

Main Points of the US Border Crisis – A Planned Foreign Invasion

The article I transcribed on January 20, [The US Border Crisis – A Planned Foreign Invasion](#) is a long read, and that may discourage some people from reading it all. Because I consider what Doug Thornton has to say is vital for Americans to know, I compiled its main points in this post to make it only 1/10 of the length of the previous post.

For the record, I do not advocate acts of violence against government officials. I do not own a firearm, but neither do I live in America anymore. I'm not against getting a firearm if I live in an area of high crime. I believe one of the main reasons why America has not yet fallen into total tyranny is because of the Second Amendment of the Constitution, the right to bear arms. I believe if the government outlaws guns, only outlaws will have guns. And I can tell you for a fact, that this is the situation in Japan! Though the average Japanese citizen was disarmed long ago, the Japanese mafia – the Yakuza – have guns. They use them to shoot each other, rival gangs.

Doug Thornton is the host of a podcast called American Vendicta. He is also a retired US Marine and a former federal police officer who worked for the Department of Homeland Security for 10 years. He worked for the Federal Protective Service as the uniform law enforcement side of the federal government. Many times he went down to the border to assist units from Border Patrol and CBP (Customs and Border Protection) for their border operations. The following quotations are all from Mr. Thornton. I slightly rewrote some of the things he said to make them clearer.

- The last 10 years we've had a million people yearly cross the border either illegally or coming through here and just slipping the system, then that's easily 10 million people. But what we typically say is for every million we don't catch. There are two to 3 million that get by. So if we take that estimate and then we flip it on its head, We're easily in the last decade at 30 to 40 million people undocumented.
- Many of them are multiple-time felons pedophiles, torturers, rapists, human traffickers, gun traffickers, terrorists, known cartels, and known gang affiliates like the MS 13 (an international criminal gang).
- You also then have other problems like diseases that come across. But one of the things that seems to slip the mind of Congress, though they know, is the amount of terrorism that comes across the border, the amount of known terrorism that's being found coming across the border that the FBI blatantly turns the other way.

- One of the simple forms of having a definition for invasion is an untold amount of people being granted access into the country against the will of the people there to deteriorate the laws and the customs and procedures of the people. Now, after that, if you are in the legislative system or the executive branch you will fully allow that to happen, knowing that you're bringing disease, crime, terrorism, and sex slave trafficking to include many children trafficked, not just into America, but from America, and then out of America, **then you would be more defined as a traitor by that term.**
- You take these people from socialist communist countries and they're men of fighting age. And they are bussed here. They didn't walk. They did not walk here. They were bussed here. Who bussed them? George Soros.
- The cartel is a Fortune 500 company. And we've known it. We've watched them. We monitor them. We observe them. They'll send us sometimes at these border patrol checkpoint stations, they'll send us an 18-wheeler filled with weed. You can smell it coming over the bridge. Then the dogs hit on it. And then we have a merry time tearing the truck apart. And it sucks us all in. And **meanwhile, the truck full of fentanyl goes this way. Or a truck with a nuclear missile goes this way. We won't know because we're so busy with checking out the 18-wheeler filled with weed.**
- If Donald Trump doesn't get re-elected, do you think the average person in America is going to sit back and not complain about it? And then from there, do you think there's a small group of people who aren't going to take up arms about it? January 6 was a precursor to what 2024 is. If you think of it as this, January 6 was planned in 2016. If that's true. Then 2024 was planned in 2020 in 2021 with January 6. So I believe that they are planning and building up the pressure building in the pot for a violent reaction from the people.
- And the Vatican plays a large part in it, Chris. You know this, we have NGOs, nongovernment organizations on the border that are helping affiliates, they're trying to bring these people coming across the border, who are not all Christians. They're bringing these people across the border and then they're funneling them all over the United States.
- You have entities like almost every Catholic Church, then to include the Red Cross that are all sponsored by the Vatican, and controlled by the Vatican. They are the main culprits and moving people. It's always been a Catholic Church that shows up somewhere at midnight with a van when we got, a busload or two of the illegals. And then they come and pick them up and they drive them away because they are helping the government with re-purposing these people, bringing them to other places.
- So if the government fails us, and they're obviously failing us for a reason, I don't care what Congressman comes out and grandstands for five minutes about how bad the border is. The majority of Republicans and Democrats are doing this.
- And Canada has its bigger point to play in this as well. This is also happening in Canada. Most people don't know this. You can take a flight from Mexico, direct flight into Canada, and then just walk right across the border.
- Mass migrants aren't going to South America to stay. They're all being sent to America. It's to destabilize. There can be no other reason except to destabilize the economy, rattle up the people, and destroy the

inner workings of our government, especially by creating social disorder like crime.

- The inevitable goal is the invasion of America. Why stage a war, why float across an invasion force of people? If I was a diabolical person and I wanted to take down America, this is what I would do. I would pay your politicians to allow my army to come across. And it's so hard and too obvious to bring my army from Beijing and from St. Petersburg and Moscow over to Mexico, then we'll just hire our friends in South America, who are all on our side, and we'll send them up first. And that'll be the initial force. All you need is an initial force of people.

NWO Insider Dr. Richard Day Reveals the New World Order Plan

Dr. Richard Day

Dr. Richard Day revealed New World Order plans in 1969. As we enter the new year 2024, let's count how many of these 55 points in their plans have come to pass. My comments are in parenthesis after some of them.

This article started with a video of the recollections of Dr. Lawrence Dunegan regarding a lecture he attended on March 20, 1969, at a meeting of the Pittsburgh Pediatric Society. Unfortunately, that video was removed from YouTube. □

The lecturer at that gathering of pediatricians was Dr. Richard Day (who died in 1989). At the time Dr. Day was Professor of Pediatrics at Mount Sinai Medical School in New York. Previously he had served as Medical Director of Planned Parenthood Federation of America. Dr. Dunegan was formerly a student

of Dr. Day at the University of Pittsburgh and was well acquainted with him, though not intimately. He describes Dr. Day as an insider of the “Order” and although Dr. Dunegan’s memory was somewhat dimmed by the intervening years, he is able to provide enough details of the lecture to enable any enlightened person to discern the real purposes behind the trends of our time.

You can also [read a transcript of the entire message on this site!](#)

Here are just some of the topics covered in this video created from Dr. Dunegan’s audio tapes about the plans of the New World Order. He revealed this information in 1969! How many predictions can *you* count that have been fulfilled? Please write your answer in the comments section below.

1. Girls would be discouraged from playing with dolls so they wouldn’t think about babies. They would be encouraged to get out on the soccer field instead.
2. Guns would be eliminated almost entirely and the few that were allowed to have them for hunting would have to check them out from officials. (The public in Canada, Australia and New Zealand have been disarmed. This is the reason, in my opinion, government repression during the Covid plandemic was much harsher in those nations than in America.)
3. They already could cure over 98% of all cancers – they had the cures at the Rockefeller Institute. But they would not be released because there were too many people in the world and they had to die of something.
4. Homosexuality will be encouraged – anything goes. (Since the Obama administration, gay rights have been promoted, and now under Biden, the LGBTQ agenda is given priority over fixing the southern border crisis and fixing other serious problems America is facing today.)
5. Families will diminish in importance. People would be encouraged to live alone.
6. Euthanasia will be encouraged – they will use “the demise pill” to kill themselves.
7. Births will be strictly controlled and you could not simply have children because you wanted them.
8. “Stupid” people would not eat correctly and exercise so they would die much earlier and that’s what they wanted.
9. Private doctors will be eliminated – doctors make too much money.
10. They will make health care so expensive that you must have insurance or be financially destroyed. Limiting access to affordable medical care will make eliminating the elderly easier. They would stop hospitals from giving any charity care.
11. New difficult-to-treat and diagnose diseases will come about as a means of population control. (SARS, Covid-19, laboratory engineered viruses.)
12. Running shoes and sports equipment will be made glamorous to make the “smart” people get into exercise.
13. Romantic music will not be put out anymore. All the old music will be brought back on certain “oldies” radio stations and the young people will have their own radio stations. Old movies will be put on again for the old people.
14. Entertainment will be used to mainly change and program young people.

The old people are not important anyway so they don't care much about them.

15. Entire meals will be made and put in grocery stores. Convenience foods will be made unhealthy. They wanted people who were too lazy to fix their own meals or exercise to die early.
16. Inducing heart attacks as a means of assassination. ([Heart attacks among young people have indeed dramatically increased](#) since the Covid-19 pandemic. Did the Covid vaccines cause it? I believe it did.)
17. They will blend all religions but Christianity had to go especially! Once the Roman Catholic Church is brought down then the rest will go next. Then they will create a new religion. (Many traditional Catholics are alarmed at the way Pope Francis is leading the church. I believe that even if the RCC is destroyed as an institution, those who controlled it will lead the new world religion. And if end-time events do not go the way dispensational evangelicals think they will, some have actually said they will throw their Bible away!)
18. They will change the Bible over time – churches would help them! (False doctrines abound in churches today.)
19. The education system will be restructured as a tool of indoctrination. Kids will spend more time in school but won't learn anything. Kids will have to specialize early on in their education and changing their plans will be very difficult. (Many Americans cannot find major countries such as Japan on a map.)
20. ID will be required for all travel. They will implant IDs inside the skin so that nobody can say they lost their IDs.
21. They will control who has access to information. Some books will just disappear or be changed. They will even have thieves steal certain books from the library. (It's much harder for them to control Information now unless Internet providers start to charge more money to access websites like mine which are not sanctioned by the government.)
22. Drug use will be encouraged to create a "Jungle" atmosphere. Meanwhile, police enforcement to put people in prison for drugs will be drastically increased.
23. Food will be strictly controlled and people would be not allowed to grow their own. They only would give you enough food to give you what you needed but hoarding food or growing food would be criminal activities. They didn't want anybody to be able to support those outside their system.
24. Travel will be first made cheaper to encourage people to spread out their families but then made very expensive so few people can afford it.
25. Crime will be increased as a way to control society.
26. More jails would be made and they would even use hospitals as jails.
27. **America would lose its manufacturing base.** Other countries would be making the products America was making now. (This is sure true of manufacturing in Asian countries.)
28. Sports would be used as a tool for social change – Soccer was being encouraged since it was a global game. They wanted to do away with anything like football and baseball that were created in the United States. National pride of any type would be discouraged.
29. Sex and violence would be programmed through entertainment.
30. All television sets would have secret cameras that would watch everybody

in the room.

31. They would implant IDs in everybody.
32. They would control what was in our food.
33. They already controlled the weather. They would stop rain in certain areas to bring them under their control. They would make rain during harvest to make it harder to get the food from the fields.
34. There were always two reasons for all their actions. The public reason they give everybody and the REAL reason.
35. People don't ask the right questions – they are too trusting.
36. Scientific research would be falsified to push their agendas.
37. **Terrorism would be used to control the people.**
38. Home ownership will be a thing of the past.
39. The new system would be either brought by peaceful means if possible or by bringing the nation to the brink of nuclear war. People would give up their national sovereignty to keep the peace.
40. If too many people resisted their plans, there might be a need to use one, two or more nuclear weapons to show that “we mean business”.
41. War was justified as a way to control the population. They were happy that World Wars had killed millions so they couldn't keep having babies. But now with nuclear weapons, they would not allow wars to be fought with nuclear weapons on a wide scale.
42. Americans have had it too good so nuclear terrorism might need to be used in order to implement the new world order system.
43. Inflation is a tool of control. Money would be turned into credit. Cash would be done away with. People would carry money only for small items such as chewing gun. All else is done electronically. They would ultimately have a single bank system but might appear as several banks.
44. All purchases would be tracked. If you bought too much of an item or a particular item, an official would be alerted to investigate. The ability to save would be curtailed so they would not be able to accumulate wealth. Wealth in the hands of the people is not good for those in charge.
45. If you saved too much, your pay would be cut in the future so you could not accumulate any wealth.
46. Credit would be encouraged so people would get in debt and get in trouble so authorities could come down hard on them.
47. Eventually there would only be one credit card and then after that, there would be a skin implant located in your right hand or your forehead. He was told to not worry about what the Bible said about this because this was just the logical place for the implant.
48. Implants would also be used for surveillance. Every citizen could be identified by their own signal through tooth fillings etc.
49. You'll be watching television and somebody will be watching you at a central station. The TV could be off and still monitor you. They could tell what you are watching and how you are reacting to what you are watching. The signals for monitoring you will go down the cable for your Cable TV and telephone wires.
50. Audio monitors would also be used in other rooms. Any wires that come into the home will be used to monitor you such as telephone wires.
51. There would be service trucks everywhere putting in the monitoring equipment.

52. People who already owned houses would be allowed to keep them but young people would never be able to afford a home. The cost of homes would not come down even with all the empty houses. They would control the price of homes to turn more and more people into renters.
 53. People would be assigned where they would live and they would assign non-family members to live with you. That's why the census asks how many bedrooms you have in the home.
 54. When the new system comes out, they would be required to sign allegiance to it. There would be no room for people who would not sign their allegiance to the new system. They would be secretly taken to special places where they would not live very long. People will just disappear so they can't be martyrs.
 55. The new system will come in over a weekend in the winter. They would announce the new system was in place on a Monday. Everybody will have less leisure time after the new system was brought in so they couldn't figure out what was going on.

[The October 2023 Israeli Palestinian War](#)

The modern state of Israel is a creation of the Rothschild family and Hamas is a creation of Israel.

[Jesuit Hollywood](#)

The influence of the Jesuits over Hollywood during its so-called “Golden Age”. Evidence of the way in which the Roman Catholic institution pursues its never-ending objective of conquering the world, in particular what could be called the “Protestant world”, by seeking to harness and make use of the most powerful entertainment medium the world has ever known: the movie industry.

What exactly is the World Economic Forum?

I found a talk by Larry Alex Taunton that I like on my friend's website [Global Depopulation by WEF](#)

Mr. Taunton has very interesting things to say about Klaus Schwab's World Economic Forum. He gives the history and the motivation behind it.

Larry Alex Taunton (born, May 24, 1967) is an American author, columnist, and cultural commentator. He has personally engaged some of the most outspoken opponents of Christianity, including Richard Dawkins, Christopher Hitchens, and Peter Singer.

Quoted from the YouTube video:

In this, our fourth episode of the "Ideas Have Consequences" podcast, author and host Larry Alex Taunton cuts through the conspiracy theories and the WEF's noble slogans to explain the history of this sinister organization and the anti-human ideas driving it. Taunton, who attended the WEF's annual meeting in Davos, Switzerland as a kind of spy, brings a unique knowledge and experience to this important issue. This is THE podcast when it comes to ideas and the World Economic Forum.

Important points from the video

- The elite are telling us all how we need to reduce our carbon footprint. The carbon they want to reduce is you.
- There are a boatload of ideas that are driving the World Economic Forum. They are sinister ideas but the people themselves don't think of themselves as sinister. Indeed they think of themselves as very decent good people who are doing what is the best for humanity.
- C.S Lewis once made the observation that the worst kind of tyranny is that which is done for your own good. And it's because those kind of tyrants are individuals who tyrannize you with the approval of their consciences. They're individuals who reassure themselves that at the end of the day what they're doing even if it caused a little bit of harm, it was ultimately for your own good. It's why a guy like Joseph Stalin when asked by a lady, "When are you going to stop killing people? He said, "When it's no longer necessary." He simply meant, to make the Socialist, the Stalinist, the Marxist omelet, you got to break a few eggs. And this is the mentality of the World Economic Forum.
- Human beings in the Socialist, Marxist, Communist, and Fascist way of thinking are simply raw materials for building the Utopian state, and this defines the World Economic Forum as well.
- Atheism is a major driving factor.
- The guys that are coming after you, they're not going to have gone to Sunday school, they're not going to be people who have been influenced to the degree that you are by the Christian faith. They're going to be prepared to follow their atheism to its logical conclusions. They're like Peter Singer (Australian moral philosopher and the Ira W. DeCamp Professor of Bioethics at Princeton University) who's the most consistent atheist that I've ever met. They're going to be willing to follow it all the way to where it goes which is to say there's no ultimate meaning in life other than that which you assign to yourself which again has no real meaning, no transcendent meaning. It's just kind of a fake meaning that you give yourself in order to feel better about this life. It means there's no life in the Hereafter, there's no hope, there's no justice, there's no ultimate right and wrong, there is only what happens. And if it means that you're a genocidal maniac, who cares? There's no ultimate right and wrong. And it means a guy like Stalin or Mao got away with it. There's no one in the next life to judge them for what they did. (Or so they think!) Once a culture absorbs that kind of ideology, atheism at its core, it's anything goes. And we're starting to see that in the culture now.

- The World Economic Forum has moved beyond the debate over God's existence to a place where their whole premise, their whole world view just more or less assumes there is no God. And they're taking it to the next level, they're taking it to its logical conclusion.
- At its core the World Economic Forum is about population control. They want to reduce the global population.
- They use the word "sustainability." That is a word you should be very wary of any time you hear sustainability, economic sustainability, development sustainability, governmental sustainability, or agricultural sustainability. Nothing good follows on the backside of the word sustainability. It always turns out to be fundamentally anti-human and that is because the World Economic Forum is anti-human. Atheism taken to its logical conclusions is anti-human.
- A lot of these World Economic Forum types don't believe in human perfectibility. They believe in societal perfectability. There's a slight difference between those two. They recognize that human beings are flawed but they they think they're flawed for a different reason. They don't think it is because of the Fall as I believe as a Christian from the Genesis account of creation and the polluting of the human spirit from Adam all the way down.
- I remember how Richard Dawkins put this to me in his home some years ago. I said, "Do you believe in evil?" And he says, "I believe in genetic predispositions." So he's rejecting the premise that there's an ultimate right and wrong, there are only genetic predispositions, and those pre-dispositions are divided into two categories, those dispositions that we like and those dispositions that we don't like, that we consider to be anti-social and therefore things to be eradicated. That's an evil philosophy because it leads you to believe that we can separate out the evil people and destroy them and we're left off with a better humanity. This is what drove Hitler, just separate out the bad people and destroy them.
- The World Economic Forum itself was founded in 1971. Between 1965 and 1975 there was an obsession with the global population, that the population was getting out of control.
- This concern over population control had infected the thinking of academic elites, and so they were buying into this in a big way, and the Club of Rome comes along. This is a group that was established in Rome which oddly now is based in Zurich. They should be called the Club of Zurich. It was a group of about 25 people the goal of it becoming about 60 people, but I think they're north of 100 members now. They're mostly individuals who are think-tankish types. They are academics, they're businessmen, they are influential people who gather together for the purpose of bettering mankind. That's the stated goal of the Club of Rome. It's a think tank, a vastly influential think tank.
- The club of Rome was saying, "Look we have a global crisis and the global crisis is overpopulation. Read what Paul Ehrlich said in the *"Population Bomb."* We're in trouble what are we going to do?" So they said, "Rather than doing what academics normally do and just producing a paper that's full of theories and suggestions, let's actually create an executive committee that acts on their recommendations of the think tank. We need to create the problem: Overpopulation."

- Klaus Schwab, a German engineer, founded what he called at the time the World Forum. He would eventually change the name to the World Economic Forum. The World Economic Forum was created with the intention that it would act upon the think tank's (the Club of Rome's) recommendations.
- You have to think about this just a little bit how arrogant must you be to think that it is your job to act on behalf of the whole of humanity without being elected to so much as dog catcher! These are not elected individuals. At the time of its founding, the World Economic Forum wasn't particularly influential. Now it is.
- This year's World Economic Forum there were more than 50 heads of state, 115 billionaires and more than 600 CEOs of major corporations. Major multi-billion dollar corporations that are involved in this. And then there are peons like me who attended which are another 2700 individuals. And so I decided I needed to be there. I wanted to mingle among the 2700 others. I wanted to see what those people are about.
- Dennis Meadows (American scientist and Club of Rome member) is here saying, "Yeah, we need to reduce the global population by billions, but hey I really hope this can be done in a civil way, in a peaceful way." It's astonishing the way these people talk about peace. It doesn't mean that everybody's happy, but it means that conflict isn't solved through violence and through force but rather in other ways.
- Dennis Meadows comes off as just your regular normal guy who lives next door and who you discover wants to rid the planet of seven billion people. Here's a guy who says, "Gosh I sure hope that we can do it in a sustainable way." And then you hear the absolute contempt for democracy, for the will of the people. This is the way these people think. They do not believe that you deserve a voice in this.
- We have Marxist regimes in South America that are destroying economies. We have seen Brazil fall to Marxists via dubious means Venezuela fell to Marxists, Peru has fallen to Marxists, Chile has fallen to Marxists. Stuningly the most stable democracy in South America has fallen to Marxists and Honduras, all of those countries have fallen. Colombia is another one that has also fallen to Marxists, and they're destroying economies and those people are fleeing to the USA. Do you know what CNN said the reason was for these millions of people crossing our southern border? CNN said it was due to climate change! Complete nonsense! This has nothing to do with climate change. It has everything to do with the very policies that these people (the WEF elite) are trying to import into the United States.
- World Economic Forum agenda is fundamentally anti-human. It is anti-Christian. It is atheistic to its core.

Babylon the Mother Church – By Henry

Did not Rome Christian became a harlot? Did not Papal Rome ally herself with the kings of the earth? Did it not glorify itself to be as a queen, and call itself the Mistress of the World?

The 50 Most Dangerous Cities in the World: Mainly Roman Catholic

Crime scene in Philadelphia, one of the most Catholic cities in the USA. Philadelphia consistently ranks above the national average in terms of crime, especially violent offenses.

As you can see from the list below, 41 (82%) of the 50 most dangerous cities in the world are in Roman Catholic Latin America areas. The 5 American cities in the list all have a heavy Roman Catholic influence. New Orleans, St. Louis and Baltimore were founded by Roman Catholics. So if you add the 5 American cities to the 41 Latin American areas, it results in 92% of the most violent cities in the world under Roman Catholic influence.

And why are these cities so violent? They are all economically depressed. Consider the fact that Roman Catholic nations tend to be poor whereas Protestant nations have prospered economically. Protestant Northern Europe is definitely better off than Southern Europe which has a stronger Roman Catholic influence.

Of all the Roman Catholic countries I know of, only Poland is doing well economically. The reason I think is because Poles are hard-working people. All of my grandparents were born in Poland! I had the opportunity to visit Poland for 3 weeks, and I loved it. It's a clean and beautiful country and its infrastructure was much better than Russia at the time (1997) in spite of the fact it was dominated by Soviet Communism from 1945 to 1989.

The United States of America was strongest economically when Protestantism was strongest. Can you see the relationship? Since a flood of Roman Catholic immigrants from Ireland, Poland and Latin America, Roman Catholic influence in the American government is stronger, and the economy is weaker!

Is the Roman Catholic church secretly controlling American politics? If you don't think so, explain why President Obama wants to change the immigration laws to give citizenship to illegal Mexican immigrants. They are mostly Roman Catholics! The more Catholics in America, the more the Roman Catholic Church gets to influence the vote!
