

1	It's a very good experience to find yourself being told 'you're not quite there yet' on 680. So you	1
2	keep on going and you end up in San Hosea. Then you turn around and rush back, but somehow the	2
3	Lord got us here and everything that could have been thrown against us in the road, car trouble and	3
4	everything else, (was) so we are very grateful to be here. I kept saying over and over as I were going	4
5	down the road that this had to be something tonight, some type of fantastic meeting because usually	5
6	when we are this well fought getting to a place something's going to take place, so I came in	6
7	expecting something. I'm sure you were expecting to leave as late as it is but if you must go, as they	7
8	said go ahead otherwise bear with me I'll try not to keep you too long. The only complaint that my	8
9	pastor has against me is that I'm long winded and that the only complaint another pastor had last	9
10	Sunday night was that I wasn't long winded enough, he wanted to go till 11. I promise not to keep	10
11	you that late but anyway. I don't fool around, so I'll just start right out. I can only make you one	11
12	promise that what I've got to say is the truth. It won't seem that way to some of you, it will just seem	12
13	that I'm either crazy or I'm the biggest liar and storyteller in the world. That's what our televisions	13
14	have done to us. They've gotten us to a frame of mind that we do not realise the real world around	14
15	us. When I talk in many youth rallies (and) many of their Christian schools I start right out by tearing	15
16	their television and rock idols down by personal experiences that I've had with them in the occult	16
17	world and then and from there we try to build them up with real heroes, the number one being Jesus	17
18	Christ. But I come from a family where I grew up having my own heroes my number one hero was	18
19	my great, great, somewhere way back there, grandfather named Francis Collins. Francis Collins	19
20	owned the first ship that the puritans landed in here. It just so happened that 50% of the people on	20
21	board were also witchcraft people fleeing from Scotland. They were called the Collins'. They were all	21
22	his family and that's how witchcraft came to the United States. So when I grew up I was being trained	22
23	how great my family was that it was the second most important family in the iluminati and the occult	23
24	world and that someday I'd be very important and so on. So I had my own heroes and television	24
25	didn't help much. The reason I'm so down on television is that I grew up around the television world	25
26	on the insides of it. When I was just a teenager Hollywood paid for my way up to California so that I	26
27	could bring a couple of dairies that belonged to my family that I had inherited by will as the last male	27
28	hero of the Collins family. If you wonder why (what's) with Todd's? The Collins family changed their	28
29	name about 100 years ago to 'Todd', to cover up some of the things they had done. But I'm sure	29
30	some of you will remember the show Dark Shadows? That was the show that paid for me to come to	30
31	Hollywood to bring the dairies as many of the scripts were taken from actual instances in the dairies	31
32	and for instance Barnibus Collins was based upon a man named Frances William Collins a	32
33	revolutionary war hero. When I was growing up in the occult world we were always taught that we	33
34	had been somebody else before. It wasn't good enough that we were the person we are now we	34
35	always had to be a dozen people that we were before. We had to deal with this life and all the ones	35
36	we had had before and all the ones we were going to have in the future and I was suppose to have	36
37	been France William Collins. They said that's who they based Barnibus on, so I wasn't exactly the	37
38	nicest guy in the world. I grew up this way. When I was thirteen I was taken into the outer court to be	38
39	trained as a priest in witchcraft that would have been like your pastor who just stepped off or better	39
40	yet like your youth director or something. When I was eighteen I was initiated a high priest, that	40
41	would have made me the Pastor. The same time I became draft exempt. I did not have to go into	41
42	(military) service but a bunch of us smart allick, young I have to correct the pastor not Warlocks but	42
43	Wizards and Witches, went into the army because we felt the army really needed witchcraft, it just	43
44	couldn't get along without us and since the army didn't think they needed any chaplains that were	44

51	quote, you go right on ahead. Right now the Mansons, one of the Mansons family girls on	51
52	trial...She said the number one thing the occult world used to brainwash them was Beetle	52
53	music and rock music. If you want to leave it in your home, (I don't want to go into detail	53
54	why you can't) but you want to leave it in your house and all the demons it attracts, fine.	54
55	If you want your kids to buffalo you that's alright but I recommend you go home today, get a	55
56	cardboard box, just break the records and burn those covers and get it out of your home and	56
57	you would be surprised at how fast your kids come around after they've finished throwing	57
58	their two year old tantrum. But I wish I had the time, more on rock music but believe me it is	58
59	the worse carefully planned out (deed done) in the occult world. We spent eight million	59
60	dollars to produced Jesus rock music and pay the man who started it, his name was Chuck	60
61	Smith. Just because Christians were destroying rock music and we were afraid that it would	61
62	be banned by the Christian church. So we carefully put it in the form of Christian rock music.	62
63	So if they spent eight million dollars to keep rock music in your hands, the hardcore rock	63
64	must be even worse and it is...Pastor interrupts here briefly...I was the manager of Zodiac	64
65	Productions, which Zodiac Productions name has been changed since then, I'm not even sure	65
66	what they call it now, but it is the largest music conglomerate in the world. It owns RCA	66
67	records Columbia, Motown records it owns almost all the concert booking agencies in the	67
68	Unites States and that's not even the name of the company that owns it. The name of the	68
69	company that owns it is Bruner? Enterprises, and Bruner Enterprises is owned by Chase	69
70	Manhattan and Chase Manhattan is owned by Standard Oil, and Standard Oil is owned by	70
71	Lords of London. You can track it all back, you kind of get the idea after a while. I was the	71
72	managing president of Zodiac Productions it was one of my jobs being one of these thirteen	72
73	people. Thus I got to know many of the people who produce music and sing and play the	73
74	music you play. Recently one of the top people in rock music from the group.. Err can't think	74
75	of the name of the group now*, ...one of the top rock groups still in existence, (been around	75
76	for a long time) were just saved. And he told how when they played in their concerts they	76
77	would control through witchcraft spells in their mind people to do different things in the	77
78	audience and they would work the audience up, not with music but with their mind and music	78
79	combination. Now one of my closest friends that I got during this time that I tamed? A man	79
80	named David Crosby, Crosby is still National young? I saw David the day before Christmas	80
81	last year talked with him. I got him away from this witch that he had with him, he told her to	81
82	go shopping and we were in West Hollywood and I were witnessing around to people who I	82
83	knew and we went off to this store and started talking. I said "David I'd like to ask you a	83
84	couple of questions, now I already know the answers but I've been gone for a five years, I'd	84
85	like to know certain things are still the way they were when I left..." Now I'll explain some of	85
86	this when I'm done, you won't understand it all unless you know something about music. I	86
87	said, "Do they still take the Master to the temple room?", He said "Yeah", I said "Do they	87
88	still have the coven conjure demons into the master?", he said "Of course". I said "Now I got	88
89	you know something, what's the main reason for rock music..." "Common Lance you know	89
90	what the main reason is." I said "Please David I don't want go guess, tell me what the main	90
91	reason is?" "The same reason when you were in, so that we can place spells upon people that	91
92	we couldn't cast spells upon." I'll explain what that means in a minute, "Ok I said one last	92
93	thing, I've been hearing that you must be an initiate witch now for you to get you get a record	93
94	contract." He said, "That's right." He said "Many of us that were total witches have to be	94
95	witches now in order to produce music." (I said "Thank you"). The master is about as big as	95
96	the top of this podium. It looks like an overgrown A Track that the album is cut on and placed	96
97	in a machine that produces and presses the A track and cassettes that you buy. After it's been	97
98	recorded it's taken in. It's why the master is cut months in advance before it's released. On a	98
99	full moon it's taken into a temple room about the size of this auditorium that is in everyone of	99
100	the major music companies behind locked doors up in the executives office and placed on an	100

101	altar in the North of the room and a pentagram engraved in the floor and thirteen hand chosen	101
102	witches and wizards in a coven come in and conjure a principality or a power up, usually	102
103	Reger or something like that and order him to tell the demons under him to follow every	103
104	record and every tape coming off that master. I tell many Christian parents you go home and	104
105	count your kids records, probably yours too, they can count how many demons at least are	105
106	there. That's hard for you to believe? I'm sorry that's why I do it. Now listen to me that's why	106
107	rock music's addictive. Have you ever seen kids that got rid of their music? They go round	107
108	like this... They can't wait to find a rock station somewhere. They sneak off just like getting a	108
109	cigarette or a fix, because it's addictive. That's why they can't give it up. The rest of the	109
110	conversation was this. You can't cast a spell on a Christian but you can get a Christian to cast	110
111	a spell on himself, if you give them permission for the spell to work, being a Christian won't	111
112	block it, and rock music is not just a song it's supernatural music that witches carefully design	112
113	by their spirit guides or familiar spirits in the form of spells. Now although in the devils	113
114	music's the power is the music and Gods is the words much of the songs are written in what	114
115	we call 'witch language'. (I'll) give you kind of an idea. Many people talk on CB (radio)	115
116	Unless you know what a 'Smokie' is, a '10/4' and...a 'front door', 'back door' and a 'rocking	116
117	chair' and those sorts of things you don't know what you are talking about, same with	117
118	witches. When you're in the first and second level, (of witchcraft) you have to learn over	118
119	2000 words that said by anyone else means something totally different, than when said by	119
120	anyone else. Elton John has said he's never written a song or sung a song, that wasn't in witch	120
121	language. Now I want to show you something, see how many kids, adults... How many	121
122	remember and heard at least several times the song called 'Hotel California'? Somebody tell	122
123	me what it meant? Quickly somebody tell me what it meant ... huh? (in response to someone	123
124	in the audience) That's pretty close, but from the words what did it mean? That's more of a	124
125	guess, (in response to someone in the audience)... You see most people can't even tell you.	125
126	That's why when most people do drugs and listen to songs in witch language they get some	126
127	of the meaning, but most of the time they can't tell you. Stop and think how many songs are	127
128	out there that you really like and you don't have any idea what the person was talking about	128
129	beyond the yellow brick road. How about the destroyer by Kiss? Can anybody tell me what	129
130	it's about? Kiss said in it... Kids show your parents,...They are talking about Helter Skelter,	130
131	the Beatles sung Helter Skelter in witch language and nobody knew what it meant, Manson	131
132	did because he belonged to the Process*. Helter Skelter is a several thousand year old word,	132
133	and they believe it's going to happen in a year from now, from this very date. Most of the	133
134	music is either about helter Skelter or a place called the 'night winds'... Which is what hotel	134
135	California is about, and different doctrines of witchcraft. You listen to them your parents	135
136	listen to them and they have no idea. Kiss openly Bragg about how they would gain control	136
137	of people through their music because the people played their music. They told how they	137
138	didn't form their own group, their church, (because they were ordained ministers of the	138
139	Satanist church) placed them together and that's how most of the music is done. David	139
140	Crosby when him and Crosby were still national young? produced the record 'Two Way	140
141	Street.' They ordered the principality of deed to order demons of rebellion to go into the	141
142	record, and everybody that heard it would be rebellious against law and order and	142
143	government. That was one of the reasons for the great upheaval in the 60's, was that one	143
144	album and they take open credit for it. I could go all night but that's mainly it. Parents get this	144
145	stuff in and destroy it now. I guarantee your kids will straighten up. They may freak out for a	145
146	while but they'll straighten up.12.25 (tape interrupts here). The pastor speaks to someone in	146
147	the congregation.12.28. Pastor asks, how many (of you do) you believe he knows what he's	147
148	talking about when he's talking about rock music..? (more interruptions from the audience	148
149	12.39. Well I sincerely believe he (knows what he's talking about there and I hope you'll	149
150	listen to him. I hope you will hear where he's coming from. 12.49 If you continue to listen to	150

151	that junk you know where you're going. We just cannot tolerate it as Christian people, in our	151
152	homes; you can stop it being played, soul whatever. We just cannot tolerate it. Q Asked by	152
153	the Pastor. You mentioned a time or too the illuminati. Can you just in a few words	153
154	summaries what you understand the illuminati is? (Jonnie). Ok many people call it the 'great	154
155	conspiracy', which it's...it is kind of true, but actually the illuminati is about 1000	155
156	conspiracy's all running at one time, therefore there's a lot of backfire. It was formed about a	156
157	hundred years before its original birthday. Its birthday is May 1st 1776. Witches always start	157
158	everything on, May 1st. That's why even the communist birthday is on May 1st. That's their	158
159	New Years day, but it means the holders of the light or the light bearers. Now witches have	159
160	another name for it too, since it is the death penalty to use the name illuminati. You must say	160
161	'Mariah'. Which means the conquering destroying wind, but its belief is that lucifer is god	161
162	and that everything else is apostasy. And that lucifer can bring peace to the world by his	162
163	lifters or upholders of the conspiracy and (that) they are going to conspire and conspire and	163
164	conspire (un)till they have a world government. I sometimes wonder how they can be so	164
165	dumb, except they are doing exactly what is going to lead to their destruction but that's how	165
166	the devil wins. He does everything in darkness but that's the illuminati...but it's a world	166
167	conspiracy...I might add an extremely powerful one. The occult is its religion. Now many of	167
168	you are doctors, lawyers, mechanics, construction workers, businessmen whatever. Most of	168
169	you are Christians and pastor, but he's your minister, or at least he is for this church. In the	169
170	illuminati they all have jobs, but the witches are the ministers but they are all lucifarians. The	170
171	witches, the ministers and they're the church members. And the religion is lucifarian. Now	171
172	the real illuminati, the organization itself, is financially powerful and politically motivated.	172
173	Through their finance they have an old witches room which is kind of a saying, a poem. Let	173
174	the kings be kings, the bankers be bankers and the priests be priests. Translated it simply	174
175	means that it doesn't matter who rules as long as the bankers have the money, they'll own the	175
176	person who rules and the priests will run the bankers. That's the illuminati. 15.16 Tape	176
177	interrupts, the Pastor asks about a Chick Publications book and when it's to be released 15.22.	177
178	(Jonnie). It's called 'Riot Revolution' by Tom Berry...the pastor, Bob Dylan? Both? Doctors	178
179	of Divinity and it takes the plan of the illuminati for Helter Skelter for gaining control of the	179
180	world. It takes some of my testimony to justify it and then gives an answer to the Christians.	180
181	What to do during Helter Skelter...Pastor speaks again. So where did this material come from	181
182	and how did you get it? (Back to Jonnie). Some of it came from me and some of it came from	182
183	another minister named Joe Boyd. Some of it came from Jack Howe. Also he (Jack) had	183
184	about twenty pages of notes when I met him, which he said he'd gained from going via 2000	184
185	books and they were on the illuminati and the bilderbergers. Q Gets asked from the audience	185
186	which is unheard, (something about the difference between Satanists and Lucifarians. John	186
187	answers...satan worshippers believe in satan. Witches, the lower three levels believe in gods	187
188	or the god self and ESP and so on. They believe in plural gods like the mother god of Isis and	188
189	so on. Or the higher levels are lucifarians which believe in one god and the minor gods being	189
190	in the Rothschild's. Ok that's the difference. Q Gets asked by the pastor. You mean the	190
191	average witch is not taught that there is such a being as lucifer or the devil ? (Jonnie) Oh no.	191
192	Well for one if you believe in lucifer you don't believe in the devil... No they believe in the	192
193	mother goddess which is called by many names as the poem about her goes... 'Dianna, Ices,	193
194	Ashera...' (which was the female side of Baal), and they believe...actually in Baal worship	194
195	there was a male/female god. Ashera, then the Orange Hunter of the Night is the way he's	195
196	portrayed in all countries, which is more or less the underworld god the devil or whatever.	196
197	16.56 Question asked. What is the difference between soul music and rock music? (Jonnie)	197
198	There's no difference. Pastor interrupts. What was the question? (Jonnie) The difference	198
199	between rock music and soul music. Another question asked from somebody (at the back),	199
200	something about the name of the illuminati. Then back to Jonnie. They didn't come up with	200

201	it, that was about a hurricane that somebody named Mariah. Another question asked,	201
202	something about the satanist church. In the Satanist church satan and Jesus are the same	202
203	person...No That's the teaching. In the satanist church, Christ, Jesus Christ and satan are the	203
204	same person that's the satanist belief, and the lucifarians, they believe that Jesus Christ is the	204
205	god of evil. Like we (Christians) would feel about the devil, they feel about Jesus and lucifer,	205
206	they feel toward him like we feel towards Jesus. That's what they teach. Somebody in the	206
207	audience interrupts again. A question from the crowd, something about Jonnies conversion.	207
208	Jonnie continues. A pastor didn't lead me, a Christian worker lead me to the Lord. The	208
209	person that helped rehabilitate me was Jack Taylor but he wasn't around that much he was the	209
210	pastor. He was running around the country speaking. It was actually his music director and	210
211	the youth director Anne (Rowings). The music director was Martin Granger. I think it was	211
212	Malcolm, him and his wife, (who) worked with me and the youth director worked with me	212
213	quite a bit, but I don't envy him. I sit back now and I have to kind of block my mind out at	213
214	how bad I was. Watching all these kids go through rehabilitation. Man that was no easy job.	214
215	They had me on my knees a lot I'll tell you...Tape interrupts (18:34). Q asked about Black	215
216	Sabbath. Black Sabbath group or a Black Sabbath? (Jonnie asks someone) ... Well a black	216
217	sabbath is a witches Sabbath. It comes along eight times a year, 'Bell Pain'? Get the first part,	217
218	bell pain is their new years day, it was made first. Halloween is Shahem. That was also one of	218
219	theirs. There's eight of them and they come around one a year and it's more or less their big	219
220	party day. (One of) their super days? And if they are into human sacrifice, they also do	220
221	human sacrifice at that time but its beige? time to have an orgy and a big drug party and this	221
222	type of thing because everyone is wiped out.. That's the witches sabbath. Tape interrupts.	222
223	(somebody again asks about the Satanist church. (Back to Jonnie) That's the satanist church,	223
224	but (right now in the) witchcraft church is a very powerful witch. (He) has a song out now	224
225	called 'The force', his name is Tom. C. Hall. I just heard a very sick song recently, let	225
226	nobody let me hear it? By Tommy I'ennett? It was talking about Jesus Christ appearing on a	226
227	midnight special...Saturday night something. Anyway I'm afraid if he appeared on that rock	227
228	show he'd probably bring the cat of nine tails along with him, but there are...some of the	228
229	music.. If it wasn't for witchcraft being behind rock music, I'd hate country the most, because	229
230	I don't know how Christians can listen to it when it's talking about adultery, fornication,	230
231	getting drunk, cutting people up, running around with everyone's wife, things like this, and	231
232	it's all I ever hear on it. Tape interrupts again 20.00, (something about human sacrifice)...Well	232
233	that's what they were referring too...Yeah they did... No I'm not going to tell you ok?	233
234	(Probably somebody was wanting to know who Jonnie had to kill as part of his initiation rite)	234
235	Tape interrupts again 20.15 (Someone asks again about human sacrifice). Jonnie answers.	235
236	The occasion was on a Sabbath. That particular Sabbath happened to be Feb the 2 <sup>nd</sup> , Candle	236
237	Mane? Someone asks another question about the human sacrifice Jonnie was involved in.	237
238	Well it does, that particular one was done because of an initiation ceremony that was being	238
239	done at mine, but most of the occult just practice it eight times a year it they are in the blood	239
240	sacrifice. See the lower witches believe that the power of witchcraft comes from orgies and	240
241	sex*. The higher witches believe it's attained by human blood 20:49. (Tape interrupts again.)	241
242	The revolution they have planned within the United States. Most people will feel that, that	242
243	will never happen in the United States. They are lying to themselves. It will happen and it's	243
244	not very far off, (and) well by 1980 they'll be...You see Helter Skelter is only in its youth..	244
245	The excuse is to be able to be to declare martial law, that's the whole reason for it. They've	245
246	promised the one side they'll be able to gain control of the Unites States through revolution,	246
247	when the whole time they are just setting them up to be able to declare martial law within the	247
248	constitution. By 1980 they plan on being under martial law. Now I'm not saying. Don't all of	248
249	you start lynching me at the same time... I didn't say it was going to happen. I'm saying this	249
250	is their plan ok? I'll leave it up to your own pray life and watching the newspapers as to	250

251	whether it's going to happen or not. Q Asked something about there being many doors to	251
252	salvation. (Jonnie)...Just like in other cults...You see Jesus Christ requires just one way, only	252
253	one way. The devil will use any way to keep your eyes off that one way... he uses the same	253
254	tactics to wherever it branches to. Tape interrupts. Unheard question, some cult question	254
255	perhaps...I have no idea. He came out after I got out. I have no idea, they were backing	255
256	groups like him before the Christeners and so on. I can't see much difference between them	256
257	and those too groups. So they'll probably back him too. Question asked (TC: 22:05) about the	257
258	council of foreign relations. The council of foreign relations (you mean?)... and the inner	258
259	brainchild that runs it is called the trilateral commission. (TC: 22:15.) Question asked	259
260	something about how many demonic principalities there are. Yeah there seven principalities,	260
261	about two hundred powers, and then perhaps getting down into lower people (demons) we	261
262	never pay attention too, the lower spirits. Subject changes again (TC: 22:25). (Somenody	262
263	must have asked about a 'contact', (i.e. a 'shoot out') Just recently about three weeks ago in	263
264	April , the day before Jack Howe came to our church to speak and the day after he left, both	264
265	times I came walking out of the church at Faith Baptist. One time I got in the car started to	265
266	drive and I pulled up in the parking lot and about thirty people were standing around and a	266
267	passing car opened up on us with a gun and then (that was Sunday night) and Wednesday	267
268	night of the week I was walking out into the parking lot prior to the church letting out with a	268
269	couple of brothers and when we dug the bullets out of where they had fired they had fire	269
270	twice at us with 44 calibers, 44 magnums. They don't play around and the range was so close	270
271	it was from the back of that wall to here...You know that the Lord was in it, it really makes	271
272	you appreciate his divine protection let me tell you. Tape interrupts for a question (TC:	272
273	23:19). (Something about the illuminati chart plan to take over the world). That world take	273
274	over plan ended with World War III. But one of the teachings is that when lucifer sets up his	274
275	kingdom that through WWII that most of the civilized world as it exists now will be in	275
276	rubble and one protected capital that they have purposely kept all missiles away from, (from	276
277	both sides), is Jerusalem. They plan on using Jerusalem and setting up from there. You see	277
278	they believe that Adams original home, the Garden of Eden rests where Jerusalem is. So their	278
279	goner rule from there. Tape interrupts for a question. (Something about which church Jonnie	279
280	attends). The church I attend and am a member of is State Baptist...(in something park),	280
281	Doctor Raff Museham? The work where it's at... the house (retreat centre) has got to remain	281
282	a sound, (secret). All of our church (look?) around People trying to find out where it's at, but	282
283	it's like the unspeakable secret. Everyone knows but nobody says	283
284	Q. Asked (TC:24.20). Something about Manson, (Charles). He was a member of the Process	284
285	Church of the Final Judgment which is in California. It's called the Universal Church	285
286	Triumph Summit International. They always like big names. Pastor interrupts to let a member	286
287	of the congregation ask a question, Jonnie answers. Not anymore (something about Jonnies	287
288	family). I try to keep out it communication as much as possible with them. My foster mother	288
289	has a huge contract on my life and my brother is trying to collect it. So I'll try to stay away	289
290	from him. Pastor interrupts and speaks to Randy, (guy in the audience) again...You cannot	290
291	communicate with them, (dead relatives). You communicate with demons, they imitate them	291
292	(a person's dead relatives). They cannot speak to you. Pastor takes another question. Jonnie	292
293	this time answers. Something about an occult date. You mean Canonic? Sabbath last year?	293
294	From May the 1rst, to May 1rst, probably five hundred or so and that only guess I'm probably	294
295	way under.Pastor interrupts again...(Dwaine?) Has one of his books, Chick Publications I	295
296	believe it is, (it's) made up like a comic book it tells you ...Jonnie speaks to someone...The	296
297	Broken Cross? That's the one I wrote.Pastor again... This is the one that tells you one of their	297
298	main methods of how they get victims to offer up in blood sacrifice. Pastor then interrupts	298
299	saying the talk should be over. Jonnie then says there is a minute or so left on the tape and	299
300	talks to someone in the crowd (TC:25:28). You heard of a Christian school...What one?..That	300

301	C. S Lewis was a Christian right? First of all what I'm about to tell you has been	301
302	investigated) Christians accelerated schools, has (what I'm about to tell you) investigated	302
303	what I said, Christian Accelerated Education because of it are now ordering all their schools	303
304	to ban Lewis's work. They checked into it very carefully. My pastor has been hit very hard	304
305	with this (he found) everything I said to be true. When a witch is ready to be initiated she	305
306	must not just read but study the complete works of C.S Lewis, the fictional works. Lewis has	306
307	said that the way to god is like a hallway with many doors... They all lead to him. Now the	307
308	fictional works of Lewis are very real to witches, they are not fictional they are a history to	308
309	witches they really believe them. They believe they are guidelines... Now Lewis was a	309
310	member of the Golden Dawn, now that's been proven along with a fellow brother of the same	310
311	coven named Tolkien, who wrote the hobbit. They were in at the same time. Now the golden	311
312	dawn is a private church, that the Rothschild's must pick every member of, (from) that	312
313	church personally. It's in London. It's the oldest coven in the world. Ok that's Lewis. Whether	313
314	he says he's a Christian or not that doesn't mean anything, that's why Christians are making	314
315	their terrible mistake. (TC: 26:41). Pastor interrupts again and asks Jonnie regarding C.S	315
316	Lewis. Could it be that he was like that then but like (someone said) got converted; he is no	316
317	longer that..? Jonnie answers. (TC: 26:47). He would have had to tell us, but Lewis name was	317
318	on the golden Dawn and was on record right up until the time till I got out. I mean there's no	318
319	betrayal there he never did leave them. I want to say something real quick that will answer	319
320	this. Many people are supposed to be getting saved from the Mason family and other things.	320
321	Let me tell you something real quick so they'll be no misunderstanding. You come out of the	321
322	occult, you come out of the masons, you come out of anything in the illuminati, there's one	322
323	distinct thing... Anything where's there's a vow of secrecy. That vow of secrecy must be	323
324	broken not in part, complete. When somebody breaks their complete vow of secrecy their out	324
325	but until they do there not. (TC:27:22)	325
326	(Pastor shows something or refers to something and then Jonnie comments on whatever they	326
327	were referring to) and says. This is it, that's right... Pastor interjects.. Double lot... (Then	327
328	Jonnie)... Witches language that's exactly right... (TC:27:32). Another question asked (which	328
329	the pastor repeats). How do Masons relate to all this? Listen closely (all you masons). Jonnie	329
330	then speaks. The council of the 13 is the highest council in the illuminati; the council right	330
331	below it is the council of the 33. That's called the 'Grand Masters.' They are the 33 highest	331
332	masons in the world. To be a member of the council of the 33 you must take a human life in a	332
333	ceremony to prove your worthiness. We have in our hands a copy and chick publications is	333
334	releasing it in their new publication 'Angel of Light'. Copies of a 32nd and 33rd level book	334
335	which proclaimed Jesus Christ the god of brutality and sin and evil and lucifer the god of love	335
336	beauty and peace (TC:25:16) and the true god. Yeah a little shocking Huh? Different from the	336
337	way I used to train? But don't be mad at the lower masons it also says in the book that the	337
338	lower masons are sheep to be sheered. Now many masons are getting saved through the	338
339	masons message lower and higher because they recognize, when I (had my) initiation to	339
340	become a witch, my vow of secrecy is the same as there's all the way through. The same no	340
341	different. Now masons were started by the illuminati it's all via our history that they are tied	341
342	with the illuminati. They are rights are witchcraft rights, when witchcraft had to go	342
343	underground. You see we had people come in and tear up their membership cards to get right	343
344	with the Lord. Many people don't know that Charles Finny was a mason and when he got	344
345	saved he said that 'I can't be a mason and a Christian it's impossible because the vows I must	345
346	take are non Christian vows'.	346
347	People (who) are getting saved right left (and center), they have one thing to say. Wdfrthen	347
348	they leave the masons, the reason they didn't leave before is because they were afraid of what	348
349	the masons would do to them. Now if it is a good group why are people afraid to leave it?	349
