe Osama Bin Laden or Al-Qaeda had anything to do with 911. It was a false flag operation to give G.W.B. the excuse to invade Afghanistan.

The young man from Pakistan then proceeded to tell me Al-Qaeda is not an actual organization. Calling a person in the Middle East a member of Al-Qaeda is like calling a Japanese person you think is a criminal a "Yakuza." The person called a Yakuza may not even be a member of any organized Japanese mob, he may only appear to fit the type. Moreover, there are many different organized Japanese crime syndicates. Just saying "Yakuza" doesn't pinpoint any particular one. The Pakistani man said the U.S. Government will call anyone it doesn't like, "Al-qaeda."

Alex Jones says, "[Al-qaeda was created by the CIA.](#)" as if there is such an organization. This is a misleading statement! I believe "Al-Qaeda" to be CIA disinformation; it's a pseudo organization that exists only in the mind, used for controlling the public and justifying aggression by the government.
